

LOCKER INFORMATION - INFORMACIÓN DE CASILLEROS

LOCKER COMBINATION - Your locker number, combination and location are available in the "More" section of your Infinite Campus portal. Example: R L R

- Spin the dial completely around to the right two times. This clears the lock. 14 28 20
- Spin the dial to the right, stopping at 14.
- Turn the dial to left, passing 14, and then stopping at 28 on the next turn.
- Turn the dial to the right and stop at 20.
- Lift the latch or pull to open the locker.

For students with "B" lockers: to open, turn lock dial right past last digit in the combination and pull open. You must go past the last digit in order for it to open.

Note: try your locker combination at the first opportunity. If it does not open, report it to the main office. To prevent theft, do not share your locker or locker combination with anyone. Do not "set" your combination to open. See the Student-Parent Handbook for other important information regarding lockers.

COMBINACIÓN DE CASILLERO – El número de casillero, la combinación y la ubicación están disponibles en la sección "More" de tu portal en Infinite Campus. Ejemplo: I D I

- Gire el dial totalmente a la derecha dos veces. Esto borra el bloqueo. 14 28 20
- Gire el dial a la derecha, parando en el 14.
- Gire el dial a la izquierda, pasando por el 14, y parando en el 28.
- Gire el dial a la derecha y deténgase en el 20.
- Tire el cerrojo o hale para abrir el casillero.

Para estudiantes con casillero "B": para abrir, gire el seguro del dial a la derecha pasando por el último número en la combinación y hale para abrir. Debe pasar el último dígito con el fin de abrirlo.

Nota: pruebe su combinación del casillero a la primera oportunidad. Si no abre, repórtelo a la oficina principal. Para prevenir robos, no comparta su casillero o la combinación con nadie. No deje puesta su combinación para abrir el casillero más tarde. Mire el Manual de Estudiantes-Padres para información adicional con respecto a los casilleros.
