Board Member:

RE: STUDENT ACCIDENT INSURANCE FOR 2025-2026

As a service to parents who wish to supplement their medical insurance coverage, District 211 provides access to student accident insurance. Under the terms of the student insurance program, parents and students are given the option to purchase accident insurance at a reasonable cost. District 211 makes the information available to parents through mailings and our District website, but the District is not involved in administering the program.

Zevitz-Redfield & Associates, Incorporated markets student accident insurance for Gerber Insurance Company. The proposed program provides insurance protection and benefit options for students. Zevitz-Redfield & Associates, Incorporated has provided student accident insurance for District 211 for the past twenty-four years. As noted below, the proposed rates for the 2025-2026 school year remain the same amount as the rates for the 2024-2025 school year.

	<u>Proposed</u> <u>2025-2026</u>	<u>Current</u> <u>2024-2025</u>
Basic Schooltime:	\$40.00	\$40.00
24-Hour Coverage:	\$125.00	\$125.00
Football Coverage:	\$95.00	\$95.00

Parents make the decision whether to participate in the student accident insurance program depending on their existing personal medical insurance coverage. For those parents electing to participate in the program, Zevitz-Redfield & Associates, Incorporated will receive premiums directly from parents. During the current school year, three students elected to participate in the student accident insurance program.

SUGGESTED MOTION:

That the Board of Education approve the distribution of student accident insurance information and forms prepared by Zevitz-Redfield & Associates, Incorporated and Gerber Insurance Company.

Lisa Small
Superintendent
