

Dear Schaumburg Family,

SHS would like to partner with your student as we prepare for the April 9<sup>th</sup>, 2019 SAT college entrance exam. We are looking for students who, with encouragement from their family, will commit to attending a free SAT Test Preparation class.

The class will include 16 one hour sessions, that will cover:

- All four SAT Test sections: Reading Test, Writing and Language Test, No Calculator Math Test, and Calculator Math Test
- Test Taking Strategies
- Test Familiarity
- Practice Testing Passages
- Content Specific Instruction
- Analysis of individual strengths and weaknesses

The class will meet on Tuesdays and Wednesdays after school from 3p.m. to 4 p.m. in room 162. Students will have access to the late bus on these days. Classes will be held in October and November on the dates listed in the table below.

While sign-up is free and voluntary, our expectation is that students who enroll are motivated and committed to attending all 16 sessions. Pre-arranged absences due to exceptional circumstances should be communicated to the class instructors.

Questions about the program can be directed to Mr. Jason Campbell ([jcampbell@d211.org](mailto:jcampbell@d211.org)) or Mr. John Noah ([jnoah@d211.org](mailto:jnoah@d211.org)).

**Please use this link to register as soon as possible: <https://goo.gl/forms/v7bVSqZYSyzStHcv1>  
Registration will remain open through the first week of the class (Friday, October 5th, 2018)**
