Members of the Community and the Board of Education
Township High School District 211
1750 South Roselle Road, Palatine, Illinois 60067

Dear Members of the Community and the Board:

The Comprehensive Annual Financial Report (CAFR) of Township High School District 211 (the District), for the fiscal year ended June 30, 2016, is hereby submitted. Submittal of this report complies with the requirements of the Illinois School Code. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the District. We believe the data, as presented, is accurate in all material aspects and represents the financial position and results of operations of the District as shown by the disclosure of all financial activity of its various funds; and that all disclosures necessary for public understanding of the District's financial status have been incorporated within this report.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditors report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter for transmittal and should be read in conjunction with it.

The CAFR is presented in three sections: introductory, financial, and statistical. The introductory section includes this transmittal letter, the District's organizational chart, and a list of principal officers and elected officials. The financial section includes the independent auditors' report on financial statements and schedules, MD&A, and required supplementary information such as the combining and individual fund financial statements and schedules. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis.

History of the District

High school education in the Palatine-Schaumburg Township area began in 1875, with the first graduating class in 1877. Palatine High School is one of the four oldest suburban high schools and the first established northwest of Chicago. The Palatine Township High School District was formed in 1914. Its first classes were held in space rented from the elementary district on the top floor of a school on Wood Street in Palatine.

In 1928, a separate high school building for 300 students was built on a four-acre site at 150 East Wood Street in Palatine. The school opened with 125 students. Schaumburg Township was not part of a high school district, and consequently some Schaumburg students came to Palatine on a tuition basis. Between 1928 and 1950, the enrollment grew from 150 to 391 students and projections indicated dramatic growth ahead. In 1952, an addition to Palatine High School was completed, increasing the building capacity to 700 students.

In 1954, Schaumburg formed Elementary District 54 and joined Palatine Township High School District 211. After 1954, enrollments grew rapidly at all levels. A second addition was approved for Palatine High School and a second site of 40 acres was purchased at Quentin Road and

Illinois Avenue. The second school opened in 1961 and was named “William Fremd High School.” Mr. Fremd had been a member of the high school Board of Education for over 30 years and had served on school boards in the area for a consecutive period of more than 45 years. From 1961 to 1964, the District was organized as a 2-2 system with juniors and seniors at Palatine High School and freshman and sophomores at Fremd High School. This system was phased out when James B. Conant High School, the District’s third school and the first located in Schaumburg Township, opened in 1964 as a three-year school. Fremd High School converted to a three-year program in 1966. In 1967, an administration center was built on Roselle Road near Algonquin Road. It houses all District staff, Board of Education meeting room, and a storage area for school supplies.

In 1967, building additions increased capacity at Conant High School from 1,700 to 2,600 students and Palatine’s capacity from 1,000 to 1,800 students. In 1969, an addition to Fremd High School expanded its capacity from 1,600 to 2,700 students. District 211’s fourth school, Schaumburg High School, opened in September, 1970. Hoffman Estates High School, built to house an enrollment of 2,500 students, opened in 1973 as a freshman-sophomore school in Schaumburg Township.

On October 19, 1974, district residents approved a \$22 million referendum which provided funds for a sixth high school; an addition to Schaumburg High School which increased its capacity to 3,000 students; the addition of auditoriums and pools at Conant, Schaumburg, and Fremd High Schools; a pool at Hoffman Estates High School; and a District warehouse.

In 1976, the Board of Education decided that the building housing Palatine High School was unsuitable for future use as a four-year high school. Insufficient land to expand the building for future growth and the cost of needed repairs necessitated that decision. The building was closed in June, 1977. The sixth high school, located near the intersection of Rohlwing and Cunningham Roads, opened in September, 1977, and was named Palatine High School. The newest building accommodated 2,500 students.

In 1983, physical education additions were completed at Fremd and Conant High Schools, and in 1997, a physical education addition was completed at Palatine High School. Construction was completed in 2002 on an addition at Fremd High School, turning the valuable space in the school’s courtyard into new science laboratories. Construction on an addition at Palatine High School was completed in 2003, adding 24 classrooms to the northeast corner of the building to handle enrollment growth.

On April 5, 2005, District residents approved a referendum resulting in a tax increase in the Education Fund. Passage of this referendum avoided approximately \$18 million in program cuts, while assuring the District would remain on sound financial ground for many years to come.

In 2007, additions to Conant and Fremd High Schools were completed, adding new music facilities at both schools. The administration offices at Fremd High School were remodeled. At Hoffman Estates High School, the auxiliary gymnasiums were expanded. Construction included the addition of a locker room, team room, and an elevator.

In 2008, a science addition was completed at Conant High School. Academic additions that included relocation of administration offices were completed at Schaumburg and Hoffman Estates High Schools. An expanded Board of Education meeting room was completed at the Administration Center. Renovations also were completed to make the building more accessible, including installation of an elevator and a ground floor entry.

District 211 also has two therapeutic special education schools: District 211 North Campus, located in Palatine, and District 211 Higgins Education Center, located in Hoffman Estates. In March 2016, the District purchased the property that had served as the District 211 Academy-North Program since 2005. Renamed as District 211 North Campus, the building continues to serve students in the District 211 Academy-North Program and expanded program offerings to include the Alternative Learning Academy. The District 211 Higgins Education Center was opened in August 2015 and serves as the location for three, alternative and special education programs: Academy-South, New Endeavors, and the Adult Transition Program-South. Academy-South was originally founded during the 1975 school year and known as LEAP, Lifeskills Educational Alternatives Program, until changing its name to Academy-South in 2008. The Adult Transition Program-South began in 2009 and the New Endeavors Program began in August 2015.

Currently, District 211 has a combined student enrollment of approximately 11,900. Each of the District's five high schools provide a comprehensive curriculum with over 600 academic courses in all subject areas with 30 Advanced Placement courses and over 50 dual credit classes; recognized career certifications available for students including those in the automotive, nursing, construction, and early childhood education fields; over 100 clubs and extracurricular organizations; social, personal, academic, career, and college counseling services; an auditorium; dance and music practice rooms; computer reading, science and vocational laboratories; comprehensive programs of 30 interscholastic sports with facilities, including a swimming pool, gymnasiums, an athletic stadium with artificial surface, baseball, softball and soccer fields, running tracks and tennis courts; and a school cafeteria which serves hot lunch, breakfast, and snacks. The District is committed to integrating technology into the classroom curriculum using research-based instructional methods and ongoing professional development. To do so, students and staff have been have equipped with approximately 14,000 iPads and 6,000 computers.

The District 211 governing body consists of a seven-member Board of Education elected from within the District's boundaries for four-year overlapping terms. The Superintendent and staff administer day-to-day operations. Based on the legislative authority in the Illinois School Code, the Board of Education has the power to sue and be sued in all courts; to levy and collect taxes and to issue bonds; and to contract for appointed administrators, teachers, and other personnel as well as for goods and services.

Recap of Academic Initiatives

The Mission of Township High School District 211 is to serve the educational needs of the community by developing and implementing quality programs which challenge students to achieve their potential to become contributing, informed citizens capable of meeting the demands of a changing world.

The academic goals in Township High School District 211 are based on accelerating academic achievement for all students. Accelerating academic achievement for all students is based on the five-year District academic goals that have begun in 2012-2013: 1) Students will demonstrate academic growth in high school; 2) Students will demonstrate attainment of knowledge and skills defined within local, state, and national high school standards; 3) Students will demonstrate on-time graduation from high school; and 4) Students will demonstrate college and career readiness while in high school. Monitoring of multiple measure indicators provides important guidance to review progress during the current school year (2015-2016), and to identify target areas for continued improvement during the upcoming school year.

The District's goals reflect significant changes in the Illinois State Board of Education (ISBE) accountability system from a single measurement of adequate yearly progress to a multiple measures accountability system consisting of four main categories: outcomes, achievement, progress and context. The outcome category specifically addresses the high school graduation rate. The achievement category focuses on the percentage of students meeting standards based on the Critical Learning Standards which are aligned with the Illinois state standards. This category also includes ACT and PARCC scores. The student progress category includes growth on the ACCESS assessment for English language learners. The context category focuses on increasing the percentage of students enrolled in accelerated and dual credit courses.

A balanced and multiple measures accountability system provides the catalyst for student learning and for reflective instructional practices. Multiple measures assist teachers in recognizing student performance variations in order to develop instructional strategies to increase student achievement for student success. Along with defining goals and measurements, a continuous focus on effort toward achieving the goals serves as a guide for teachers indicating what should be emphasized instructionally and defining how to gauge student academic success.

The Academic Goals approved by the Board of Education included baseline data as well as a five-year trajectory of yearly target levels of performance for each of various indicators. School improvement efforts examine and review the evidence of student achievement through data collection and analysis to make informed decisions on programs and interventions to assist and support students.

In working to achieve the District goals of individual student improvement, our teachers are actively engaged in collaborative professional learning teams to conduct purposeful analysis of student performance data. The teams meet to review student academic achievement, best practices, curriculum and progress towards meeting District goals. The teams use formative assessment results to guide instructional practice and foster continuous improvement for both students and educators. The professional learning teams focus on the following three questions:

1. What do we want students to know?
 - Rigorous standards-based curriculum defined as critical learning standards (CLS).
2. How do we know if they know it?
 - Through the use of consistent formative assessment and summative evaluation practices, classroom-based activities and assessment, and district/state assessments.
3. What do we do if they do not know it?

- Provide multiple opportunities for student learning and demonstration of knowledge along with specific and timely academic interventions.

Professional learning teams in each school develop, implement, and assess the critical learning standards in their respective content areas. Critical learning standards define District 211's expectations for what every student should know and be able to do before graduation, regardless of program of study. These core standards are common to all schools in District 211 and both reflect and exceed expectations of the State of Illinois for academic standards in core areas. The development of critical learning standards reaffirms a commitment to developing a pyramid of interventions for any child who does not initially succeed in demonstrating success in any given standard.

Throughout the year, instructional strategies and interventions documented in School Improvement Plans were evaluated continuously for evidence of impact on students to meet proficiency on the critical learning standards. The evaluation will be accomplished through the use of local, state, and national assessments (such as ACT). Research has confirmed that focused assessment is necessary to modify instruction in a meaningful and timely fashion for students who are not successfully mastering course content. Action plans included in the School Improvement Plan detail specific instructional changes each department is implementing to develop and adopt best educational practices to meet District 211's academic goals of individual student academic performance.

During the 2015-2016 school year, the following summary highlights additional actions and accomplishments in the areas of curriculum, technology, and finance/budget:

Curriculum: The curriculum development process in High School District 211 has had a long history of teacher/administration involvement. The Board of Education and administration have encouraged grass roots development of courses and programs shaped within the framework of educational goals and graduation requirements as set by the Board. This is based on the strategy that teachers and principals provide the primary impetus of curriculum development within the District. This approach has been helpful in keeping the District's curriculum dynamic in its scope and sequence.

- The Board approved continuation of late start proposals for all five high schools in order to focus on plans to increase student achievement. The Board of Education has provided schools with opportunities to hold morning work sessions (late start school days for students) on multiple dates throughout the past seven school years. District 211 faculty and staff have used this time provided to develop and maintain professional learning teams focused on learning from each other to identify strategies and improve teaching techniques that produce higher student academic achievement. Teachers have embraced the professional responsibility of focusing on learning, rather than concentrating on teaching the prescribed content, as the foundation of the professional learning teams. On a regular basis, these teams of educators meet to review curriculum, best practices, student academic achievement, and progress toward achieving the District goals. Professional learning teams use formative assessments results and student data to guide instructional practice and foster continuous improvement both for students and educators. Assessment results measure student progress and identify strengths and weaknesses in student academic performance.

- The Board accepted curriculum committee reports, textbooks and software recommendations.
- The Board supported the offering of several in-district courses for using technology in the classroom and other tools for enhancing instruction for teachers.
- The Board approved the partnership with Equal Opportunity Schools to assist with increasing student diversity in advanced placement courses.

Technology:

- The Board authorized the purchase of iPads for the one-to-one program for students for the 2016-2017 school year.
- The Board awarded business for computer, network, audio-visual equipment, software and supplies to several vendors.

Finance/Budget:

- The Board conducted a public hearing and adopted the 2015-2016 budget.
- The Board held a public hearing and adopted the 2015 tax levy.
- The Board approved resolutions authorizing intervention in proceedings before the state property tax appeal board which seek assessed valuation reductions in excess of \$100,000 for property tax years 2010, 2013, 2014, and 2015.
- The Board approved continuation of the health insurance plan structure for union and non-union employees and retirees effective January 1, 2016. Health insurance options and incentives for active employees include six plan choices in addition to a cash-out option.
- The Board adopted a resolution to partially abate and transfer monies from the Working Cash Fund to the Debt Service Fund for approved debt service abatement.
- The District completed planned life-safety improvement projects.
- The Board continued full implementation of the one-to-one program and purchased 650 iPads for the start of the 2016-2017 school year. The District has three additional outstanding leases with a total of 13,000 iPads at a cost of approximately \$2 million annually.
- The Board received a report on post-bond issuance compliance.
- The Board approved student user fees for instruction, transportation, Driver Education Behind-the-Wheel, student parking, and school meals.
- The Board approved auditing services for fiscal years 2016, 2017, and 2018.
- The Board received a report on the 2016-2017 budget development sequence and approved tentative budgets for the Debt Service, Capital Projects, and Fire Prevention Life Safety Funds.
- The Board approved an actuarial assessment conducted through the Illinois Municipal Retirement Fund regarding advance payments toward the District's Unfunded Accrued Actuarial Liability.

Economic Condition and Outlook

The economic outlook for the District 211 communities remains stable. Despite decreases in property values, the financial, commercial, and industrial businesses represent a broad diversity in the area, and have withstood difficulties in any one area. Long-term planning by all of the District communities, reflect continued efforts to foster community development into the future.

Commercial businesses in the Greater Woodfield Area of Schaumburg continue to report strong sales growth and stability.

Historical and Projected Student Enrollment

The District total enrollment has decreased minimally each year since the 2004-2005 school year and projected enrollment trends indicate further decreases of less than 1% per year for the next several years. Within the next five years, enrollment trends are projected to level out and begin to increase slightly into the future. Enrollment projections are based on data from the elementary Districts that feed into District High Schools and historical trends. Plans for future housing developments could alter these projections. The District completes an annual review of student courses and staffing needs based upon actual enrollment figures and adjusts its needs accordingly.

Long-Term Financial Planning

The District's financial projections point toward financial stability with revenue exceeding expenditures over the next five-year period. Though the District anticipates continued financial stability, it has committed to identifying and implementing a series of budget reductions for increased operational efficiency. Through the implementation of these budget reductions, the District anticipates continued overall financial stability, but will continue to monitor several key areas of concern and their probable adverse impact on operations. Key areas of concern include property tax refunds, state legislation regarding a property tax freeze, pension reform and state funding, collective bargaining agreement, slow CPI rates limiting revenue through the Property Tax Extension Limitation Law (Tax Cap Law), growing special education program needs, increasing and changing health care costs, low investment earnings, and overall impact of these unprecedented economic conditions.

Several key financial indicators reflect positive results in the District's operating funds including proportion of fund balance to revenue and fund balance as a percentage of next year's expenditures. However, with potential decreases in state funding projected, the dependence upon local property taxes will become a growing challenge for taxing districts, District 211 notwithstanding. Because property tax increases are limited by the Tax Cap Law, it remains a priority to keep overall expenditures in line with revenue. All levy projections provide for increases in the aggregate extension amount in accordance with the Tax Cap limitations.

The District has completed a long-term facility and capital improvements plan, identifying over \$50,000,000 in projects to be completed over a five year period that begun in 2013-2014. These projects include renovations at all five District swimming pools and related locker rooms, District-wide wireless access point expansion, athletic field upgrades, auditorium lighting and sound upgrades, media center renovations, the remodel of a leased office building for centralized special education use, and a facility on the grounds of Palatine High School that will relocate the Alternative Transition Program. Currently, it is anticipated that all projects will be funded through reserves.

The District continues to plan for necessary capital improvements over the next five to ten-year period in all five high schools. Planning includes replacement of roofs and mechanical equipment and renovations to existing locker rooms, restrooms, and two cafeteria kitchens. It is

currently anticipated that all future projects will also be funded through existing and future reserves without need to issue debt.

Over the past several years, the District has implemented a budget review process to identify areas of operations for improvements in efficiencies. This on-going review resulted in major cost savings. District finances are monitored through such means as monthly financial reports to the Board of Education, and annual budget process and long-term financial projections. As a result, the District will continue to maintain balanced budgets and align resources to support the instructional programs.

Relevant Financial Policies

Budget planning begins no later than December with preparation of a budget calendar. The proposed budget is available for public inspection and comment at least 30 days before the budget hearing. Within 30 days of adoption, the budget is filed with the Cook County Clerk and Illinois State Board of Education. The District budget is posted on the District's website. The Board of Education may amend the budget by following the same procedure as provided for in the original adoption. The certificate of property tax levy is filed with the Cook County Clerk by the last Tuesday in December. The District annually publishes a statement of affairs regarding its financial position by December 1.

The Board of Education maintains established budget and operating fund balance policies that outline parameters for the distribution of resources, provisions for safe and operational facilities, compliance with all applicable regulations, and continuous monitoring of efficiencies. Budgetary controls are in place to ensure compliance with legal provisions embodied in the annual budget approved by the Board of Education. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established by function and activity within an individual fund. The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. All outstanding encumbered amounts are cancelled at year-end. Adequate fund balance levels are maintained for operational and financial planning purposes, and establish a minimum fund balance level of approximately 33% of the next budget year's expenditures. This level of fund balance represents approximately 4 months of operations. Expenditures are measured from the following two perspectives as of June 30 of each fiscal year: 1) within the Educational Fund as an individual fund; 2) against a cumulative total of the operating funds including: Educational, Operations and Maintenance, Transportation, Municipal Retirement and Social Security, and Working Cash.

As of June 30, 2016, the District reported a favorable Educational Fund balance level of 53% of next year's expenditures and a cumulative operating fund balance level of 60% of next year's expenditures (calculated on a cash basis). The District assigned fund balance for transfers to the Debt Service Fund for planned abatements and technology leases. By accruing and safeguarding these positive levels of fund balance, the District will be afforded greater measures of financial certainty for both the short term and the long term. As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

Internal Controls

Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and the valuation of costs and benefits requires estimates and judgments by management.

As part of the audit of the District, the District's independent auditor considered the District's internal controls to determine auditing procedures for the purpose of expressing an opinion on the financial statements. The auditor also performed tests of the District's compliance with certain provisions of laws, regulations, contracts and grants. The results of the audit for the fiscal year ended June 30, 2016 are included.

Cash Management

Cash and investments of the District, including the Agency fund, are maintained by the District Treasurer. The Treasurer is responsible for investing the funds temporarily idle during the year in demand deposits, certificates of deposit, money market deposit accounts, and obligations of the U.S. Treasury. The Treasurer maintains investment relationships with several major local and Chicago-based commercial banks and brokerage firms. Investment strategies are structured to obtain the best yield for all invested funds, which may require rapid turnover of investments among several depositories. Except for cash in certain restricted and special funds, the District consolidates cash balances from all funds to maximize investment earnings. Investment income is allocated to the various funds based on their respective participation. The Treasurer complies with the requirements of the Illinois School Code in making investments. It is the policy of the District to diversify its investment portfolio. Diversification strategies are determined and revised periodically by the Treasurer. Time deposits in excess of Federal Depository Insurance Corporation (FDIC) insurable limits are secured by an approved form of collateral or private insurance to protect public deposits in the event a single financial institution was to default. Third-party safekeeping is required for all securities. The Treasurer submits monthly investment reports to the Board of Education describing the portfolio in terms of investment securities, maturities, and earnings for the current period and the name of the respective institutions where the investments have been placed.

Other Information

Independent Audit – The School Code of Illinois and the District's adopted policy require an annual audit by independent certified public accountants. The accounting firm of Baker Tilly Virchow Krause, LLP was selected by the Board of Education. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the federal Single Audit Act Revisions of 1996 and related U.S. Office of Management and Budget's (OMB) Circular A-133, "*Audits of States, Local Governments, and Non-profit Organizations.*" The auditors' report on the general purpose financial statements is included in the financial section of this report.

Awards/Recognitions – District 211 students, staff and its high schools have been recognized both locally and nationally for a number of achievements:

- Each of the District’s five high schools has been recognized for excellence with the United States Department of Education’s National Secondary School Recognition Program’s Blue Ribbon Award.
- Palatine, William Fremd, and Schaumburg High Schools have been named among the nation’s “Top High Schools” by *U.S. News & World Report*, and Palatine High School was named a “New American High School” by the United States Department of Education.
- District 211 schools have a tradition of excellence, service and leadership. For 2015-2016 the Board of Education recognized the achievement of 157 Academic Scholars; 8 perfect ACT scores; 5 perfect SAT scores; 1 perfect Advanced Placement Exam score; 39 National Merit Scholars; 569 Illinois State Scholars; 2 Golden Apple Scholars; and 8 students named to the Daily Herald Academic and Leadership teams.
- One hundred thirty-four District 211 teachers and administrators have achieved National Board Certification.
- One student received NCTE “Achievement Awards in Writing”, the most prestigious national writers’ recognition for high school juniors.
- One student was named to the IHSA All-State Academic Team.
- Palatine, William Fremd, James B. Conant, Schaumburg, and Hoffman Estates High Schools were all recognized as Energy Star building recipients by the Environmental Protection Agency and the Department of Energy.

The Association for School Business Officials, International (ASBO) awarded a Certificate of Excellence in Financial Reporting to Township High School District 211 for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2015. In order to be awarded a Certificate of Excellence, the District had to prepare and issue a high-quality CAFR that met or exceeded the standards of the program. A Certificate of Excellence is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Excellence Program’s requirements, and we are submitting it to the ASBO to determine its eligibility for another certificate.

Acknowledgments – I would like to extend my appreciation to the Board of Education for their support and direction in planning and conducting the financial affairs of the District for the 2016 fiscal year.

Respectfully submitted,

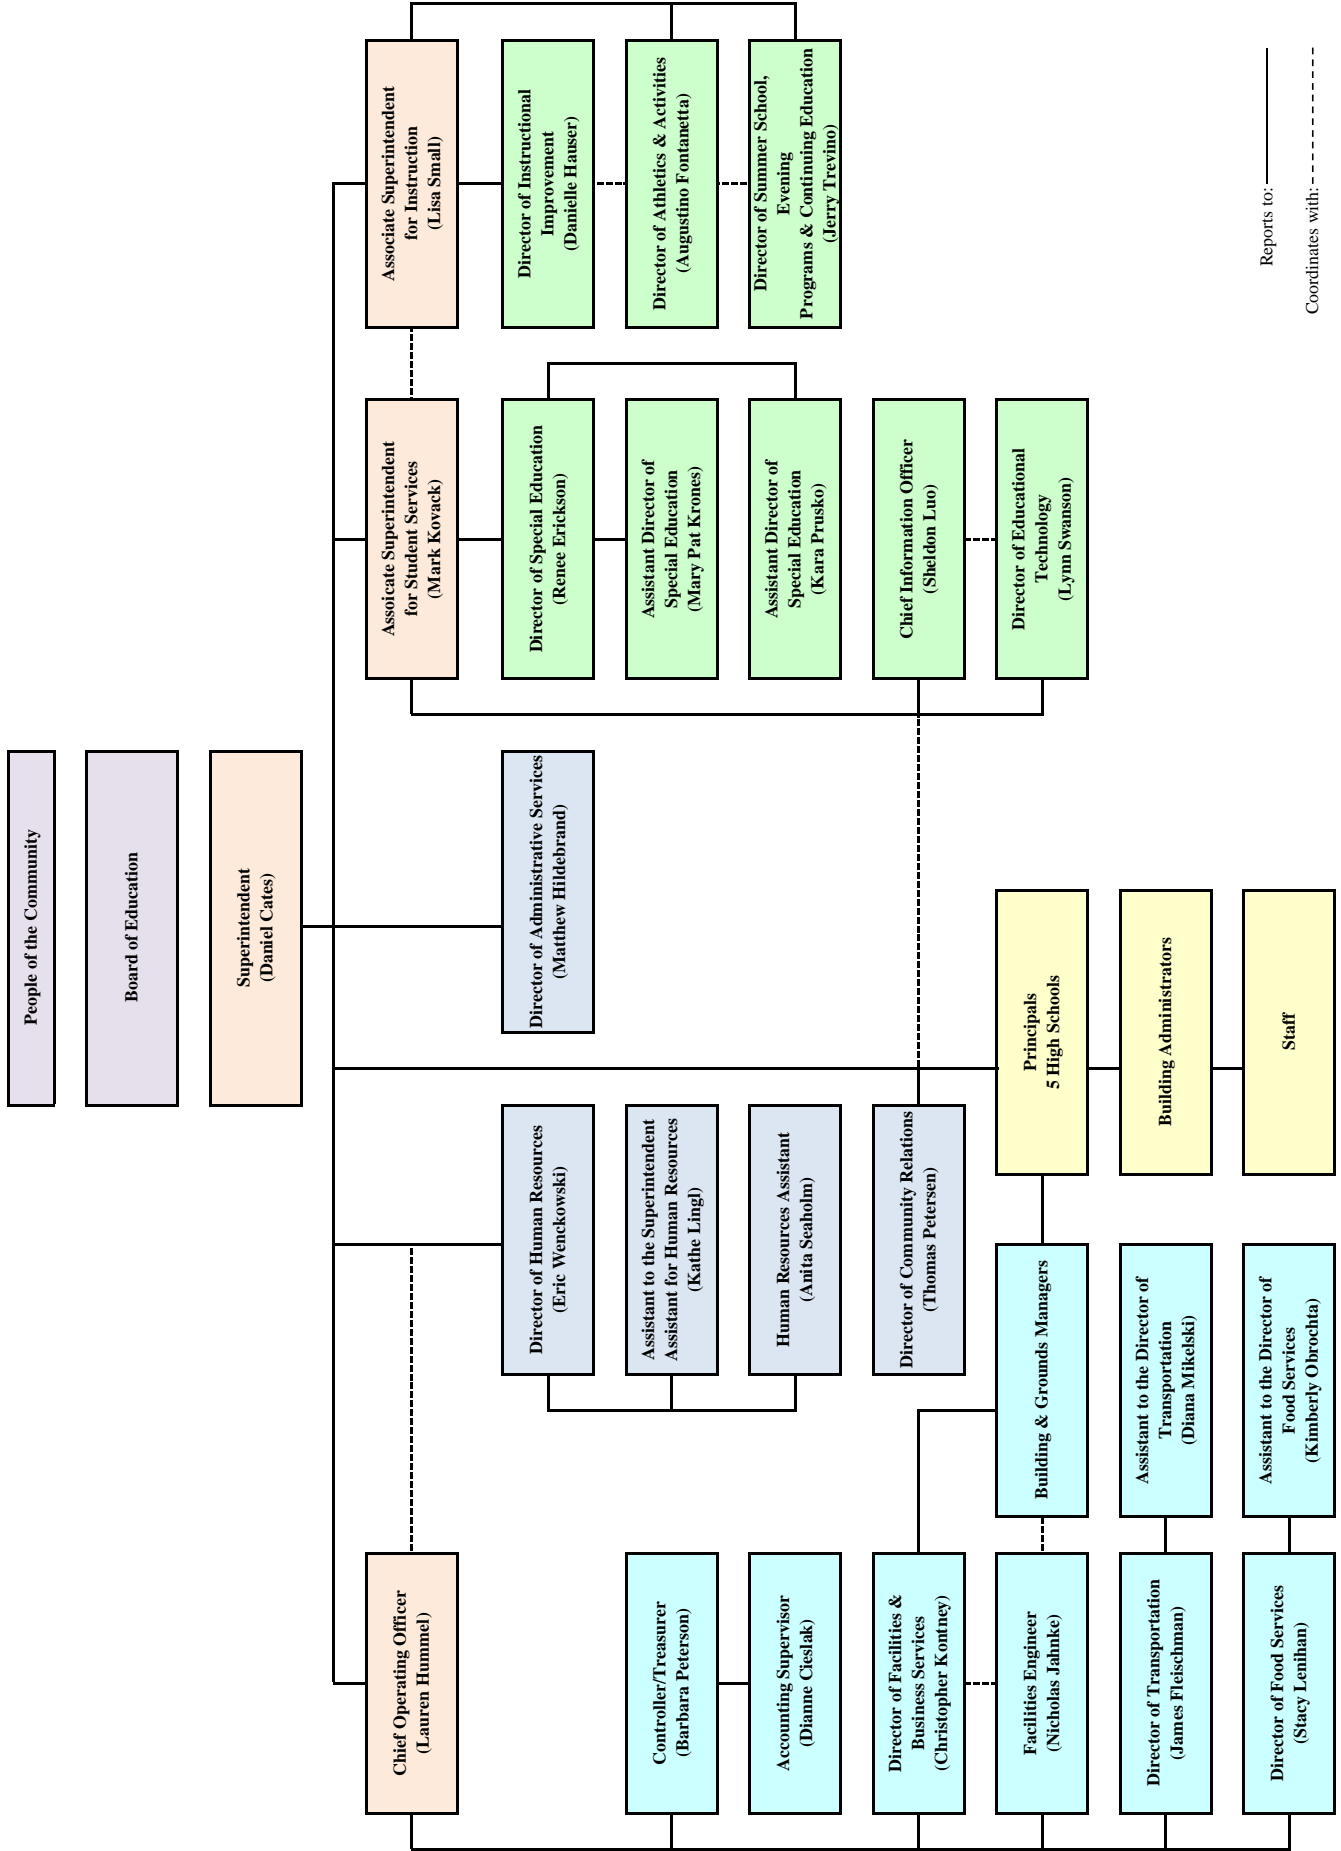

Lauren C. Hummel
Chief Operating Officer and
District Assistant Treasurer

Barbara J. Peterson
Controller and District Treasurer

INDEPENDENT AUDITORS' REPORT

To the Board of Education
Township High School District 211
Palatine, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Township High School District 211, Illinois, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise Township High School District 211's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control over financial reporting relevant to Township High School District 211's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Township High School District 211's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Board of Education
Township High School District 211

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Township High School District 211, Illinois, as of June 30, 2016 and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit for the year ended June 30, 2016 was conducted for the purpose of forming opinions on the financial statements that collectively comprise Township High School District 211's basic financial statements. The supplementary information for the year ended June 30, 2016 as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended June 30, 2016, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects, in relation to the basic financial statements as a whole for the year ended June 30, 2016.

To the Board of Education
Township High School District 211

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of Township High School District 211 as of and for the year ended June 30, 2015 (not presented herein), and have issued our report thereon dated November 20, 2015, which contained unmodified opinions on the respective financial statements of the governmental activities, each major fund, and the aggregate remaining fund information. The supplementary information for the year ended June 30, 2015 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2015 financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2015 basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare those financial statements or to those financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended June 30, 2015.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Township High School District 211's basic financial statements. The introductory section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Prior-Year Comparative Information

We have previously audited Township High School District 211's 2015 financial statements, and we expressed unmodified audit opinions on the respective financial statements of the governmental activities, each major fund, and the aggregate remaining fund information in our report dated November 20, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2015, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2016 on our consideration of Township High School District 211's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Township High School District 211's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

The discussion and analysis of Township High School District 211's (the "District") financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2016. The management of the District encourages readers to consider the information presented herein, in conjunction with the transmittal letter found in the introductory section and the basic financial statements, to enhance their understanding of the District's financial performance. Certain comparative information between the current year and the prior year is required to be presented in the Management's Discussion and Analysis ("MD&A").

Financial Highlights

- The District's financial status continues to be strong. The net position of governmental activities increased \$8.6 million, which represents a 3.1 percent increase from fiscal year 2015.
- General revenues accounted for \$225.9 million, or 73.4 percent of all governmental activities revenue for the fiscal year. Program specific revenues in the form of charges for services and grants and contributions accounted for \$81.8 million, or 26.6 percent of total revenues of \$307.7 million.
- The District had \$299.1 million in expenses related to governmental activities, of which \$81.8 million of these expenses were offset by program specific charges for services or grants and contributions. General revenues of \$225.9 million were adequate to provide for the remaining costs of these programs.
- Among major funds, the General Fund had \$249.6 million in revenue for fiscal year 2016, which primarily consisted of property taxes and state aid, and \$241.0 million in expenditures. The General Fund includes the recognized revenue and expenditures of \$57.2 million in pension contributions that the state of Illinois paid directly to the Teachers' Retirement System (TRS) on behalf of the District's TRS-covered employees. The Operations and Maintenance Fund had \$31.3 million in revenue for fiscal year 2016, compared to \$29.7 million in expenditures. The Transportation Fund had \$11.0 million in revenue for fiscal year 2016, compared to \$10.9 million in expenditures. The excess of revenues over expenditures in these funds is attributed primarily to funds from state and federal grants being higher than anticipated, and lower than expected payroll, benefit and supply expenditures.
- During the year, the Board of Education authorized the transfer of \$2,000,000 from the General Fund (Working Cash accounts) to the Debt Service Fund for approved debt service abatement. This transfer was authorized by proper resolution as part of the budget adoption.
- For tax year 2015, payable in 2016, the District's aggregate equalized assessed value for all real property within the District's boundaries decreased 2.7% from the prior year. The District will continue its abatement strategy, as the Board approved a \$2 million abatement of the 2015 Debt Service levy.
- The District spent almost \$25 million on capital and capital improvements during fiscal 2016 on a variety of projects including: purchase of an academy building previously rented under an

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

operating lease for use by special needs programs; paving work at all schools; media center and sports field renovations at multiple buildings; construction of a new building for use by the Adult Transition Program; and on-going work to renovate all five district swimming pools.

- The District maintained a balanced budget and adequate fund balance in accordance with the District's Operating Fund Balance policy.
- The District achieved Financial Recognition status with the highest ranking of a 4.0 Financial Profile Score from the Illinois State Board of Education, based upon the 2015 Annual Financial Report data.
- The District received the Certificate of Excellence Award in Financial Reporting for the fiscal year ended June 30, 2015 from ASBO International. This award reflects the District's commitment to the highest standards of school system financial reporting.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The basic financial statements are comprised of three components:

- Government-wide financial statements,
- Fund financial statements, and
- Notes to basic financial statements.

This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets/deferred outflows of resources and liabilities/deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the fiscal year being reported. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements present the functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). The District's

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

governmental activities include instructional services (regular education, special education and other), supporting services, operations and maintenance of facilities and transportation services.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds (the District maintains no proprietary funds).

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a school district's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains seven individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General Fund (Educational and Working Cash combined per GASB Statement No. 54), Operations and Maintenance Fund, Transportation Fund, Municipal Retirement/Social Security Fund, Debt Service Fund, Capital Projects Fund, and Fire Prevention and Life Safety Fund. All seven funds are considered to be major funds.

The District adopts an annual budget for each of the funds listed above. A budgetary comparison schedule has been provided for each fund to demonstrate compliance with this budget.

Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the District's own programs. The accounting used for fiduciary funds is much like that for the government-wide financial statements.

Notes to basic financial statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's progress in funding its obligation to provide pension benefits to its non-certified employees.

District-wide Financial Analysis

The District's combined net position as of June 30, 2016 increased \$8.6 million or 3.1 percent to \$283.5 million from the prior year.

Table 1			
<i>Condensed Statement of Net Position (in millions of dollars)</i>			
	2016	2015	% Inc. (Dec.)
Current and other assets	\$253.1	\$264.1	(4.2)
Capital assets	193.9	181.2	7.0
Total assets	447.0	445.3	0.4
Total deferred outflows of resources	22.3	12.3	81.3
Long-term debt outstanding	69.9	65.6	6.6
Other liabilities	10.9	11.6	(6.0)
Total liabilities	80.8	77.2	4.7
Total deferred inflows of resources	105.0	105.4	(0.4)
Net investment in capital assets	187.6	171.2	9.6
Restricted	29.2	32.8	(11.0)
Unrestricted	66.7	70.9	(5.9)
Total net position	\$283.5	\$274.9	3.1

The decrease in current and other assets in fiscal year 2016 of \$11 million or 4.2 percent was due primarily to a decrease in cash and investments resulting from increased spending on capital projects. The District's fiscal year 2016 long-term debt outstanding includes a liability of \$18.5 million for other post-employment benefits (OPEB). The District's annual OPEB cost is calculated based on the annual required contribution of the employer, an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The annual required contribution represents the level of employer contribution effort that is required on an ongoing basis to fund the benefit plan. The annual required contribution, less the contributions made by the District, represents a long-term liability.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

Table 2, Changes in Net Position, illustrates in summary form revenues and expenses from fiscal year 2016 and the increase in net position. Comparative data from fiscal year 2015 is also illustrated.

Table 2				
<i>Changes in Net Position from Operating Results (in millions of dollars)</i>				
	Governmental Activities 2016	% of Total	Governmental Activities 2015	% Inc. (Dec.)
Revenues				
Program revenues				
Charges for services	\$7.3	2.4	\$8.5	(14.1)
Operating Grants and Contributions	74.5	24.2	69.3	7.5
General revenues				
Property Taxes	217.6	70.7	211.6	2.8
State formula aid	6.3	2.1	5.9	6.8
Other	2.0	0.6	1.4	42.9
Total revenues	\$307.7	100.0	\$296.7	3.7
Expenses				
Instruction	\$200.0	66.9	\$195.9	2.1
Pupil and Instructional Services	24.1	8.1	23.3	3.4
Administration and Business	20.4	6.8	19.6	4.1
Operations and Maintenance	37.3	12.5	35.3	5.7
Transportation	12.3	4.1	12.3	-
Other	5.0	1.6	4.5	11.1
Total expenses	\$299.1	100.0	\$290.9	2.8
Increase (decrease) in net position	\$8.6		\$5.8	
Net Position				
Net Position - beginning	\$274.9		\$269.1	
Net Position - ending	\$283.5		\$274.9	

Revenues for the District's governmental activities were \$307.7 million and total expenses were \$299.1 million, resulting in net position increasing \$8.6 million in 2016. This favorable change in net position reflects the ongoing stability of the District's finances credited both to an established real estate tax base and budgetary controls put in place by the Board of Education.

Property taxes accounted for the largest portion of the District's revenue, contributing 70.7 percent despite the fact that property tax appeals continue to result in refund losses assessed against current year tax collections. The remainder of revenue came from state and federal aid for specific programs and fees charged for services and miscellaneous sources. The total cost of all District programs and services was \$299.1 million, a 2.8% increase over the prior year. The District's expenses are predominately related to instructing, caring for (pupil services), and transporting students (79.1 percent). The District's administrative and business activities accounted for 6.8 percent of total costs. Approximately \$4.6 million of the increase in the total expenses from the prior year is due to an increase in State Retirement Contributions expense. These expenses are offset 100% by State Contributions Revenue.

MANAGEMENT’S DISCUSSION AND ANALYSIS (Unaudited)

District-Wide Revenues by Source - 2016

District-Wide Expenses by Function - 2016

Table 3, Net Cost of Governmental Activities, illustrates in summary form the net costs (total cost less fees generated by the activities and intergovernmental aid provided for specific programs) for each of the District’s major activities from fiscal year 2016. Comparative data from fiscal year 2015 is also illustrated. The net cost shows the financial impact placed on the District’s taxpayers by each of these functions.

MANAGEMENT’S DISCUSSION AND ANALYSIS (Unaudited)

	<u>Total Cost</u> <u>of Services</u>	<u>Net Cost</u> <u>of Services</u>	<u>Total Cost</u> <u>of Services</u>	<u>Net Cost</u> <u>of Services</u>
	<u>2016</u>		<u>2015</u>	
Instruction	\$200.0	\$129.1	\$195.9	\$128.7
Pupil and Instructional Services	24.1	24.0	23.3	23.1
Administration and Business	20.4	15.1	19.6	14.2
Operations and Maintenance	37.3	36.6	35.3	34.8
Transportation	12.3	7.5	12.3	7.8
Other	5.0	5.0	4.5	4.5
Total	\$299.1	\$217.3	\$290.9	\$213.1

- The cost of all governmental activities this year was \$299.1 million.
- Some of the cost was financed by the users of the District’s programs (\$7.3 million).
- The federal and state governments subsidized certain programs with grants and contributions (\$74.5 million).
- Most of the District’s costs (\$217.6 million), however, were financed by property taxes.

Financial Analysis of the District’s Funds

The District’s governmental funds reported fiscal year 2016 combined fund balances of \$138.0 million. This is a decrease from last year’s ending fund balance of \$10.4 million and is attributed primarily to a planned increase in capital outlay.

The fund balance in the General Fund decreased over \$4.0 million due to transfers of \$4.6 million in reserves to other funds during the year for use in funding capital leases and debt abatement.

The Operations and Maintenance fund balance increased \$1.6 million during fiscal 2016. Revenues exceeded expenditures for the year by this amount; higher than expected property tax receipts and unanticipated utility curtailment income contributed to this surplus.

Revenues in the Transportation Fund were higher than expected due to the unanticipated receipt of categorical state aid. Lower than anticipated gas and oil prices resulted in a favorable supplies and materials variance. Thirteen new school buses were purchased at a cost of almost \$1.1 million, increasing the bus fleet by four buses. The net impact of these transactions was an \$115,000 increase to fund balance.

Property taxes and corporate personal property taxes were the primary source of revenue for the Municipal Retirement/Social Security Fund for the year. Actual revenues came in very close to

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

budget. Expenditure variances were positive and resulted from a lower Illinois Municipal Retirement Fund contribution rate. The fund balance in this fund increased \$1.1 million over fiscal 2015.

The reported deficit in the Debt Service Fund of \$5.6 million (before transfers) was partially attributed to the planned levy abatement for the 2014 levy. As operating fund balances remain sound, the Board of Education approved continuation of a tax levy abatement plan that began in 2007. Through the 2015 levy, the Board of Education has reduced the Debt Service Levy by \$30.3 million by using existing Working Cash Fund reserves and Debt Service fund balance reserves to pay an apportionment of outstanding bonds.

In addition, the Debt Service Fund recognized almost \$2.6 million of expense for the principal and interest payments on capital leases relating to the iPads supporting the 1-to-1 program. These capital leases were paid by a transfer from the General Fund.

The fund balance in the Capital Projects Fund decreased \$14.2 million over the year. Transfers of reserves from operating funds in the prior year were used to fund over \$14 million in capital expenditures in the current year. Major capital projects accounted for in this fund include renovations to all five district swimming pools and related locker rooms; sports field renovations at multiple schools; and media center renovations at two schools.

Fund balance in the Fire Prevention and Life Safety Fund decreased \$2 million during fiscal 2016 due to life safety work completed and in progress at Conant and Hoffman Estates High Schools.

General Fund Budgetary Highlights

The 2015-2016 budget was adopted by the Board of Education in September 2015. For 2015-2016, the largest category of revenue is local property taxes and reflected a \$4.2 million over-budget position due to higher than anticipated net collection rates. Overall, the General Fund revenue ended the year with a favorable \$21.4 million over-budget condition. However, \$17.5 million of this increase is attributable to the TRS on-behalf payments from the state being higher than anticipated. Expenditures were similarly over-budget in this category.

School districts and units of local government across Cook County continue to lose millions of dollars in property tax revenue every year from refunds resulting from assessment valuation challenges brought before the Illinois Property Tax Appeal Board or circuit court, exemption decisions of the Illinois Department of Revenue, or certificates of error issued by local assessing officials. Despite levies that are being properly approved and statutorily limited, schools and local governments do not receive the full amount of their extensions because taxpayers have won or settled these over-assessment or exemption cases for prior tax years. These refunds for assessment errors and exemptions in prior years are taken out of current collections, leaving schools and local governments with less property tax revenue than they are legally entitled to each year. District 211 recognized refund losses of \$5.4 million during the 2015-2016 fiscal year.

General state aid and categorical state aid reflected a \$17.2 million over-budget condition and was due primarily to the TRS on-behalf payments which were \$17.5 million more than budgeted. Federal aid reflected a \$0.6 million over-budget condition and was due to receipt of unbudgeted aid such as USDA Food Commodities, as well as higher than anticipated receipts for the IDEA grant.

MANAGEMENT’S DISCUSSION AND ANALYSIS (Unaudited)

For 2015-2016, total expenditures were \$14.1 million over budget including contingency. An unfavorable variance in the amount of \$17.5 million was recognized relating to under-budgeting the expense of TRS on-behalf payments by the State of Illinois. As discussed earlier, the reverse over budget condition offsets this in revenue. A positive budget balance in purchased services and supplies was due in part to timing of appropriations and bid savings on contracted services and supply items.

Capital Asset and Debt Administration

Table 4 illustrates capital assets, net of depreciation. By the end of 2016, the District had invested \$193.9 million in a broad range of capital assets, including school buildings, building improvements, vehicles, and equipment. This amount represents a net increase of \$12.7 million from the prior year. (More detailed information about capital assets can be found in Note D to the financial statements.)

<i>Table 4</i>		
<i>Capital Assets (net of depreciation, in millions of dollars)</i>		
	Governmental Activities	Governmental Activities
	<u>2016</u>	<u>2015</u>
Land	\$1.5	\$1.5
Construction in progress	7.9	18.0
Depreciable buildings, property, and equipment, net	184.5	161.7
Total	\$193.9	\$181.2

Long-Term Debt

At year-end, the District had \$69.9 million in general obligation bonds and other long-term debt outstanding as shown in Table 5. (More detailed information about the District’s long-term liabilities is presented in Note F to the financial statements.)

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

Table 5
Outstanding Long-Term Debt (in millions of dollars)

	Total School District	Total School District
	<u>2016</u>	<u>2015</u>
General Obligation Bonds	\$6.2	\$11.4
Unamortized Premium	0.1	0.2
Capital Lease	1.3	3.9
TRS Net Pension Liability	15.4	12.0
IMRF Net Pension Liability	26.6	19.1
Other Postemployment Benefits	18.5	17.3
Compensated Absences	1.8	1.7
Total	\$69.9	\$65.6

- The District continued to pay down its debt, retiring \$5.1 million of outstanding general obligation bonds.
- The District retired two of three capital leases for the financing of iPad devices. One capital lease remains outstanding at year end.

Factors Bearing on the District's Future

The following are significant issues that may affect the District's financial health in the future.

- Property tax growth for the District is limited under the Property Tax Extension Limitation Law. For the 2016 levy, property tax increases will be limited to CPI of 0.7% plus new property growth. This is the second consecutive year of CPI below 1%. Limited revenue growth year-over-year will put a significant strain on future budgets.
- Collective bargaining agreements for teachers, teacher assistants, and support staff personnel groups were in place through June 30, 2016. Four-year agreements were executed in the fall of 2014 with parameters set by the Board of Education.
- In fiscal year 2014, the District began incurring costs under the Health Care Reform laws. Projected costs are \$1.2 million over a three-year period. Due to the complexities of the Health Care Reform legislation, costs above this projection are possible, but unpredictable. Beginning January 1, 2015, all District health insurance plans offer a wellness program to employees, with discounted premiums available to those who participate.
- Pension obligations for certificated employees, including teachers and administrators, are funded by the state and active members of the Illinois Teachers' Retirement System. The State of Illinois continues its' long-standing debate on pensions and the need for funding reforms to address an increasing unfunded liability in the system. Currently, employers are mandated to contribute 0.58% of all creditable salary earnings to the Teachers' Retirement System. Due to the complexities of the pension system and various funding reform issues being discussed in the legislature, added employer contributions may be a future consideration.
- Each student in the District is issued an iPad as a collaborative learning device. Currently these devices are 100% funded by the District at an annual cost of approximately \$1.5 million. Alternative funding strategies are being explored.
- In August 2016, the District adopted a new strategic plan which included input from the community. Implementation of the plan may have an impact on future years.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

- The State of Illinois is reviewing state funding alternatives, which may materially impact the amount of state funding received by the District and surrounding elementary school districts. Currently, approximately 6% of the District's revenues are from state sources and if reduced, would put an increased dependency on local property taxes.
- Student enrollment within the District is projected to decline slightly.
- The District entered into a four year collective bargaining agreement with the Operations and Maintenance staff effective July 1, 2016.
- In the fall of 2017, the District will make its final payment on its outstanding bonded debt. The District has no current plans to issue additional debt. Future capital projects, including life/safety projects, are planned to be financed through reserves.
- The District will begin to pay down its outstanding IMRF pension obligation with a \$3.5 million additional payment to IMRF in December 2016 as approved by the Board of Education subsequent to year end.

Contacting the District's Financial Management

This financial report is designed to provide the District's citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Business Office, Township High School District 211, 1750 South Roselle Road, Palatine, Illinois 60067.

Township High School District 211
**RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL
 FUNDS TO THE STATEMENT OF NET POSITION**
For the Fiscal Year Ended June 30, 2016

Total fund balances - governmental funds \$ 138,000,324

Amounts reported for governmental activities in the statement of net position are different because:

Net capital assets used in governmental activities and included in the statement of net position do not require the expenditure of financial resources and, therefore, are not reported in the governmental funds balance sheet. 193,874,944

Certain revenues receivable by the District and recognized in the statement of net position do not provide current financial resources and are deferred in the governmental fund balance sheet, as follows:

Interest revenue	\$	60,611	
State and federal aid		3,024,370	
			3,084,981

Deferred outflows of resources related to pensions do not relate to current financial resources and are not included in the governmental funds balance sheet. 22,312,304

Deferred inflows of resources related to pensions do not relate to current financial resources and are not included in the governmental funds balance sheet. (3,877,105)

Long-term liabilities included in the statement of net position are not due and payable in the current period and, accordingly are not included in the governmental fund balance sheet, as follows:

General obligation bonds	\$	(6,230,000)	
Capital lease		(1,287,545)	
Net other post employment benefits		(18,499,727)	
Net pension liability		(41,997,256)	
Unamortized premium		(65,891)	
Compensated absences		(1,790,564)	
			(69,870,983)

Interest on long-term liabilities (interest payable) accrued in the statement of net position will not be paid with current financial resources and, therefore, is not recognized in the governmental fund balance sheet. (5,387)

Net position of governmental activities \$ 283,519,078

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
 IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**
For the Fiscal Year Ended June 30, 2016

Net change in fund balances - total governmental funds. \$ (10,359,505)

Amounts reported for governmental activities in the statement of activities are different because: Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeds depreciation expense in the current period:

Capital outlay	\$ 24,858,022	
Depreciation expense	(12,204,854)	
		12,653,168

The net effect of various miscellaneous transactions involving capital assets, (sale, disposal, transfer, etc.) is to decrease net position. (70)

Certain revenues included in the Statement of Activities do not provide current financial resources and, therefore, are deferred in the fund statements:

Interest revenue	\$ 39,884	
State and federal aid	<u>2,761,762</u>	
		2,801,646

Governmental funds report the effects of premiums, discounts, and similar items when the debt is issued. However, these amounts are deferred and amortized in the statement of activities. This is the amount of the current year, net effect of these differences. 81,601

Interest payable on long-term debt does not require the use of current financial resources and, therefore, is not reported as an expenditure in the governmental funds. 6,917

In the statement of activities, operating expenses are measured by the amounts incurred during the year. However, certain expenditures are included in the governmental funds only to the extent that they require the expenditure of current financial resources:

Net OPEB obligation	\$ (1,164,574)	
Compensated absences	(57,271)	
Net pension liability	(10,874,515)	
Deferred outflows of resources due to pensions	10,059,307	
Deferred inflows of resources due to pensions	<u>(2,259,552)</u>	
		(4,296,605)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consume the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. 7,720,749

Change in net position of governmental activities. \$ 8,607,901

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Township High School District No. 211 (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the standard-setting body for establishing governmental accounting and financial reporting principles.

The more significant of the District's accounting policies are described below.

1. Fund Accounting

The accounts of the District are organized on the basis of funds. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related and contractual provisions. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, reserves, fund balance, revenues and expenditures. The minimum number of funds is maintained consistent with legal and managerial requirements.

Funds are classified into the following categories: governmental and fiduciary.

Governmental funds are used to account for all or most of the District's general activities including the collection and disbursement of earmarked monies (special revenue funds), the servicing of general long-term debt (debt service fund), and the acquisitions or construction of major capital facilities (capital projects fund). The General Fund is used to account for all activities of the general government not accounted for in some other fund.

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the District.

2. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all the nonfiduciary activities of the District. The effect of interfund activity has been eliminated from these statements. Governmental activities normally are supported by taxes and intergovernmental revenues.

The Statement of Activities demonstrates the degree to which the direct expense of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit for goods, services, or privileges provided by a given function; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported as general revenues instead.

NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Government-Wide and Fund Financial Statements (Continued)

Separate financial statements are provided for governmental and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

a. General Fund

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund. The General Fund includes the educational accounts and the working cash accounts.

b. Special Revenue Funds

The special revenue funds are used to account for the proceeds of specific revenue sources (other than those accounted for in the Debt Service, Capital Projects, or Fiduciary Funds) that are legally restricted to expenditures for specified purposes.

Each of the District's special revenue funds has been established as a separate fund in accordance with the fund structure required by the State of Illinois for local educational agencies. These funds account for local property taxes restricted to specific purposes. A brief description of the District's special revenue funds is as follows:

Operations and Maintenance Fund - accounts for expenditures made for operations, repair, and maintenance of the District's buildings and land. Revenue consists primarily of local property taxes.

Transportation Fund - accounts for all revenue and expenditures made for student transportation. Revenues are derived primarily from local property taxes and state reimbursement grants.

Municipal Retirement/Social Security Fund - accounts for the District's portion of pension contributions to the Illinois Municipal Retirement Fund, payments to Medicare, and payments to the Social Security System for noncertificated employees. Revenue to finance contributions is derived primarily from local property taxes and personal property replacement taxes.

c. Debt Service Fund

Debt Service Fund - accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. The primary revenue sources are local property taxes levied specifically for debt service and transfer from the General Fund.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Government-Wide and Fund Financial Statements (Continued)

d. Capital Projects Funds

Capital Projects Fund - accounts for financial resources to be used for the acquisition or construction of major capital facilities.

Fire Prevention and Life Safety Fund - accounts for state-approved life safety projects financed through serial bond issues or local property taxes levied specifically for such purposes.

e. Fiduciary Fund

The fiduciary fund accounts for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments, or other funds.

Student Activity Funds - are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. These funds account for assets held by the District which are owned, operated, and managed generally by the student body, under the guidance and direction of adults or a staff member, for educational, recreational, or cultural purposes. They account for activities such as student yearbook, student clubs, and student council.

3. Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues and additions are recorded when earned, and expenses and deductions are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (i.e. intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the flow of current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collectible within the current period and soon enough thereafter to pay liabilities of the current period. The District considers all revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a fund liability is incurred. However, debt service expenditures are recorded only when payment is due, and certain compensated absences and other post-employment benefits are recognized when the obligations are expected to be liquidated with expendable available financial resources.

On-behalf payments (payments made by a third party for the benefit of the District, such as payments made by the state to the Teachers' Retirement System and Teachers' Health Insurance Security Fund) have been recognized in the financial statements.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

Property taxes, interest, and intergovernmental revenues associated with the current fiscal period are all considered to be susceptible to accrual and are recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

The Governmental Funds report unearned and unavailable revenue in connection with receivables for revenue that does not meet both the "measurable" and "available" criteria for recognition in the current period. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability or deferred inflow of resources for unearned or unavailable revenue is removed from the balance sheet and revenue is recognized. Governmental Funds also defer revenue recognition in connection with resources received, but not yet earned. At the end of the current fiscal year, the various components of unavailable revenue reported in the governmental funds were as follows:

	<u>Unavailable</u>
Interest income receivable	\$ 60,611
Local state and federal aid receivable	<u>3,024,370</u>
Total unavailable revenue	<u>\$ 3,084,981</u>

4. Budgetary Data

Budgets are adopted on a cash basis of accounting. Annual budgets are adopted at the fund level for the governmental funds. The annual budget is legally enacted and provides for a legal level of control at the fund level. All annual budgets lapse at fiscal year-end.

5. Deposits and Investments

State statutes authorize the District to invest in obligations of the US Treasury, certain highly-rated commercial paper, corporate bonds, repurchase agreements, and the State Treasurer's Investment Pool. Investments are stated at fair value. Changes in fair value of investments are included as investment income.

6. Personal Property Replacement Taxes

Personal property replacement tax revenues are first allocated to funds where taxes were automatically abated by the county clerk and the Municipal Retirement/Social Security Fund, with the balance at the discretion of the District.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Inventory

Inventory consists of residential homes held for sale, built by District students as part of the Career Technical Education Program (Building Construction Program), as well as unimproved lots which are held for future development. Inventory is accounted for using the consumption method, and is valued at cost by applying the specific valuation method.

8. Capital Assets

Capital assets, which include land, buildings, and equipment are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more the \$10,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

Depreciation of capital assets is provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

<u>Assets</u>	<u>Years</u>
Buildings	40
Building improvements	20
Equipment	5 - 20
Vehicles	5

9. Prepaid Items

Prepaid items, primarily insurance premiums and maintenance agreements, are recorded at cost and amortized over the term of the underlying agreements using the consumption method of accounting. Reported prepaid expenditures are equally offset by non-spendable fund balance, which indicate that they do not constitute "available spendable resources" even though they are a component of current assets.

10. Deferred Outflows of Resources

A deferred outflow of resources represents a consumption of net position/fund balance that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that future time.

11. Compensated Absences

Employees who work a twelve-month year are entitled to be compensated for vacation time. Vacations are usually taken within the fiscal year. The entire liability for unused compensated absences is reported on the government-wide financial statements.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

11. Compensated Absences (Continued)

For government funds, the current portion of the compensated absences is the amount that is normally expected to be paid using expendable available financial resources. These amounts are recorded in the fund from which the employees who have accumulated vacation leave are paid.

All certified employees receive a specified number of sick days per year in accordance with the agreement between the Board of Education and the Teachers' Union. The District does not compensate for unused sick days; however, unused sick days can be carried forward at the end of each fiscal year. Upon retirement, a certified employee may apply up to 340 days of unused sick leave toward service credit for the Teachers' Retirement System. Ten-month Illinois Municipal Retirement Fund (IMRF) employees receive up to 12 and IMRF 12-month employees receive 15 sick days per year. Upon retirement, IMRF employees are granted one month of service for every 20 days of unused sick leave, not to exceed 240 days (one year of service credit).

12. Comparative Total Data

The financial statements include summarized prior year comparative information. Such information does not constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the District's financial statements for the year ended June 30, 2015.

13. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. The balance at year end for premiums/discounts is shown as an increase or decrease in the liability section of the statement of net position. Bonds payable are reported independently of the applicable bond premium or discount. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

14. Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net position that applies to a future period, and therefore, will not be recognized as an inflow of resources (revenue) until that future time.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

15. Equity Classifications

Equity is classified as net position in the government-wide financial statements and displayed in three components:

Net Investment in Capital Assets - consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets less any unspent debt proceeds.

Restricted net position - consists of net position with constraints placed on their use either by: (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted net position - all net position that does not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, the District's policy is to use restricted resources first and then unrestricted resources.

Equity is classified as fund balance in the governmental funds financial statements and displayed in five components:

Non-spendable - includes amounts not in spendable form, such as inventory, or amounts required to be maintained intact legally or contractually.

Restricted - includes amounts constrained for a specific purpose by external parties (e.g. Debt Service, Capital Projects, and special revenue funds).

Committed - includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the District's highest level of decision making authority (the Board of Education). This formal action must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the Board that originally created the commitment.

Assigned - includes General Fund amounts constrained for a specific purpose by the Board of Education or by an official who has been delegated authority to assign amounts. The Board of Education has declared that the Chief Operating Officer and District Treasurer may assign amounts for a specific purpose. Additionally, all remaining positive spendable amounts in governmental funds, other than the General Fund, that are neither restricted nor committed are considered assigned. Assignments may take place after the end of the reporting period.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

15. Equity Classifications (Continued)

Unassigned - includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balances may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed or assigned for those specific purposes.

All fund balances presented as restricted are for the purpose of each of the respective funds as described above in the Government-Wide and Fund Financial Statements section of this note. At June 30, 2016, the assigned fund balance of \$2,425,257 and \$12,500,000 in the General Fund is cash to be transferred to the Debt Service Fund next fiscal year for capital lease obligations and principal repayment, and to the Operations and Maintenance Fund for capital projects, respectively. The non-spendable fund balance of \$150,000 at June 30, 2016 in the General Fund is funds held by the District's flexible benefit plan provider as required under contract. The non-spendable fund balance of \$318,094 and \$58,760 in the Operations and Maintenance and Transportation Funds, respectively, is for prepaid insurance. Lastly, \$3,097,465 is non-spendable in the General Fund for inventory of student built residential homes held for sale.

In circumstances where an expenditure is to be made for a purpose for which amounts are available in multiple fund balance classifications, the order in which resources will be expended in the General Fund is as follows: restricted fund balance followed by committed fund balance, assigned fund balance, and lastly, unassigned fund balance. In all other funds (Special Revenue, Debt Service, Capital Projects), assigned fund balances will be spent first, followed by committed fund balances, and then restricted fund balances.

The District targets an operating fund balance, excluding non-spendable fund balance, of approximately 33% of the next budget year's expenditures, representing approximately 4 months of operations.

16. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets, deferred outflows of resources, liabilities, and deferred inflows of resources at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

17. Expenditures in Excess of Budget

The General Fund had expenditures in excess of the budgeted amount of \$14,057,890 for the year ended June 30, 2016. This fluctuation is attributable to On-behalf payments to TRS from the State in excess of budget of \$17,513,924. Similarly, On-behalf revenues were over budget by the same amount.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

18. **Fund Balance Deficit**

The Fire Prevention and Life Safety Fund had a deficit fund balance of \$516,264 as of June 30, 2016. District management expects to fund this deficit through a transfer from the General Fund in early fiscal 2017.

19. **Change in Accounting Principle**

In February 2015, GASB issued statement No. 72 - *Fair Value Measurement and Application*. The objective of this statement is to provide guidance for determining a fair value measurement for financial reporting purposes as well as to provide guidance for applying fair value to certain investments and disclosures related to all fair value measurements. This standard was implemented effective July 1, 2015.

NOTE B - DEPOSITS AND INVESTMENTS

At June 30, 2016, the District's cash and investments consisted of the following:

	<u>Governmental</u>	<u>Fiduciary</u>	<u>Total</u>
Cash and investments	<u>\$ 143,728,832</u>	<u>\$ 2,098,385</u>	<u>\$ 145,827,217</u>

For disclosure purposes, this amount is classified into the following categories: cash on hand, deposits with financial institutions (which include amounts held in demand accounts, savings accounts, and nonnegotiable certificates of deposit), U.S. Treasuries, and ISDLAF+ Term Series investments.

	<u>Cash</u>	<u>Investments</u>	<u>Total</u>
Cash on hand	\$ 26,600	\$ -	\$ 26,600
Deposits with financial institutions	394,997	137,152,028	137,547,025
ISDLAF+ Term Series	-	5,155,500	5,155,500
U.S. Treasuries	-	3,098,092	3,098,092
	<u>\$ 421,597</u>	<u>\$ 145,405,620</u>	<u>\$ 145,827,217</u>

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District's investments detailed in the interest rate risk table below are measured using the market valuation method and Level 2 valuation inputs.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE B - DEPOSITS AND INVESTMENTS (Continued)

1. Interest Rate Risk

The District's investment policy seeks to ensure preservation of capital in the District's overall portfolio. The highest return on investments is sought, consistent with the preservation of principal and prudent investment principles. The investment portfolio is required to provide sufficient liquidity to pay District obligations as they come due, considering maturity and marketability. The investment portfolio is also required to be diversified as to maturities and investments, as appropriate to the nature, purpose, and amount of funds. The District will also consider investments in local financial institutions, recognizing their contribution to the community's economic development.

At year end, the District had the following investments:

	Fair Value	Investment Maturity (In Years)			
		Less than one	1 - 5	5 - 10	More than 10
ISDLAF+ Term Series	\$ 5,155,000	\$ 5,155,000	\$ -	\$ -	\$ -
U.S. Treasuries	3,098,092	3,098,092	-	-	-
Total	<u>\$ 8,253,092</u>	<u>\$ 8,253,092</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

2. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State statutes limit the investments in commercial paper and corporate bonds to the top three rating of two nationally recognized statistical rating organizations (NRSRO's). The District's investment policy authorizes investments in any type of security as permitted by Sections 2 through 6 of the Illinois Public Funds Investment Act.

The Illinois School District Liquid Asset Fund Plus (ISDLAF+) is a not-for-profit investment trust formed pursuant to the Illinois Municipal Code and managed by a Board of Trustees elected from participating members. The trust is not registered with the SEC as an investment company. Term Series investments are not rated. Investments in ISDLAF+'s Term Series may be redeemed upon seven days' advance notice. Redemption prior to maturity may result in the realization of a loss on the investment, including a penalty in an amount necessary to recoup the Term Series penalty charges, losses and other costs attributable to the early redemption.

3. Concentration of Credit Risk

The District's investment policy requires diversification of the investment portfolio to minimize the risk of loss resulting from overconcentration in a particular type of security, risk factor, issuer, or maturity. The policy requires diversification strategies to be determined and revised periodically by the District Treasurer to meet the District's ongoing need for safety, liquidity, and rate of return.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE B - DEPOSITS AND INVESTMENTS (Continued)

4. Custodial Credit Risk

With respect to deposits, custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it. The District's investment policy limits the exposure to deposit custodial credit risk by requiring all deposits in excess of FDIC insurable limits to be secured by collateral in the event of default or failure of the financial institution holding the funds. At June 30, 2016, the bank balance of the District's deposits with financial institutions totaled \$142,768,787, of which \$4,101,100 was uninsured and uncollateralized.

With respect to investments, custodial credit risk is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District's investment policy limits the exposure to investment custodial credit risk by requiring that all investments be secured by private insurance or collateral.

NOTE C - PROPERTY TAX RECEIVABLE

The District must file its tax levy ordinance by the last Tuesday in December of each year. The tax levy ordinance was approved by the Board on December 10, 2015. The District's property tax is levied each year on all taxable real property located in the District, and becomes a lien on the property on January 1 of that year. The owner of real property on January 1 (the lien date) in any year is liable for taxes of that year.

The Cook County Assessor is responsible for the assessment of all taxable property within Cook County except for certain railroad property, which is assessed directly by the state. One third of the County is reassessed every year by the assessor.

The County Clerk adds the equalized assessed valuation of all real property in the County to the valuation of property assessed directly by the state (to which the equalization factor is not applied) to arrive at the base amount (the assessment base) used to calculate the annual tax rates, as described above. The equalized assessed valuation for the extension of the 2015 tax levy was \$6,544,051,768.

Property taxes are collected by the Cook County Collector/Treasurer, who remits to the District its share of collections. Taxes levied in one year become due and payable in two installments on March 1 and approximately thirty days after the final bills are mailed for the following year. The first installment is an estimated bill, and is 55% of the prior year's tax bill. The second installment is based on the current levy, assessment, and equalization, and any changes from the prior year will be reflected in the second installment bill.

The balance of the 2015 property tax levy not received as of June 30, net of 1% estimated uncollectable, is recorded as a receivable for fiscal 2016. The first installment of the 2015 levy and all receipts for levy years 2014 and prior received within 60 days of June 30 are recognized as revenue and are used to finance operations in fiscal 2016. The second installment of the 2015 levy and any other levy year receipts received after 60 days of June 30 are reflected as a deferred inflow of resources and will be used to finance operations in fiscal 2017.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE D - CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2016 was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
Capital assets, not being depreciated				
Land	\$ 1,456,291	\$ -	\$ -	\$ 1,456,291
Construction in progress	<u>18,018,408</u>	<u>21,114,859</u>	<u>31,226,539</u>	<u>7,906,728</u>
Total capital assets not being depreciated	<u>19,474,699</u>	<u>21,114,859</u>	<u>31,226,539</u>	<u>9,363,019</u>
Capital assets, being depreciated				
Buildings	249,492,905	30,510,358	232,860	279,770,403
Site improvements	34,733,840	1,229,424	-	35,963,264
Equipment	34,460,931	2,146,005	422,069	36,184,867
Vehicles	<u>10,696,499</u>	<u>1,083,915</u>	<u>727,426</u>	<u>11,052,988</u>
Total capital assets being depreciated	<u>329,384,175</u>	<u>34,969,702</u>	<u>1,382,355</u>	<u>362,971,522</u>
Less accumulated depreciation for:				
Buildings	110,732,532	7,467,328	232,860	117,967,000
Site improvements	19,991,398	2,707,436	-	22,698,834

NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE D - CAPITAL ASSETS (Continued)

Depreciation expense was charged to functions/programs of the District as follows:

Governmental activities

General Government

Regular programs	\$ 97,315
Special programs	4,315
Other instructional programs	95,292
Instructional staff	2,812
Facilities acquisition and construction	10,168,028
Operations and maintenance	575,606
Transportation	878,195
Food services	6,734
Central	<u>376,557</u>
	<u>\$ 12,204,854</u>

As of June 30, 2016 the District had approximately \$8,156,051 in outstanding commitments to contractors relating to construction in progress.

NOTE E - OPERATING LEASES

The District leased equipment, building and office facilities under non-cancelable operating leases. Total costs for such leases were \$864,479 for the year ended June 30, 2016.

In July 2014, the District entered into a ten-year, triple-net, operating lease agreement for the rental of an office building located at 1030 W. Higgins Road in Hoffman Estates, Illinois. This property was renovated in anticipation of its intended use as a special education facility opening in the fall of 2015. Annual base rent for this property commenced at \$72,000 with annual increases over the lease term. The District exercised its option to purchase this property in October 2015 for a pre-determined purchase price of \$1,510,000. The lease obligation terminated upon purchase.

The District also leased building and office space at 1544 Brandy Parkway, Streamwood. The three year renewal began on July 15, 2010 and required monthly rent of \$3,600 plus real estate taxes. On October 18, 2012, the Board of Education authorized the extension of this lease for an additional three year term with monthly rent of \$3,850. In May 2015, the District provided the landlord with 6 months written notice of its intent to cancel the lease effective November 2015.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE E - OPERATING LEASES (Continued)

In December, 2011 the District entered into a 48 month non-cancelable operating lease for various copy machines. Minimum monthly payments under this lease are \$57,434. This lease concluded in 2016 and a similar lease was not executed.

There are no future minimum lease payments under operating leases as of June 30, 2016, as all operating leases were terminated prior to this date.

The District currently rents four schools' stadium light poles and the ground at the base of the light poles for use by four mobile service providers for the operation of antenna facilities. Total rent received under these leases was \$134,699 for the year ended June 30, 2016. Lease terms are for 5 years, with a provision for three 5-year extensions.

Future projected receipts under the operating leases are as follows:

Year ended June 30	Total Future Minimum Lease Receipts
2017	152,670
2018	157,082
2019	161,623
2020	166,297
2021	<u>171,107</u>
	<u>\$ 808,779</u>

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE F - LONG-TERM LIABILITIES

The following is the long-term liability activity for the District for the year ended June 30, 2016:

	Balance June 30, 2015	Additions	Deletions	Balance June 30, 2016
General obligation bonds	\$ 11,380,000	\$ -	\$ 5,150,000	\$ 6,230,000
Unamortized premium	<u>147,492</u>	<u>-</u>	<u>81,601</u>	<u>65,891</u>
Total bonds payable	11,527,492	-	5,231,601	6,295,891
Capital lease	3,858,294	-	2,570,749	1,287,545
Net pension liability:				
TRS net pension liability	12,041,185	4,129,442	821,346	15,349,281
IMRF net pension liability	19,081,556	12,276,387	4,709,968	26,647,975
Other post employment benefits	17,335,153	1,968,856	804,282	18,499,727
Compensated absences	<u>1,733,293</u>	<u>1,790,564</u>	<u>1,733,293</u>	<u>1,790,564</u>
Total	<u>\$ 65,576,973</u>	<u>\$ 20,165,249</u>	<u>\$ 15,871,239</u>	<u>\$ 69,870,983</u>
	Due within one year			
General obligation bonds	\$ 3,210,000			
Capital lease	425,257			
Compensated absences	<u>1,790,564</u>			
	<u>\$ 5,425,821</u>			

The obligations for the compensated absences, TRS net pension liability and other post-employment benefits will be paid from the General Fund. The IMRF net pension liability will be paid from the Illinois Municipal Retirement Fund.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE F - LONG-TERM LIABILITIES (Continued)

1. General Obligation Bonds

The summary of activity in bonds payable for the year ended June 30, 2016 is as follows:

	Bonds Payable June 30, 2015	Debt Issued	Debt Retired	Bonds Payable June 30, 2016
School Bonds, Series 2012 (original amount \$9,995,000 due December 2017, interest at 1.0%	7,995,000	-	2,000,000	5,995,000
School Bonds, Series 2013 (original amount \$5,855,000 due December 2018, interest at 2.0%	3,385,000	-	3,150,000	235,000
Total	\$ 11,380,000	\$ -	\$ 5,150,000	\$ 6,230,000

At June 30, 2016, the District's future cash flow requirements for retirement of bond principal were as follows:

Year Ending	Principal	Interest	Total
June 30			
2017	3,210,000	47,425	3,257,425
2018	3,020,000	15,100	3,035,100
	\$ 6,230,000	\$ 62,525	\$ 6,292,525

These payments will be made from amounts budgeted for the debt service tax levies in future periods or transferred from the General Fund. There is \$996,449 in the Debt Service Fund to service the outstanding bonds payable. As of June 30, 2016, the District was in compliance with all significant bond covenants.

The District is subject to the Illinois School Code, which limits the bond indebtedness to 6.9% of the most recent available equalized assessed valuation of the District. As of June 30, 2016, the statutory debt limit for the District was \$451,539,572, of which \$444,022,027 is fully available.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE F - LONG-TERM LIABILITIES (Continued)

2. Capital Leases

In 2014, the District entered into two capital lease agreements with Apple, Inc. for the financing of approximately 13,300 iPad devices with combined proceeds of \$6,409,020. The provisions of the first lease agreement, executed in July 2013, requires three annual payments of \$1,127,696. The first payment was made upon execution of the lease, with subsequent payments to be made annually on the anniversary of the lease commencement date. Payments under this lease were concluded during fiscal 2016. Similarly, the second lease agreement, executed in May 2014, requires three annual payments of \$1,025,686. The first payment on this lease was made upon contract execution in May 2014 with subsequent payments to be made in May of the following two years. In April 2015, the District entered into a third capital lease with Apple, Inc. for the financing of an additional 3,000 iPad devices. The initial obligation of \$1,722,000 will be repaid over 4 years in equal payments of \$437,103 beginning in July 2015. The obligations for these leases will be paid out of the debt service fund. The iPad devices acquired under these lease agreements are not included in capital assets since the individual devices do not meet the District's capitalization threshold.

The future cash flow requirements for these leases are as follows:

Year Ending June 30	Principal	Interest	Total
2017	425,257	11,846	437,103
2018	429,170	7,933	437,103
2019	433,118	3,985	437,103
	<u>\$ 1,287,545</u>	<u>\$ 23,764</u>	<u>\$ 1,311,309</u>

NOTE G - RISK MANAGEMENT

The District is exposed to various risks of loss related to employee health benefits, worker's compensation claims, theft of, damage to, and destruction of assets, and natural disasters. To protect from the risk associated with worker's compensation claims, property damage and liability exposure, the District participates in a public entity risk pool: Secondary School Cooperative Risk Management Program (SSCRMP). The District pays annual premiums to the pool for insurance coverage. The arrangements with the pool provide that it will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of certain levels established by the pool. The District has purchased insurance from private insurance companies for life insurance and long-term disability insurance that is provided to District personnel. Premiums have been recorded as expenditures in the appropriate funds. There have been no significant reductions in insurance coverage in any of the past four years.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE G - RISK MANAGEMENT (Continued)

The District is self-insured for medical and dental coverage that is provided to District personnel. A third-party administrator processes claims for a monthly fee per participant. Expenditures are recorded as incurred in the form of direct contributions from the District to the third-party administrator for payment of employee health claims and administration fees. The District's liability will not exceed certain specified amounts per employee (\$275,000) or in the aggregate (125% of prior year claims), as provided by stop-loss provisions incorporated in the plan.

At June 30, 2016, total unpaid claims, including an estimate of claims that have been incurred but not reported to the administrative agent, totaled \$1,217,435. The estimates are developed based on reports prepared by the administrative agent. For the two years ended June 30, 2016 and June 30, 2015, changes in the liability reported in the General Fund for unpaid claims are summarized below:

	Claims Payable Beginning of Year	Claims and Changes in Estimates	Claims Payments	Claims Payable End of Year
Fiscal Year 2015	<u>\$ 2,640,787</u>	<u>\$ 26,658,212</u>	<u>\$ 28,127,039</u>	<u>\$ 1,171,960</u>
Fiscal Year 2016	<u>\$ 1,171,960</u>	<u>\$ 29,263,925</u>	<u>\$ 29,218,450</u>	<u>\$ 1,217,435</u>

NOTE H - RETIREMENT FUND COMMITMENTS

1. Teachers' Retirement System of the State of Illinois

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost sharing, multiple employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago.

The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action, with the Governor's approval. The State of Illinois maintains primary responsibility for the funding of the plan, but contributions from participating employers and members are also required. The TRS Board of Trustees is responsible for the System's administration.

TRS members include all active nonannuitants who are employed by a TRS-covered employer to provide services for which teacher certification is required. The active member contribution rate for the year ended June 30, 2015 was 9.4% of creditable earnings. The same contribution rate applies to members whose first contributing service is on or after January 1, 2011. These contributions, which may be paid on behalf of the employees by the employer, are submitted to TRS by the employer.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE H - RETIREMENT FUND COMMITMENTS (Continued)

1. Teachers' Retirement System of the State of Illinois (Continued)

The State of Illinois makes contributions directly to TRS on behalf of the District's TRS-covered employees.

On-behalf Contributions - The State of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2016, the State of Illinois contributions recognized by the District were based on the state's proportionate share of the collective net pension liability associated with the District, and the District recognized revenue and expenditures of \$56,057,620 in pension contributions from the State of Illinois.

The District makes other types of employer contributions directly to TRS.

2.2 Formula Contributions - Employers contributed 0.58% of total creditable earnings for the 2.2 formula change. This rate is specified by statute. Contributions for the year ended June 30, 2016 were \$610,500, and are deferred because they were paid after the June 30, 2015 measurement date.

Federal and Trust Fund Contributions - When TRS members are paid from federal and special trust funds administered by the District, there is a statutory requirement for the District to pay an additional employer pension contribution from those funds. Under a policy adopted by the TRS Board of Trustees that was first effective beginning in the fiscal year ended June 30, 2006, employer contributions for employees paid from federal and special trust funds will be the same as the state contribution rate to TRS.

Public Act 98-0674 now requires the two rates to be the same. For the year ended June 30, 2016, the District pension contribution 36.06 percent of salaries paid from federal and special trust funds. Contributions for the year ended June 30, 2016 were \$202,592, which was equal to the District's required contribution. These contributions are deferred because they were paid after the June 30, 2016 measurement

Early Retirement Option (ERO) - The District is also required to make one-time employer contributions to TRS for members retiring under the Early Retirement Option (ERO). The payments vary depending on the age and salary of the member.

Public Act 94-0004 made changes in the ERO program that were in effect for all ERO retirements in fiscal years 2008 through 2010. The act increased member and employer contributions and eliminated the waiver of member and employer ERO contributions that had been in effect for members with 34 years of service.

The maximum employer ERO contributions is 146.5% and applies when the member is age 55 at retirement. For the year ended June 30, 2016, the District incurred \$788,623 of TRS employer contributions under the ERO program.

Salary Increased Over 6% and Excess Sick Leave - Public Act 94-0004 added two additional employer contributions to TRS.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE H - RETIREMENT FUND COMMITMENTS (Continued)

1. Teachers' Retirement System of the State of Illinois (Continued)

If an employer grants salary increases over 6% and those salaries are used to calculate a retiree's final average salary, the employer makes a contribution to TRS. The contribution will cover the difference in actuarial cost of the benefit based on actual salary increases and the benefit based on salary increases of up to 6%.

For the year ended June 30, 2016, the District incurred \$40,445 of TRS employer contributions due on salary increases in excess of 6%.

If an employer grants sick leave days in excess of the normal annual allotment and those days are used as TRS service credit, the employer makes a contribution to TRS. The contribution is based on the number of excess sick leave days used as service credit, the highest salary used to calculate final average salary, and the TRS total normal cost rate.

For the year ended June 30, 2016, the District made no payments to TRS for sick leave days granted in excess of the normal annual allotment.

TRS Fiduciary Net Position - Detailed information about the TRS's fiduciary net position as of June 30, 2015 is available in the separately issued TRS Comprehensive Annual Financial Report.

Collective Net Pension Liability - At June 30, 2016, the District reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the District. The state's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the collective net pension liability	\$ 15,349,281
State's proportionate share of the collective net pension liability associated with the District	<u>684,226,671</u>
Total	<u>\$ 699,575,952</u>

The net position liability was measured as of June 30, 2015, and the total pension liability used to calculate the net position liability was determined by an actuarial valuation as of June 30, 2014, and rolled forward to June 30, 2015. The District's proportion of the net pension liability was based on the District's share of contributions to TRS for the measurement year ended June 30, 2015, relative to the projected contributions of all participating TRS employers and the state during that period. At June 30, 2015, the District's proportion was 0.0234304 percent, which was an increase of 18.42% from its proportion measured as of June 30, 2014.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE H - RETIREMENT FUND COMMITMENTS (Continued)

1. Teachers' Retirement System of the State of Illinois (Continued)

Summary of Significant Accounting Policies - For purposes of measuring the collective net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of TRS and additions to/deductions from TRS fiduciary net position have been determined on the same basis as they are reported by TRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Actuarial Assumptions - The assumptions used to measure the total pension liability in the June 30, 2015 actuarial valuation included (a) 7.50% investment rate of return net of pension plan investment expense, including inflation; (b) projected salary increases varies by amount of service credit; and (c) inflation of 3.00%.

The actuarial assumptions for the years ended June 30, 2015 and 2014 were different. The actuarial assumptions used in the June 30, 2015 valuation were based on the 2015 actuarial experience analysis. The investment return assumption remained at 7.5 percent, salary increase assumptions were lowered, retirement rates were increased, mortality updates were made and other assumptions were revised. The actuarial assumptions used in the June 30, 2014 valuation were based on updates to economic assumptions adopted in 2014 which lowered the investment return assumption for 8.0 percent to 7.5 percent. The salary increase and inflation assumptions were also lowered from their 2013 levels.

Mortality - Mortality rates were based on the RP-2014 White Collar Table with adjustments as appropriate for TRS experience. The rates are used on a fully-generational basis using projection table MP-2014.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE H - RETIREMENT FUND COMMITMENTS (Continued)

1. **Teachers' Retirement System of the State of Illinois** (Continued)

Long-Term Expected Real Rate of Return - The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates or arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. large cap	18.00%	7.53%
Global equity excluding U.S.	18.00%	7.88%
Aggregate bonds	16.00%	0.02%
U.S. TIPS	2.00%	2.82%
NCREIF	11.00%	5.11%
Opportunistic real estate	4.00%	9.09%
ARS	8.00%	0.03%
Risk parity	8.00%	4.87%
Diversified inflation strategy	1.00%	3.26%
Private equity	14.00%	12.33%

Discount Rate - At June 30, 2015, the discount rate used to measure the total pension liability was a blended rate of 7.47 percent, which was a change from the June 30, 2014 rate of 7.50 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2015 was not projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier I's liability is partially-funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. Despite the subsidy, all projected future payments were not covered, so a slightly lower long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability. At June 30, 2014, the discount rate used to measure the total pension liability was 7.50 percent. The discount rate was the same as the actuarially-assumed rate of return on investments that year because TRS's fiduciary net position and the subsidy provided by Tier II were sufficient to cover all projected benefit payments.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE H - RETIREMENT FUND COMMITMENTS (Continued)

1. Teachers' Retirement System of the State of Illinois (Continued)

Discount Rate Sensitivity - The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.47 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.47 percent) or 1 percentage point higher (8.47 percent) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
District's proportionate share of the collective net pension liability	\$ 18,967,948	\$ 15,349,281	\$ 12,381,876

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - For the year ended June 30, 2016, the District recognized pension expense of \$3,318,211 and on-behalf revenue of \$56,057,620 for support provided by the state. At June 30, 2016, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 5,704	\$ 16,825
Net difference between projected and actual earnings on pension plan investments	303,982	537,481
Changes of assumptions	212,265	-
Changes in proportion and differences between District contributions and proportionate share of contributions	1,856,162	766,666
District contributions subsequent to the measurement date	813,092	-
Total	\$ 3,191,205	\$ 1,320,972

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS

NOTE H - RETIREMENT FUND COMMITMENTS (Continued)

1. Teachers' Retirement System of the State of Illinois (Continued)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued) - The amount reported as deferred outflows resulting from contributions subsequent to the measurement date in the above table will be recognized as a reduction in the net pension liability for the year ending June 30, 2017. The remaining amounts reported as deferred outflows and inflows of resources related to pensions of \$1,057,141 will be recognized in pension expense as follows:

	Year Ending June 30,	Amount
2017		\$ 174,973
2018		174,973
2019		174,973
2020		532,222
2021		-
Thereafter		-
		\$ 1,057,141

TRS financial information, an explanation of TRS benefits, and descriptions of member, employer, and state funding requirements can be found in the TRS *Comprehensive Annual Financial Report* for the year ended June 30, 2015. The report for the year ended June 30, 2016 is expected to be available in late 2016.

The reports may be obtained by writing to the Teachers' Retirement System of the State of Illinois, PO Box 19253, 2815 West Washington Street, Springfield, Illinois 62794-9253. The most current report is also available on the TRS Web site at trs.illinois.gov.

THIS Fund Employer Contributions

The District participates in the Teachers' Health Insurance Security (THIS) Fund, a cost sharing, multiple-employer defined benefit postemployment healthcare plan that was established by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants may participate in the state-administered participating provider option plan or choose from several managed care options.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The Illinois Department of Healthcare and Family Services (HFS) and the Illinois Department of Central Management Services (CMS) administer the plan with the cooperation of TRS. The Director of HFS determines the rates and premiums for annuitants and dependent beneficiaries and establishes the cost-sharing parameters. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to the TRS who are not employees of the state to make a contribution to the THIS Fund.

NOTE H - RETIREMENT FUND COMMITMENTS (Continued)

1. Teachers' Retirement System of the State of Illinois (Continued)

THIS Fund Employer Contributions (Continued)

The percentage of employer required contributions in the future will be determined by the Director of Healthcare and Family Services and will not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year.

On-behalf Contributions to the THIS Fund - The State of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to match contributions to the THIS Fund from active members which were 1.07% of pay during the year ended June 30, 2016. State of Illinois contributions were \$1,126,304 and the District recognized revenue and expenditures of this amount during the year.

State contributions intended to match active member contributions during the years ended June 30, 2015 and June 30, 2014 were 1.02% and 0.97%, respectively of pay. State contributions on behalf of District employees were \$1,077,422 and \$1,005,699 for those years, respectively.

The District also makes contributions to the THIS Fund. The employer THIS Fund contribution was 0.80% during the year ended June 30, 2016, and 0.76% and 0.72%, respectively during the years ended June 30, 2015 and June 30, 2014. For the year ended June 30, 2016 the District paid \$842,096 to the THIS Fund. For the years ended June 30, 2015 and June 20, 2014, the District paid \$802,785 and \$746,498, respectively to the THIS Fund, which was 100% of the required contribution.

The publicly available financial report of the THIS Fund may be obtained by writing to the Department of Healthcare and Family Services, 201 S. Grand Avenue, Springfield, Illinois 62763-3838.

2. Illinois Municipal Retirement Fund

Plan Description - The District's defined benefit pension plan for regular employees provides retirement and disability benefits, postretirement increases, and death benefits to plan members and beneficiaries. The District plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent, multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained on-line at www.imrf.org.

All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. Public Act 96-0889 created a second tier for IMRF's Regular Plan. IMRF assigns a benefit tier to a member when he or she is enrolled in IMRF. The tier is determined by the member's first IMRF participation date. If the member first participated in IMRF before January 1, 2011, they participate in *Regular Tier 1*. If the member first participated in IMRF on or after January 1, 2011, they participate in *Regular Tier 2*.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE H - RETIREMENT FUND COMMITMENTS (Continued)

2. Illinois Municipal Retirement Fund (Continued)

For *Regular Tier 1*, pension benefits vest after eight years of service. Participating members who retire at or after age 60 with 8 years of service are entitled to an annual retirement benefit, payable monthly for life in an amount equal to 1 2/3% of their final rate (average of the highest 48 consecutive months earnings during the last 10 years) of earnings for each year or credited service up to 15 years and 2% for each year thereafter. For *Regular Tier 2*, pension benefits vest after ten years of service. Participating members who retire at or after age 67 with 10 years of service, or age 62 with 35 years of service are entitled to an annual retirement benefit as described above. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

Plan Membership - At December 31, 2015, the measurement date, membership of the plan was as follows:

Retirees and beneficiaries	963
Inactive, non-retired members	791
Active members	1,055
Total	2,809

Contribution - As set by statute, District employees participating in IMRF are required to contribute 4.50 percent of their annual salary. The statute requires the District to contribute the amount necessary, in addition to the member contributions, to finance the retirement coverage of its own employees. The District's actuarially determined contribution rate for calendar year 2015 was 11.67 percent of annual covered payroll. The District also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability/(Asset) - The net pension liability/(asset) was measured as of December 31, 2015, and the total pension liability used to calculate the net pension liability/(asset) was determined by an annual actuarial valuation as of that date.

Summary of Significant Accounting Policies - For purposes of measuring the net pension liability/(asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of IMRF and additions to/deductions from IMRF fiduciary net position have been determined on the same basis as they are reported by IMRF. For this purpose, benefit payments (including refunds or employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Actuarial Assumptions - The assumptions used to measure the total pension liability in the December 31, 2015 annual actuarial valuation included (a) 7.50% investment rate of return, (b) projected salary increases from 3.75% to 14.50%, including inflation, and (c) inflation of 2.75%; no explicit price inflation used in this valuation. The retirement age is based on experience-based table of rates that are specific to the type of eligibility condition. The tables were last updated for the 2014 valuation pursuant to an experience study of the period 2011-2013.

NOTE H - RETIREMENT FUND COMMITMENTS (Continued)

2. Illinois Municipal Retirement Fund (Continued)

Mortality - For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Long-Term Expected Real Rate of Return - The long-term expected rate of return on pension plan investments was determined using an asset allocation study in which best-estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) were developed for each major asset class. These ranges were combined to produce long-term expected rate of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Projected Returns/Risk		
	Target Allocation	One Year Arithmetic	Ten Year Geometric
Equities	38.00%	8.85%	7.39%
International equities	17.00%	9.55%	7.59%
Fixed income	27.00%	3.05%	3.00%
Real estate	8.00%	7.20%	6.00%
Alternatives	9.00%		
Private equity		13.15%	8.15%
Hedge funds		5.55%	5.25%
Commodities		4.40%	2.75%
Cash equivalents	1.00%	2.25%	2.25%

NOTE H - RETIREMENT FUND COMMITMENTS (Continued)

2. Illinois Municipal Retirement Fund (Continued)

Discount Rate - The discount rate used to measure the total pension liability for IMRF was 7.48%. The discount rate calculated using the December 31, 2014 measurement date was 7.49%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the fiduciary net position was projected not to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on investments of 7.50% was blended with the index rate of 3.57% for tax exempt 20-year general obligation municipal bonds with an average AA credit rating at December 31, 2015 to arrive at a discount rate of 7.48 used to determine the total pension liability. The year ending December 31, 2088 is the last year in the 2016 to 2115 projection period for which projected benefit payments are fully funded.

Discount Rate Sensitivity - The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents the pension liability of the District calculated using the discount rate of 7.48% as well as what the net pension liability/(asset) would be if it were to be calculated using a discount rate that is 1 percentage point lower (6.48%) or 1 percentage point higher (8.48%) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
Total pension liability	\$ 248,445,668	\$ 221,879,869	\$ 199,798,798
Plan fiduciary net position	<u>195,231,894</u>	<u>195,231,894</u>	<u>195,231,894</u>
Net pension liability/(asset)	<u>\$ 53,213,774</u>	<u>\$ 26,647,975</u>	<u>\$ 4,566,904</u>

NOTE H - RETIREMENT FUND COMMITMENTS (Continued)

2. Illinois Municipal Retirement Fund (Continued)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - For the year ended June 30, 2016, the District recognized pension expense of \$6,963,881. The District reported deferred outflows and inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 147,930	\$ 2,556,133
Assumption changes	4,092,757	-
Net difference between projected and actual earnings on pension plan investments	12,517,562	-
Contributions subsequent to the measurement date	2,362,850	-
Total	\$ 19,121,099	\$ 2,556,133

The amount reported as deferred outflows resulting from contributions subsequent to the measurement date in the above table will be recognized as a reduction in the net pension liability/(asset) for the year ending June 30, 2017. The remaining amounts reported as deferred outflows and inflows of resources related to pensions of \$14,202,116 will be recognized in pension expense as follows:

	Amount
Year Ending December 31,	
2016	\$ 5,021,042
2017	3,616,872
2018	2,826,435
2019	2,737,767
2020	-
Therefore	-
Total	\$ 14,202,116

3. Social Security/Medicare

Employees not qualifying for coverage under the Illinois Teachers' Retirement System or the Illinois Municipal Retirement Fund are considered "non-participating employees". These employees and those qualifying for coverage under the Illinois Municipal Retirement Fund are covered under Social Security/Medicare. The District paid the total required contribution for the current fiscal year.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE I - OTHER POST EMPLOYMENT BENEFITS

Plan Description - The District administers a single-employer defined benefit healthcare plan ("the Retiree Health Plan"). The plan provides the ability for retirees and their spouses to access the District's group health insurance plan during retirement, provided they are on the group health insurance plan at the time of retirement. Effective in 2008, only Illinois Municipal Retirement Fund (IMRF) retirees may access the health insurance plan during retirement years. If a retiree elects to leave the health plan they may not return to the plan in a future year. Retirees are responsible to contribute a premium toward the cost of their insurance. Retirees may also access dental and life insurance benefits on a "direct pay" basis. For 2016, 1,081 former employees or spouses accessed a postemployment benefit(s) through the District.

Funding Policy - Retirees under the age of 65 contribute the full Consolidated Omnibus Budget Reconciliation Act (COBRA) equivalent rate. The contributions required by the District are negotiated between the District and union representatives. Retirees who are Medicare eligible may access a Medicare supplemental policy through the District. Currently, the District contributes 41% of the postemployment benefits. For fiscal year 2016, the District contributed \$804,282 toward the cost of the postemployment benefits for retirees.

Annual OPEB Cost and Net OPEB Obligation - The District's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District's net OPEB obligation to the Retiree Health Plan:

	<u>June 30, 2016</u>
Annual required contribution	\$ 1,853,288
Interest on net OPEB obligation	693,406
Adjustment to annual required contribution	(577,838)
Annual OPEB cost	1,968,856
Contributions made	804,282
Increase in net OPEB obligation	1,164,574
Net OPEB obligation beginning of year	17,335,153
Net OPEB obligation end of year	\$ 18,499,727

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE I - OTHER POST EMPLOYMENT BENEFITS (Continued)

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal year 2016 and the two preceding fiscal years were as follows:

Fiscal Year End	Annual OPEB Cost	Percentage Annual OPEB Cost Contributed	Net OPEB Obligation
06/30/16	\$ 1,968,856	40.9%	\$ 18,499,727
06/30/15	\$ 1,692,754	44.6%	\$ 17,335,153
06/30/14	\$ 3,655,086	26.5%	\$ 16,397,918

Funding Status and Funding Progress - As of June 30, 2016, the actuarial accrued liability for benefits was \$29,219,783, all of which was unfunded. The covered payroll (annual payroll of active employees covered by the plan) was \$138,139,551 for the year ended June 30, 2016; and the ratio of the unfunded actuarial liability to the covered payroll was 21.2%.

The projection of future benefit payments for an ongoing plan involved estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Methods and Assumptions - Projections of benefits for financial reporting purposes are based on the substantive plan (the plan understood by the employer and plan members) and includes the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Township High School District 211

Mortality, Turnover, Disability, Retirement ages	Same rate utilized for IMRF
Percentage of active employees assumed to elect benefit	60%
Employer provided benefit	Age adjusted averages Represents the average of the averages \$.095/\$1000 of life insurance until age 65

*Includes inflation at 3.00%

NOTE J - JOINT AGREEMENTS

The District is a member of various joint agreements that provide certain special education services to residents of many school districts. The District believes that because it does not control the selection of the governing authority and because of the control over employment of management personnel, operations, scope of public service, and special financing relationships exercised by the joint governing boards, these are not included as component units of the District.

Township High School District 211
NOTES TO THE FINANCIAL STATEMENTS
As of and for the Fiscal Year Ended June 30, 2016

NOTE K - INTERFUND TRANSFERS

The District transferred \$2,000,000 from the General Fund to the Debt Service Fund during the year ended June 30, 2016. This amount was used to pay bond principal. The District also transferred \$2,570,749 and \$19,735 from the General Fund to the Debt Service Fund during the year ended June 30, 2016. These amounts represent principal and interest, respectively, on capital leases.

State law allows for the above transfers.

NOTE L - CONTINGENCIES

1. Litigation

The District is a defendant in various lawsuits. Although the outcomes of these lawsuits are not presently determinable, the District and its attorneys believe that the District has meritorious defenses against each and will vigorously defend each suit.

2. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the District expects such amounts, if any, to be immaterial.

NOTE M - EFFECT OF NEW ACCOUNTING STANDARDS ON CURRENT PERIOD
FINANCIAL STATEMENTS

The Governmental Accounting Standards Board (GASB) has approved GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, GASB Statement No. 77, *Tax Abatement Disclosure*, GASB Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*, GASB Statement No. 80, *Blending Requirements for Certain Component Units an amendment of GASB Statement No. 14*, GASB Statement No. 81, *Irrevocable Split-Interest Agreements*, and GASB Statement No. 82, *Pension Issues an amendment of GASB Statement No. 67, No. 68 and No. 73*. Application of these standards may restate portions of these financial statements.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
As of and for the Fiscal Year Ended June 30, 2016

1. LEGAL COMPLIANCE AND ACCOUNTABILITY - BUDGETS

The Board of Education follows these procedures in establishing the budgetary data reflected in the financial statements:

- a) The Administration submits to the Board of Education a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.
- b) Public hearings are conducted and the proposed budget is available for inspection to obtain comments.
- c) By September 30, the budget is legally adopted through passage of a resolution. By the last Tuesday in December each year, a tax levy resolution is filed with the County Clerk to obtain tax revenues.
- d) Management is authorized to transfer budget amounts, provided funds are transferred between the same function and object codes. The Board of Education is authorized to transfer up to a legal level of 10% of the total budget between functions within a fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Education after the public hearing process mandated by law.
- e) Formal budgetary integration is employed as a management control device during the year for the governmental funds.
- f) Budgetary control is maintained at line-item levels and built up into program and/or cost centers before being combined to form totals by fund. All actual activity compared to budget is available to the District's management in real time. These expenditure reports list each item's year-to-date expenditure, budget amount, and account balance.
- g) The budget amounts shown in the financial statements are as originally adopted by the Board of Education on September 17, 2015.
- h) All budget appropriations lapse at the end of the fiscal year.

2. EXPENDITURES IN EXCESS OF BUDGET

The General Fund had expenditures in excess of the budgeted amount of \$14,057,890 for the year ended June 30, 2016. This fluctuation is attributable to On-behalf payments to TRS from the State in excess of budget of \$17,513,924. Similarly, On-behalf revenues were over budget by the same amount.

See Independent Auditors' Report.
