Free Period Options

Introduction
The purpose of the Option Program is to give students a greater range of choices than exists in our study hall system. With the offering of additional freedom also comes additional responsibility. **Students must be responsible for their academic achievement and for mature use of the Option Program.**

Leaving Campus
Fremd High School does not have an open campus policy. Only the following people are permitted to leave campus:

1. A student who has finished his/her class day and is formally dismissed.
2. A student who is in the work program and leaves to go to his/her job.
3. A senior or junior student whose parent has given written permission and who has signed an off-campus agreement form may be dismissed for his/her designated lunch period only. **A specially coded I.D. card must be presented each day to leave the building.**
4. Freshmen and sophomores will be issued off-campus lunch passes only if staying at school for lunch would create a hardship. Parents must see the Assistant Principal in these cases.

**NO MATTER WHAT OPTION YOU CHOOSE, YOU MUST STAY THERE DURING THE LAST FIVE MINUTES OF THE PERIOD.**

**NOTE:** **THE FRONT OF THE BUILDING AND THE PARKING LOT ARE NON-OPTION AREAS.**
Compulsory Study Hall

Reasons for Losing Option Privileges
Students will be required to attend compulsory study hall for the following reasons:

1. Being marked as “PF” or “F” on a midterm notice or earning a “D” or an “F” at any grading period
2. Begin in a non-option hallway or area without a valid hall pass
3. Repeatedly violating behavior rules in an option area
4. Refusing to present a school I.D. to any District 211 staff member upon request
5. Leaving the school building without off-campus privileges
6. Leaving the school building during a period other than their lunch hour without prior excusal
7. Being dropped from a class for disciplinary reasons
8. Dropping a class after the 6-day audit

Only a valid work permit from a teacher with administrative permission will permit a student to leave compulsory study hall.

VAMP Program
All freshmen participate in the VAMP program first semester. VAMP meets during half of the assigned lunch period and covers important topics including school procedures, academic planning, and adjustment to high school. Freshmen who have any first semester “D” or “F” grades will be placed into a guided study hall second semester. Guided study hall meets for half of the assigned lunch period. The guided study hall program seeks to develop positive academic habits and includes regular grade checks. Students may be released from the guided study hall by earning grades of “C” or better in all their classes.

Sophomore/Junior/Senior Failure Notices
Sophomore, junior, or senior students who are earning a “D” or an “F” on a nine-week grade report will be referred to the tutoring center or assigned to Compulsory Study Hall if they have an option study hall in their schedule. This center is staffed by Fremd High School teachers from many academic areas. These students can be released back to their option period at future marking periods by earning a “C” or better in their classes.

Physical Education Medical Excuse and Withdrawal from Class
A student who has a medical excuse from P.E. will be assigned to compulsory study hall.

Student I.D.s
Students who do not bring a current school-issued I.D. card to school are responsible for obtaining a temporary I.D. upon entering the building. Failure to do so could result in disciplinary consequences. A student with a temporary I.D. will not have off-campus privileges, computer/Internet access, or Library privileges.

Students who have their I.D. card, but do not wear and properly display it, could be subject to disciplinary consequences.

Hallways
Those hallways indicated as free movement hallways make it possible for a student to go from one option area to another during the option period. Loitering in halls or washrooms is not permitted. Noise in hallways must be kept at a minimum due to the proximity of academic classrooms. A hallway is not an option area.

Supervision of Hallways by Faculty and Support Staff Members
District 211 staff members are located throughout hallways to maintain an orderly and safe learning environment. If asked by a staff member to show their I.D. or to identify their destination, students must comply with these requests. Failure to comply will result in disciplinary consequences.

Tobacco/E-Cigarettes
Smoking and use or possession of tobacco, e-cigarettes, or vapes is not permitted in school, on school grounds, or on school buses.

Emergency Procedures

In cooperation with local and State authorities, all precautions are taken for the safety and protection of students and staff.

Safety drills are held periodically, including fire, severe weather, and lock-down. During any emergency situation or drill, it is important for students to follow directions from staff. Specific exiting directions are posted in all classrooms and hallways.

In the case of severe weather or other particular emergency situations, students will stay in the building in safe areas. They will not be released from school until allowed to do so by authorized personnel.

If school is not in session and severe weather or another emergency will cause school to be closed, High School District 211 utilizes a district-wide communication system. Parents are encouraged to keep all phone numbers and email addresses up to date in order to receive such communications. Parents also are advised to log-on to the District 211 website (adc.d211.org) or listen to the radio or television. In the event of an emergency, please try to avoid calling the school as this will tie up emergency telephone lines.
Admission Requirements

To enroll a student in a District 211 school, a parent or legal guardian must present the following: (1) the student’s original birth certificate; (2) results of a student’s physical examination; (3) record of required immunizations; and (4) proof of residency in the school’s attendance area. Proof of residency may include a current lease, mortgage agreement, contract to purchase, or gas or electric utility bill in the name of the student’s parent or legal guardian.

The birth certificate must be presented within the first 30 days of enrollment. Birth certificate verification is necessary for driver education, athletic eligibility, and work permits.

The physical examination must have been completed within 12 months of the first day of class.

Immunization records must include, but are not limited to the following immunizations against measles, mumps, rubella, tetanus, diphtheria, T-dap, polio, varicella, pertussis, meningococcal, and hepatitis B. To protect the health of all students, a student whose records are not current will not be permitted in school. A tetanus-diptheria booster is required if it has been 10 years since the previous immunization.

Transfer students must meet admission requirements. The birth certificate must be submitted within the time period stated above. The physical examination and immunization record must be submitted within 30 days of enrollment unless your child is an incoming ninth grader transferring from a school within Illinois. If your child is a ninth grader transferring from an Illinois school, the physical and immunization requirements must be met before your child can begin school. If records from the school previously attended include a report of a physical examination and immunizations taken after completing eighth grade, transfer of these records may meet the requirement. Transfer students from out of state must submit a physical examination completed within the previous twelve months.

Attendance

Daily attendance at school is required by State Law.

Success in school is linked closely with being in the classroom, joining in class discussion, and doing the assigned work on a regular basis. In the classroom, students can take full advantage of classmates’ ideas, teacher explanations of assignments, and other material that enriches learning.

There is no way to duplicate the same classroom experience after a student has been absent.

Absence

Parents should call the attendance office by 10:00 a.m. when a student is too ill to attend school. This telephone call allows the student to come to class the next day with little or no delay. Parents are requested to notify school personnel no later than 24 hours after the absence. If parents do not call, the student’s absence will be considered truant until a parent authorizes the absence. School staff will attempt to contact parents when students are absent and a parent call has not been received.

An authorized absence means the student is not present in the school, assigned classroom, or on the campus.

Students are not to leave school before their regular dismissal time without the permission of an administrator or the nurse. Once students have permission to leave, they must sign out in the attendance office and leave the building.

While daily attendance is required, students may occasionally miss school for the following reasons:

- Serious illness or death in the family (inform the school as soon as reasonably possible).
- Court appearance.
- Doctor or dental appointments.
- Pre-arranged college visits (must be made two days in advance).

If one of these situations occurs, parents should call the attendance office at least 24 hours in advance of the absence. For court, doctor, or dental appointments during the school day, the student must sign out in the attendance office. Students may not be excused from any class in order to complete work, make-up work, or take a test or quiz.

All work assigned when the student was absent is to be made up after the student’s return to school.

Results of Excessive Absences

Absences will be recorded on a per semester basis. Any student with excessive absences may be required to produce a medical authorization verifying the reason for his or her absences. Any of the following interventions or procedures may be utilized for students who accumulate six or more absences:

- 6 Days of Absence: Parents may be notified by letter, email or other direct communication.
- An administrator may meet with the student to discuss the reason for the absences. An informed reason could postpone a conference with the parent.
- An administrator may request a parent conference.
- If no extenuating circumstances exist, the number of courses in which student participation and credit is allowed may be reduced.

If a student is absent for 15 consecutive days, it is possible that the student may not earn course credit.

Work and Social Events

A student who is too ill to attend school may not attend work-study jobs, social, or athletic events.

Special Absence Policies

Family Vacations: The District discourages vacations that keep students from school because lost time from school places students at a disadvantage. Requests from parents to excuse students for vacations with members of the immediate family (family vacations) are considered on an individual basis. The school will not excuse a student for a vacation in which the student is not accompanied by a parent or guardian.

To obtain approval for a family vacation, please follow these steps:

- Parents should make the request by telephone far enough in advance so students can have their teachers sign the excusal form five school days in advance of the vacation. The signed form must be submitted to the attendance office.
- A school administrator must approve the request.
- Students are responsible for making arrangements with each teacher for turning in daily work missed during the absences.

College Visitations: College-bound juniors and seniors may be excused for two days for college visits. These absences must be prearranged through the attendance office.

Transfer Students

Transfer students must meet admission requirements. The birth certificate must be submitted within the time period stated above. The physical examination and immunization record must be submitted within 30 days of enrollment unless your child is an incoming ninth grader transferring from a school within Illinois. If your child is a ninth grader transferring from an Illinois school, the physical and immunization requirements must be met before your child can begin school. If records from the school previously attended include a report of a physical examination and immunizations taken after completing eighth grade, transfer of these records may meet the requirement. Transfer students from out of state must submit a physical examination completed within the previous 12 months.
School Discipline

Students who attend District 211 schools are expected to attend assigned classes, work conscientiously in all classes, exhibit good school citizenship, and obey the policies established by the Board of Education. Teachers and school officials maintain order and safety in the classroom and school environment so that all students may learn. If a student's behavior becomes so offensive or disruptive that it interferes with the instructional process or learning environment, the student will be sent directly to the discipline office to be seen by an administrator. A student may be addressed for inappropriate behavior or for the investigation into a possible disciplinary or school safety incident by any school administrator. The use of corporal punishment is not permitted in High School District 211.

Class Truancy

Students are truant when they are absent from classes or school without permission (see Absence, page 4). Students who are truant from class will be dealt with an increasing measures of discipline including parent telephone conferences, after school detentions, lunch detention, loss of half of lunch period, revocation of privileges, written notification sent home to parents, in-school suspensions, and assignment to reassigned learning time, and possible loss of course credit.

Students who are truant will be expected to make arrangements with the teacher to complete all work assigned when the student was absent.

School Truancy

Incidents of school truancy may include any of the following progressive sequence of consequences:

- Loss of privileges;
- Detentions;
- Notification sent to parents; student may not be admitted to classes on the day following repeated tardiness until a parent telephone conference is held;
- A student may be suspended pending a successful parent conference;
- The administrator may assign penalties at his or her discretion, including possible reduction in the number of credits a student may earn.
- If tardiness persists, a student may be considered insubordinate and face additional consequences.

Dress Code (Student Appearance Policy)

Students' dress and grooming must not disrupt the educational process, interfere with the maintenance of a positive teaching/learning climate, or compromise reasonable standards of health, safety, and decency. Specifically, the following is prohibited at school or at school-sponsored events:

a. Clothing which depicts tobacco, alcohol, or illegal substances in any way.

b. Clothing which depicts graphics or wording with sexual, vulgar, lewd, or indecent meanings or connotations, or clothing which by community standards is indecent for purposes of educational and school activity. Students must be adequately clothed.

c. Clothing which identifies one with a gang or with a group whose purpose or effect is to interfere with the operation of the school or school activities or with the safety and security of students and staff.

d. Coats, jackets, caps, bandanas, “do-rags,” and hats, except when arriving at, or departing from school or attending after-school activities. Coats, jackets, blankets, caps, bandanas, “do-rags,” and hats are inappropriate in an educational institution and threaten the educational process and compromise safety. They may not be worn anywhere in the school during the school day (except as required for religious or medical purposes). This policy, also enforced during summer school, is established to ensure the health, security, and safety of students. For the purpose of this policy, jackets or coats are defined as any outer garments which are usually worn over indoor clothing for protection from outside elements.

e. Students may not wear any hat which has a hood. Students may not wear the hood over their head during the school day and must comply with any request to remove the hood. Failure to comply will be considered insubordination and will result in disciplinary consequences.

f. Clothing or accessories that may damage school property or be readily used as a weapon.

g. Clothing with graphics or wording which depicts violence in any form.

 Students who do not comply with the student appearance policy are subject to disciplinary action. Depending on the severity of the offense, the number of offenses, and the interference or threat of interference with the operation of the school or the safety and security of students or staff, students may be warned, asked to change objectionable clothing, assigned to Saturday School, excluded from school activities or events, suspended from school pending a parent conference, and/or recommended for expulsion. As used in this policy, the word “clothing” includes accessories such as rings, earrings, necklaces, purses, backpacks, chains, and shoes.

The Superintendent or designee may develop administrative regulations and/or school rules that facilitate implementation of this policy, including identification of particular types of clothing deemed to violate this policy.

School administration reserves the right to make judgment as to whether a student’s clothing is consistent with District standards.

Respiratory Sensitivity

Use of fragrances including perfumes, colognes, and hair sprays can cause difficulties for individuals who suffer from asthma or other respiratory illnesses. Students should minimize use of fragrances and consider others when using these products. Students may be required to remedy the issue by changing clothing, etc.

Drug and Alcohol Policy

Students will be subject to immediate suspension and/or expulsion from school after a proper hearing and review when:

- They are in violation of the laws governing the sale, possession, or use of drugs, alcohol, other intoxicating substances, or “look alike” substances;
- They are under the influence or are impaired, or exhibit the odor, of alcohol “look alike” beverages, or any illegal drug, narcotic, controlled substance, or un-prescribed prescription medications, or for the misuse of medications prescribed to the student (see page 14 for additional information on school procedures regarding prescription medication in the school building);
- They are in possession of any drug paraphernalia as defined in the Drug Paraphernalia Control Act.

Students who are suspended for alcohol or drug violations may be referred to the student assistance staff for counseling. Students suspected of violating these laws may be reported to the appropriate school officials and police for further investigation and action which could include a wellness check performed by a certified nurse. Suspected violation of this (continued on next page)
Drug and Alcohol Policy (continued)

policy may result in a referral to police and a breathalyzer may be used. Students refusing to submit to a wellness check or a breathalyzer test may be considered to be in violation of the drug and alcohol policy.

Electronic Devices

Appropriate use of electronic devices can enhance and improve student learning opportunities. Students are permitted to possess and utilize District-owned or personal electronic devices while on school property. Students are permitted to utilize electronic devices in a classroom or other instructional setting when such use is directly associated with an academic purpose and is authorized by the classroom teacher. A teacher may restrict the use of or access to electronic devices depending on the nature of a given assignment. Student use of electronic devices without authorization from a teacher or other staff member, in an unauthorized location, for an unauthorized purpose, or in violation of the District’s student conduct policy may result in disciplinary action as outlined in the student conduct policy.

Electronic devices – whether personal or provided by the District – are subject to search by school personnel as permitted by law and District policy. Refusal to comply with a staff member’s request may result in the confiscation of the device.

Acceptable Use

The District 211 Network exists for students to access educational and informational resources for, and in support of, educational and research purposes related to their coursework. The network may only be used for lawful, non-commercial activities in support of these purposes. Students may use the network in conjunction with assigned classroom activities or assignments consistent with these purposes.

Unacceptable Use

Responsible Use of District 211 Electronic Technologies

Electronic technologies, including District network and District Internet access, are assets of the District and are protected from unauthorized access, modification, destruction or disclosure.

1. The District may monitor, read or copy any item on or using the District’s electronic technologies, including its network.
2. Students will not vandalize, damage, disable or hack into District electronic technologies. Students are not permitted to install clients, VPNs, or configure proxy servers.
3. The District retains control over materials using District electronic technologies. Users should not expect privacy in the contents of personal files on District-owned devices or on student personal devices brought into the school.
4. Routine maintenance and monitoring of electronic technologies, including the District network, may lead to a discovery that a user has violated the Student Responsible Use Guidelines, another District policy or the law.

5. The proper use of the Internet and District educational technologies is the joint responsibility of students, parents and employees of the District.

Unacceptable Uses of District 211 Electronic Technologies

The following uses of District electronic technologies, including District network and District access, are considered unacceptable and also may be in violation of state and federal statutes:

1. Users will not use the District’s electronic technologies to:
   a. Inappropriate personal photos, videos, music or files.
   b. Any unauthorized audio- or video-recording of students or staff members, or the public distribution of any such recording without the full, knowledgeable consent of the individual being recorded.
   c. Pornographic, obscene or sexually explicit material or other visual depictions.
   d. Obscene, abusive, profane, lewd, vulgar, rude, inflammatory, threatening, disrespectful or sexually explicit language.
   e. Materials that use language or images that advocate violence or discrimination toward other people or that may constitute harassment or discrimination, or that threatens the safety of others.
   f. Any image, message, photo, file or other electronic content that may violate District policy.
   g. Any illegal act or violation of any local, state or federal laws.
2. Users will not use the District’s electronic technologies, including District network and District access, to:
   a. Make deliberate attempts to degrade or disrupt District educational technology performance by spreading computer viruses, engaging in “spamming” or by any other means.
   b. Tamper with, modify or change the District educational technology or take any action to violate the District’s security system.
   c. Disrupt the use of the District’s electronic technologies by other users.
   d. Gain unauthorized access to information resources or to any other person’s materials, information or files without the implied or direct permission of that person.
   e. Delete or modify a student or employee file without the owner’s permission.
   f. Post information in public access areas regarding private or confidential information about another person.

6. Attempt to log in through another person’s account or use computer accounts, access codes or network identification other than those assigned to the user. Users must keep all account information and passwords private.

Violation of the Responsible Use Guidelines

Students who violate a portion of the Electronic Technologies Acceptable Use Agreement may be subject to disciplinary actions. Depending on the severity of the offense, students may be restricted or suspended of network, technology or computer privileges; assigned detentions; suspended from school pending a parent conference; reported to law enforcement and/or recommended for expulsion.

Notification for Social Media Password Requests

According to state law, a school must notify students and parents that the school may not request or require a student to provide a password or other related account information in order to gain access to the student’s account or profile on a social networking website. The school may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student’s account in a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to make a factual determination.

Cyber-Bullying

Students are not permitted to use personal devices in school or to use the District’s technologies, including District network and District access to:

1. Take pictures of anyone that will cause embarrassment and/or harm to that individual. Any unauthorized audio or video recording of any student or staff member, and/or any unauthorized distribution of any image or recording of any student or staff member without the full knowledge and consent of the individual being recorded is not permitted. Such conduct may also be illegal.
2. Create, post, repost, or transfer any discriminatory, confidential, threatening, libelous, obscene or slanderous comments about District 211, its employees, students, parents or community members.
3. Send mean or threatening email. Students should never discuss inappropriate topics when emailing, texting or posting on social media – even if such discussion is considered to be in a joking manner by students. Likewise, students should never respond to messages or posts that are suggestive, obscene, belligerent or harassing.

Bullying/Harassment

Township High School District 211 believes in providing all students equal access to a safe learning environment in curricular (continued on next page)
Bullying/Harassment (continued)

and extracurricular programs by preventing students from engaging in bullying behaviors, identifying disruptive bullying acts, and intervening should bullying occur.

State law expressly prohibits bullying in schools.

Bullying on the basis of actual or perceived race, color, religion, gender, national origin, ancestry, age, marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the District or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably expected to place the student or students in reasonable fear of harm to the student’s or students’ person or property.

2. Causing a substantially detrimental effect on the student’s or students’ physical or mental health;
3. Substantially interfering with the student’s or students’ academic performance; or
4. Substantially interfering with the student’s or students’ ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyber-bullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyber-bullying includes the creation of a webpage or weblog, or a social media account in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyber-bullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Bullying may take various forms, including without limitations one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying.

Students who believe they have been the subject of bullying are encouraged to report the matter immediately to the principal, assistant principal, or a Title IX/ADA compliance administrator. Students may choose to report to a person of the student’s same gender. Anonymous reports are also acceptable. All schools maintains an anonymous electronic Safety Concern Center on the school website as well as a telephone tip hotline to report incidents of bullying. An administrator will investigate the complaint as soon as possible or appoint a qualified person to undertake the investigation on his or her behalf.

Any student who is determined, after an investigation, to have engaged in bullying in violation of this policy, and the bullying behavior is within the scope of the school’s jurisdiction, will be subject to disciplinary action, including, but not limited to, suspension, and/or expulsion consistent with the District’s discipline policy; and/or athletic/activity board review. Students engaged in bullying behavior may be referred to local law enforcement authorities.

By law, bullying also is prohibited through the transmission of information from a computer that is accessed at a non-school related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by District 211 if the bullying causes a substantial disruption to the educational process or orderly operation of the school.

Consistent with rules governing student privacy rights, the parent(s)/guardian(s) of every student involved in an alleged incident of bullying shall be promptly informed and made aware of the availability of social work services, counseling, school psychological services, other interventions, and restorative measures.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student’s act of reprisal or retaliation will be subject to disciplinary action, including, but not limited to, suspension and/or expulsion consistent with the District’s discipline policy and/or athletic/activity board review.

A student will not be punished for reporting bullying or suppling information, even if the administrator’s investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Excessive Show of Affection

Excessive physical demonstrations of affection are inappropriate in school.

False Fire & Safety Alarms

A false fire or safety alarm triggered by a student is a serious offense that endangers the safety of students and staff and causes significant disruption to the school environment. Examples of false safety alarms include, but are not limited to, maliciously or intentionally activating a fire or lockdown alarm when no threat to safety exists, causing a fire or smoke alarm to activate as a result of prohibited behavior such as vaping or smoking, or acting in any way that prompts the school to enter into a lockdown. Students engaging in such behavior are subject to arrest and may be recommended for expulsion or placement at an alternative education setting.

Hall Passes

Students must have a hall pass when in any non-option area. Altering passes or failing to produce a pass while in these areas results in restriction of hall pass privileges. Students are to report directly to the destination indicated on the hall pass.

I.D. Cards

Students are required to wear and properly display a current school I.D. card upon entering the building, throughout the school day, and before school-related afterschool activities. The I.D. card must be worn around the neck and visible at all times during the school day except when specifically exempted on a temporary basis by a faculty member. Any I.D. lanyard other than the school-issued lanyard must be approved at the discretion of school staff. Students may not embellish their I.D. card with any drawing or writing. Students must have their I.D. card in their possession when participating in, or attending, any school-related extracurricular activity. I.D. cards must be surrendered upon request of any staff member, including bus drivers and student supervisors. The card must be shown to the staff member on duty when entering or leaving the building for any purpose, entering buses, checking out media materials, making up tests, and gaining entrance to school activities and athletic events.

Students without an I.D. card on a school-issued lanyard must obtain a replacement card or lanyard immediately upon entering the school building. A $3 fee may be charged to replace a lost or invalid I.D. card or school lanyard. If a temporary I.D. is issued to a student, privileges such as off-campus may be revoked, and a fee of $1 may be charged. Further disciplinary consequences may apply for failure to properly wear and display the current I.D. card.

7
Leaving Campus
Once students have arrived at school, they may not leave the school campus without permission of a school official. Students must check-in and out of the attendance office if they arrive late or have plans to leave early.

Loitering
Loitering in corridors, washrooms, and parking lots is prohibited and may result in disciplinary action. Students must be in assigned areas during the scheduled school day. Loitering in the hallways can disrupt learning for other students. Students should leave the campus after their last class. Exceptions to this are: a teacher or administrator conference, detention, or extracurricular activities. Students who cause a disruption after school, and who are not participating in a sanctioned, supervised extracurricular activity or in an approved area of the building, may be subject to disciplinary consequences.

Detention
Detention is the assignment of an additional period of supervised study. Primarily, students are assigned to detention to make up class time lost as a result of behavior violations, truancy, or tardiness. Failure to serve detention can result in additional detentions and the issuance of additional consequences including suspension. Student jobs and extracurricular activities are not valid reasons for missing detentions.

Loss of Parking Privileges
Students may lose the privilege of parking on school property as a consequence for conduct that violates the student conduct policy or behavioral expectations. At the discretion of school personnel, the loss of this privilege may be temporary or permanent without refund. Students who manipulate and/or use counterfeit permits will be subject to disciplinary action including loss of permit and future parking privileges.

Suspension
Students can be suspended from school for continued misbehavior or a single act of gross disobedience or misconduct for a maximum of 10 consecutive school days. A suspended student is not permitted in school or on school grounds during the day, in the evening, or on a weekend while the suspension is in effect. In addition, students who are suspended are not permitted to attend work-study jobs or participate in extracurricular activities or school events. A parent conference may be required for a student to be readmitted to school after suspension. Students are responsible to make arrangements with the classroom teacher to complete all work missed during a suspension.

A student who is suspended may be prohibited from attending any night school program.

Social suspension from any event taking place outside of the school day may also be utilized by the principalship. The principalship may invoke social suspension in addition to school suspension. Students may be offered the opportunity to attend an in-school suspension or alternative consequence at the discretion of the principalship for certain offenses in place of an out-of-school suspension. Failure to attend an assigned consequence may result in an out-of-school suspension.

Suspension Procedures
1. Before suspension, the student shall be provided a conference during which the charges will be explained and the student will be given an opportunity to respond to the charges.
2. When the student’s presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process, a pre-suspension conference is NOT required and the student can be immediately suspended. In such cases, the notice and conference shall follow as soon as practicable.
3. Any suspension shall be reported immediately to the student’s parent(s)/guardian(s). A written notice of the suspension shall state the reasons for the suspension, including any school rule which was violated, and provide notice to the parent(s)/guardian(s) of their right to a suspension review hearing.
4. When parent(s)/guardian(s) disagree with a suspension, the parent(s)/guardian(s) may appeal to the principal. Should the parent(s)/guardian(s) be satisfied with the outcome of an administrative appeal with the principal, the parent(s)/guardian(s) may request a formal hearing to review the suspension in accordance with established Board of Education policies for such hearings.
5. Upon written request of the parent(s)/guardian(s), a formal review of the suspension shall be conducted and a hearing will be held. At the hearing, the student’s parent(s)/guardian(s) may appear and discuss the suspension with the hearing officer appointed by the Superintendent. The student may be represented by counsel. After presentation of the evidence by the student and school, the hearing officer will prepare a written summary of the evidence for the Board of Education. After review of the hearing officer’s report, the Board shall take such action as it finds appropriate.

Expulsion
The Board of Education may expel a student for gross disobedience or misconduct for a definite period of time not to exceed two calendar years. A student may be suspended for up to a maximum of 10 consecutive school days pending action on the recommendation of the administration to expel. Due process will be observed.

Expulsion Procedures
1. Before expulsion, the student and parent(s)/guardian(s) shall be provided written notice of the time, place, and purpose of a hearing by registered or certified mail requesting the appearance of the parent(s)/guardian(s). If requested, the student shall have a hearing, at the time and place designated in the notice, conducted by a hearing officer appointed by the Board of Education. The hearing officer shall report to the Board the evidence presented at the hearing and the Board shall take such final action as it finds appropriate.
2. During the expulsion hearing, the student and his or her parent(s)/guardian(s) may be represented by counsel, present witnesses and evidence, and cross-examine witnesses. At the expulsion hearing, the hearing officer shall hear evidence of whether the student is guilty of the gross disobedience or misconduct as charged. After receipt of the hearing officer’s written summary of the evidence, the Board shall decide the issue of guilt and take such action as it finds appropriate.
3. In lieu of a recommendation of expulsion, the student may be administratively transferred to an alternative school established under the Safe Schools Act (105 ILCS 13A) where appropriate.
4. All transfer students serving terms of suspension or expulsion from any public or private out-of-state or Illinois school must serve the entire duration of the suspension or expulsion before enrolling in District 211.

Gross Disobedience or Misconduct (Suspension, Expulsion)
Gross disobedience or misconduct can occur at school or school activities, on or off school property, on a school bus, at a school-sponsored function, at a school-related event, or at an event reasonably related to school, and applies to interactions and communications that take place involving person-to-person contact between individuals, written communication, or via any form of electronic transmission or communication, including the use of social media.

Illinois School Code states that students may be suspended or expelled for gross disobedience or misconduct.

Types of behavior that are considered gross disobedience or misconduct include, but are not limited to:

• Repeated or willful behavior which shows disregard for school rules and regulations.
• Insubordination to any school personnel (administrators, teachers, and all Certified and non-certified staff).
• Acts that endanger or harm the health, safety, and welfare of others.
• Behavior in which the student tries to harass, intimidate, or frighten, directly or indirectly, any student or school employee.
Gross Disobedience or Misconduct (continued)

- Sexual harassment or assault of any student or school personnel.
- Possessing, distributing, or accessing lewd or pornographic images, including of oneself, whether stored, transmitted, or generated electronically or in the form of written material or pictures.
- Fighting or assaulting any person.
- Direct threat against the life of a student, staff member, or other person associated with a school event.
- Hazing, bullying, or taunting; or attempting to intimidate or harass, directly or subtly, any school personnel, student, or other individual present at any event associated with the District.
- Use of profane or obscene language.
- Excessive truancy, tardiness, or class-cutting after warnings.
- Theft, destruction of property, or possession of stolen property belonging to the school, staff, or other students or any other person associated with a school event.
- Unauthorized access or misuse of a computer program or network, and/or any creation or use of Internet webpages, social media, or email that materially or substantially interferes with, disrupts, or deleteriously affects any staff member, student, or the educational process.
- Any unauthorized audio or video recording of any student or staff member, and/or any unauthorized distribution of any image or recording of any student or staff member without the full knowledge and consent of the individual being recorded.
- Unauthorized use of electronic communication devices.
- Possession, use, sale, or distribution of any intoxicant, alcoholic beverage, “look-alike” alcoholic beverage, illegal drug, “look-alike” drug, or narcotic, or exhibiting the odor of alcohol or any illegal drug, narcotic, or controlled substance. This prohibition includes any attempt to sell or solicitation to obtain an illegal substance.
- Possession, control, transfer, use or attempt to use, threat to use, conspiracy to use, or aiding or abetting use of a weapon. For purposes of this policy, a weapon includes guns, rifles, shotguns, knives, brass knuckles, billy clubs, chains, bombs, flares, smoke bombs, explosives, incendiary devices, devices designed to incapacitate through electro-shock (ie. Tasers and stun weapons), or any item defined by applicable federal or state law as a weapon, and look-alikes of these types of weapons. Such items as baseball bats, tools, bottles, locks, sticks, pencils, laser pointers, or pens also will be considered weapons when used or attempted to be used to cause bodily harm. Attempt to use includes any threat to use.
- Participation in games of chance.
- Commission of a felony.
- Act(s) of arson.
- Gang activity.
- Bomb threat.
- Setting off a false fire alarm.
- Possession and/or use of any laser device.
- Any student behavior or activity that actually causes or reasonably forecasts the occurrence of substantial disruption or interference with school or school activities.

A “look-alike” is any substance or item which is not, but reasonably appears to be, or is represented to be, the real substance or item. Examples are a toy gun which is very difficult to distinguish, except upon close examination, from an actual gun; or a green leafy plant material which is not, but is claimed, believed, or appears to be, marijuana.

“Possession” means having any knowledge of, or any control over, an item. Control includes, but is not limited to, having access to an item in a school locker, personal effects, a vehicle, or other place where the item is located. It is not necessary that a student intend to control the item. A student may acquire knowledge of an item visually, by being told about the item, or through other sensory perception. A student’s knowledge will be determined based on the surrounding circumstances, not just the student’s statements. For example, “forgetting” that an item is in one’s locker, personal effects, or vehicle does not constitute lack of knowledge. Also, for example, coming onto school grounds or to a school-sponsored event in a vehicle which the student knows contains an item constitutes possession of that item, even if the vehicle or the item is not the student’s. This provision on possession applies to any policy or rule which regulates or prohibits possession of any item, such as weapons or drug paraphernalia, such substances as tobacco, alcohol, drugs, and look-alikes of such items or substances.

A “gang” means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts or acts in violation of school rules, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in, or have engaged in, a pattern of criminal gang activity or activity relating to the violation of school rules. “Gang activity” includes, but is not limited to, any act in furtherance of the gang and possession or use of gang symbols, such as drawings, hand signs, and attire.

“Harassment” includes any unwelcome verbal or physical conduct, contact or communication, whether by in-person contact, written communication or via any form of electronic transmission that is motivated by or related to race, creed, color, age, religion, ancestry, national origin, gender, marital status, sexual orientation, disability, military service, being a victim of domestic or sexual violence, use of lawful products while not at school, or any other unlawful basis of discrimination, and that creates an intimidating, hostile or offensive educational environment. Although harassment may take many different forms, examples include name-calling and other derogatory comments, jokes, gestures, posting or distribution of derogatory pictures, notes or graffiti (whether written or conveyed electronically), and pushing or hitting or other forms of physical aggression.

School Threats and Threat Assessments
To keep school communities safe, staff, parents, students, and community members must report all threat-related behaviors. A threat is an expression of intent to do harm or act out violently against someone or something. Threats may be verbal, written, drawn, posted on the Internet or made by gesture. Threats must be taken seriously, investigated, and responded to.

All threat making behavior by a student shall be reported to school administration who will activate the threat assessment and investigation process. A student threat assessment will be initiated when behaviors include, but are not limited to, serious violence or violence with intent to harm or kill, verbal/written threats to harm/kill others, Internet website/MSN threats to harm/kill others, possession of weapons (including replicas), bomb threats and fire setting. Assessment teams that include administrators, student support personnel, and a member of the police will conduct threat assessments to ascertain the level of threat and initiate interventions and school responses.

Law enforcement officials are notified in every instance of threats against school safety. School officials work closely with police to conduct thorough investigations to ensure the safety of all students, staff, and the community.

Mandate to Report Clear and Present Danger
As a component of legislation pertaining to the legal right of individuals to carry a concealed weapon, Illinois State Law also requires school personnel to report to the Illinois State Police any person determined to pose a “Clear and Present Danger.” Any student may be considered to pose a Clear and Present Danger if the individual demonstrates threatening physical or verbal behavior; violent, suicidal, or assaultive threats; or other actions or behaviors deemed potentially dangerous by school personnel. Upon making this determination, school personnel will notify the student’s parent(s) of the potential danger and will submit documentation to the Illinois State Police. It is important that parents and students understand the legal mandate that compels school personnel to report behaviors deemed to pose a clear and present danger.

Alternative Learning Academy
Township High School District 211’s Alternative Learning Academy is a school intended to educate disruptive students who would otherwise be subject to suspension or expulsion. This program will provide such students with a direct connection to District 211 programming and offer students additional academic and social-emotional support. After reviewing due process, such students may be administratively transferred to the Alternative Learning Academy or another alternative school created under the Safe Schools Act (105 ILCS 13A).
Discrimination

Students and staff have a right to learn and work in an environment in which all are respected and valued. Such an environment is free of all forms of harassment and discrimination due to race, sex, sexual orientation, religion, ethnicity, national origin, or disability.

It is the policy of High School District 211 to prohibit discrimination. It is your right to be treated fairly. Any student who violates the discrimination policy may be suspended up to five (5) days, or may face expulsion.

It is a violation of the discrimination policy to:

- Make stereotypical or demeaning remarks. Such remarks include name calling, racial slurs, or “jokes” pertaining to one’s race, sex, sexual orientation, religion, national origin, or disability.
- Display or circulate written or visual materials in which the language or conduct:
  a. results in a substantial interruption of school or school activities; or
  b. creates a hostile, intimidating, or offensive environment that interferes with or disrupts any student’s right to fully participate in school or activities.
- Deface school property or materials with the intent to demean.
- Damage, deface, or destroy the private property of an individual.
- Physically threaten or harm someone.

Students who believe they have been the object of harassment or discriminatory behavior may report their complaints by:

- Notifying a teacher, counselor, or administrator who shall report the matter immediately to the principal.
- Each school has a designated ADA/TITLE IX Coordinator designated to respond to matters of sexual harassment. The student making the complaint is not required to file a complaint with a particular administrator and may request to speak with a person of the same gender. The ADA/TITLE IX Coordinator at Fremd High School is Assistant Principal Eric Dolen, and he can be reached at 1000 S. Quentin Road, Palatine, IL 60067-7336; 847-755-6770; or via email at edolen@d211.org. Regardless of how the student chooses to report the alleged sexual harassment, a student’s good faith action in reporting will not adversely affect the student’s education, grades, curriculum, or record. However, if a student or witness is found to have been intentionally dishonest in making a report, the student or witness shall be subject to discipline.

Title IX and Athletics & Activities

Eric Wenckowski, director of athletics and student activities, serves as the Title IX coordinator for the purposes of ensuring gender equity in regard to activities and athletic opportunities. Any concerns regarding limited access to the District’s extracurricular programs or activities based on sex discrimination can be communicated to Mr. Wenckowski, who can be reached at 1750 S. Roselle Road, Palatine, IL 60067-7336; 847-755-6770; or via email at ewenckowski@d211.org.

Pranks

Any student who commits any mischievous act of vandalism, disruptive behavior, and/or engages in gross misconduct will be subject to a range of sanctions and penalties as listed below, up to and including expulsion. Students who commit such behaviors, or act in concert with others who do by arranging, planning, devising, and/or participating in the behavior by mutual understanding and with knowledge and consent, may be subject to any or all of the following disciplinary actions, depending upon the nature and severity of their behaviors:

- Exclusion from any regular or special event(s) or activity (example: prom, homecoming, etc.).
- Exclusion from any athletic contest(s) or activity program(s).
- Loss of privileges.
- Athletic/activity board review, if applicable.
- Exclusion from final examination exemption.
- Exclusion from graduation exercises.
- Restitution.
- Suspension.
- Expulsion.
- Possible referral to the police and arrest.

Disabling Products

Any student who possesses and/or discharges a “stink” bomb, mace, pepper spray, any noxious substance, or other disabling products on or adjacent to school property or at a school event will be subject to discipline.

Possession or use of these devices or substances is reckless conduct which:

- a. can cause fear, mass alarm, disturbance, disruption, and bodily injury;
- b. endangers the health and safety of students and staff by exposing them to acrid, debilitating odors which these devices and substances can emit;
- c. may cause the evacuation of any area of the school, thereby imposing additional risks while emergency measures are used to exit the school, particularly during severe weather conditions.

Any student who possesses, uses, or threatens to use these devices or substances, or acts in concert with others who do by arranging, planning, devising, and/or participating in the behavior by mutual understanding and with knowledge and consent commits gross misconduct. Administration of this policy shall be consistent with Board policies concerning student discipline, specifically sub-section JG. Disciplinary action may include any or all of the following, depending upon the nature and severity of the disabling products and the circumstances of their possession and/or use or threat to use:

- Suspension;
- Loss of off-campus privileges for the duration of high school years;
- Restitution;
- Exclusion from any (special or regular) event(s), athletic contest(s), or activity program(s);
- Athletic/activity board review, if applicable;
- Expulsion (in accordance with the provisions of Student Conduct Policy-JFC);
- Possible referral to the police and arrest.
- Referral to an alternative school.
Smoking/Tobacco/E-Cigarettes
Students may not smoke, possess, or use tobacco or any "look-alike" tobacco substance in any form anywhere on school property. This policy applies to all tobacco derivatives and Electronic Cigarettes. For the purpose of this policy, the term Electronic Cigarettes is defined as the following:
“Electronic cigarette” refers to any oral device that provides a vapor of liquid nicotine, and/or other substance, and the use or inhalation of which simulates smoking. The term shall include any such devices, whether they are manufactured, distributed, marketed or sold as e-cigarettes, e-cigars, e-pipes, or under any other product name or descriptor.
This Policy applies to activities before, during, and after school hours. Penalties for violating the smoking/tobacco policy are:
Students may be subject to citation by the police where local ordinance prohibits possession and/or use of tobacco products.
First Offense: The student may be assigned to in-school suspension and require a parent conference. The student may be referred to attend a smoking/ tobacco health awareness seminar at a later date (if available) or other consequences may be applied. Failure to attend the seminar, if offered, may result in further consequences.
Repeated Offense: The student may be suspended from school and a parent conference will be held.
Smoking/tobacco products/devices will be confiscated by administration at which time a student’s parent/guardian will be contacted to discuss returning the confiscated property to the parent/guardian. Administration will not return smoking/tobacco products/devices to any student, regardless of age.
Gangs
Students may not recruit other students in school for membership in non-school sponsored clubs or organizations, including gangs, hate groups, and/or cults. A student who possesses, displays, or uses gang language, emblems, or symbols may be suspended and a parent conference held. Continued such misconduct may result in a recommendation of expulsion or transfer to an alternative school program. Students engaged in any gang related behavior, which may include recruitment, intimidation, or threat to safety may be subject to suspension and referral to law enforcement agencies. A second incident of gang-related misconduct or intimidation may result in an indefinite suspension and a recommendation of expulsion. If a student commits violence on other students, staff, or school property the student will be suspended, pending a possible recommendation of expulsion or transfer to an alternative school program.
Students who are approached by individuals or groups representing a gang or engaging in gang activity should immediately inform a counselor, assistant principal, or police consultant.
Visitors
For the protection of students and school property, visitors are subject to administrative approval. All visitors must secure permission at the office or front receiving desk upon entering the school. Visitors are required to show a valid I.D. and will be asked to wear a visitor I.D. and lanyard. Advance approval must be obtained for student visitors. Students wishing to bring a visitor to school must submit a written request, signed by their parents, several days in advance of the visit. Requests must be approved by the assistant principal. Schools reserve the right to restrict visitors.
Vandalism
A student who vandalizes or abuses school property will be suspended pending a parent conference. The length of the suspension will be determined at the conference. The student must pay for the damage, may face expulsion proceedings, may be referred to an alternative setting, and may be referred to the police.
Search and Seizure
To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search a student’s person and/or personal effects, including but not limited to purses, wallets, bookbags, backpacks, electronic devices of any kind, cell phones, networks, the student’s electronic storage locker or student email account, and/or automobile and may seize any contraband materials discovered in the search in accordance with Illinois law and the authority and guidelines established by the United States Supreme Court, and other federal law, state law, and school policies and procedures. Students who refuse to cooperate or fully comply with the terms of a search conducted by school personnel may be determined to have violated the student conduct policy for the behavior in question and may be subject to disciplinary consequences.
Repeated incidents of refusal to submit to search or cooperate with school administrators is considered Gross Disobedience or Misconduct and will result in referral to the principal.
School officials will conduct occasional searches using canine units. Canine searches may include any area of the school or parking lot.
Video Surveillance Monitoring
Board of Education Policy KKB established and authorizes the use of overt video surveillance cameras and monitors on District property to promote safety and security, deter inappropriate or illegal activity, and to provide evidence of crime or violation of school code. To ensure the proper use of the recorded images, the use of the system for surveillance shall be limited to the functions delineated in Board Policy. Only those authorized by the designated administrative agent or the Superintendent of Schools will have access to ongoing operation and/or use of the video images produced. Any review of the video images shall be conducted consistent with the Family Educational Rights and Privacy Act and the Illinois School Student Records Act. Video files commonly qualify as a student record and their release must be authorized by school authorities. Images may be archived if, in the opinion of the designated administrator, it documents an event considered to be of such significance that a historical record is desirable.
Clubs and Activities
Participation in clubs and activities provides excellent opportunities for students to broaden their experiences and to meet other students and teachers. With this opportunity, comes the responsibility that students exhibit behavior that does not infringe upon privileges of others or reflect poorly upon themselves or the school.
Students who wish to participate in extracurricular activities must agree to abide by an activity code of conduct provided to them by their activity sponsor. In addition, certain clubs and activities are subject to the same academic eligibility requirements as athletics (see following list). Consult your school’s activity director for these requirements.
There are more than 60 organizations to meet the needs and interests of all students. Among the many groups available at our five schools are:

Honors
Modern Music Masters National Honor Society*

Special Interest
The school strives to have clubs and activities for a wide variety of interests. Please check the school website for the most current list of special interest clubs and activities.

* All participants in these activities must meet the same academic rules as student-athletes
** Participants in these activities who are involved in competitions must meet the same academic rules as student-athletes

National Honor Society
Each school has a chapter of National Honor Society which must follow the guidelines established by the national organization. One of the highest school honors a student can receive is membership in National Honor Society.

Membership is based on scholarship, service, leadership, and character. The criteria of scholarship is used only to determine a student’s initial eligibility. To be a candidate for membership, a junior must have a cumulative grade point average of at least 3.000 through grade 11. From these candidates, National Honor Society members are selected based on excellence demonstrated in the remaining areas of service, leadership, and character.

A faculty member council selects the students who will become members of the National Honor Society. This committee evaluates each eligible candidate, with input from other staff members. When the selection process is complete, the eligible candidates are notified whether or not they have been granted membership. Questions regarding the selection process should be addressed to the principal or the National Honor Society sponsor. More detailed information regarding the National Honor Society process is available on the school website, under Activities/NHS.

Student Government
The amount of student government in District 211 schools is determined by students’ willingness to accept responsibility for conduct and control of activities. Student government is a valuable part of education in a democratic society; thus, student participation is encouraged.

Student Council represents and serves the entire student body. Student concerns and opinions are relayed by council members to the administration. The council supervises financial projects for activities and charitable purposes, plans and promotes social events (such as homecoming activities), and consults with school officials when an anticipated policy change will affect students.

Absence and Participation in After-School Activities
Students attending activities must follow the same rules that apply during the school day. A student who is absent from school for all or part of a school day may not attend or participate in any after-school event without the permission of the principalship. Rules apply to off-campus as well as on-campus activities. Students will be expected to abide by the Code of Behavior outlined below. Unacceptable conduct at a social or athletic event may result in suspension from school, social probation, and/or social suspension.

Code of Behavior for School Events
Participation in extracurricular activities is a privilege extended to all students in High School District 211.

Students have an opportunity to participate in and enjoy social and athletic events within the intended purposes of the function. With this opportunity comes the responsibility that students exhibit behavior which does not infringe upon the privileges of others. With this in mind, I understand that I am expected to adhere to the following code of behavior at all school events:

• I will display respect, consideration, and courtesy for students, staff, and visitors in our school.
• I will show self-control at all times and accept the decisions of school officials.
• I am responsible for my own behavior at all times and will not let the crowds control my actions.
• I understand that any behavior expected of me during the regular school day must also be exhibited at all activities. If a student’s behavior infringes on another person’s privileges and opportunities, that behavior is unacceptable.

Social Probation and Suspension
Whenever it has been determined that a student’s conduct has been disruptive at a school-sponsored social or athletic event, or when the student fails to follow the rules of acceptable conduct at such an event, the principalship may invoke social probation or suspension. Social suspension also may be utilized when the principalship deems a student’s behavior as gross misconduct (reference Board of Education Policy JFC) or could jeopardize the safety of students and staff. In these cases, the principalship may invoke social suspension in addition to school suspension. The duration of the social probation or social suspension is established at the discretion of the principalship in consideration of the severity and frequency of the student’s misbehavior up to a maximum of 12 months.

High School District 211 athletic programs adhere to the by-laws of the Illinois High School Association (I.H.S.A.) that governs interscholastic athletics. District 211 competes in interscholastic athletics in badminton, baseball, basketball, bowling, cross-country, football, golf, gymnastics, lacrosse, indoor and outdoor track, soccer, softball, swimming, tennis, volleyball, water polo, wrestling, competitive dance, and cheerleading.

High School District 211 schools are members of the Mid-Suburban League. In addition to league contests, many teams engage in non-conference competitions. At the conclusion of each season, each school participates in I.H.S.A. sponsored tournaments.

Interscholastic Eligibility
To be eligible for participation in interscholastic athletics, students must have a current physical on file with the school nurse. The physicals are valid for thirteen months; therefore, students are advised to schedule physical examinations annually prior to expiration of their previous physical to ensure eligibility throughout the following school year. I.H.S.A. physical forms can be found on the District 211 website. They also must have a signed parent permission form and an athletic emergency medical authorization card during the online athletic and activity registration process.

In order to be eligible to participate in athletics and competitive activities, students must satisfy the eligibility requirements of both the Illinois High School Association and District 211. High School District 211 eligibility standards require a student to achieve a minimum 2.0 grade point average at the end of semester 1 and semester 2, as well as pass all courses. Failure to satisfy either of these requirements will result in athletic or extracurricular probation and may result in ineligibility. Students on probation must adhere to specific academic interventions to continue to compete in athletic or extracurricular programs. Information regarding the specific criteria within the District’s (continued on next page)
Interscholastic Eligibility (continued)

standards is available from the athletic director’s office or the guidance department.

Many competitive activities, including, Chess, Debate, FCCLA, Flags, HOSA, Math Team, Model United Nations, National Honor Society, Pom Pons, Scholastic Bowl, Science Bowl, Science Olympiad, Special Olympics, Speech, Student Congress, Student Council, Worldwide Youth Science & Engineering, Auto Club, and Business Professionals of America require that participants meet the same academic eligibility rules as student-athletes.

Students also must meet the state requirements dealing with residence, school attendance, out-of-school competition in sports, outside awards, and age limits.

In all sports, coaches recommend athletes for awards based on participation, training, sportsmanship, cooperation, and attitude.

Coaches may drop athletes from squads for irregular attendance at practice. In addition, athletes may be dropped for lack of ability to perform at the standards set for squad membership.

Collegiate Sports Eligibility

To be eligible to participate in intercollegiate athletics during their freshman year at an N.C.A.A. Division I or Division II college, high school graduates must satisfy the requirements of the N.C.A.A. bylaw. There are also special requirements for students who wish to compete at the N.C.A.A. Division III or N.A.I.A. level.

These requirements vary depending on the year the student-athlete will first enter college and whether enrollment is at a N.C.A.A. Division I, II, III, or N.A.I.A. college. Included in the requirements are successful completion of core curriculum courses in addition to attaining a specified combination of grade point average and S.A.T. or A.C.T. composite score.

A detailed explanation of these requirements is available from your school’s athletic director or in the student services office.

Athletic and Competitive Activity Policies and Procedures

One purpose of an athletic and competitive activity program is to provide students wholesome competition on an interscholastic level. A necessary corollary to this purpose is the development in students of a sense of dedication and establishment of high standards of conduct and attitude. Because participants represent their school, they are expected to represent high standards of morality and conduct the year around.

To participate in the Athletic and Competitive Activity Program, the student and his or her parents shall be required to attend a mandatory “meet the coach/sponsor” team meeting at which parents and the student will be informed about training and participation rules and the function of the Athletic/Activity Board.

Misconduct among participants shall include offenses such as the possession or use of tobacco in any form, vaping, possession or use of alcohol or drugs, theft, dishonesty, and other misconduct. Training rules are in effect for all 12 months.

Students who are found to be involved in such misconduct will face disciplinary action according to procedures outlined in section B, Disciplinary Procedures. When alcohol or drugs in any form are present at student parties, it is recommended that students involved in athletics or activities leave the party immediately.

A participant who admits to a drug, alcohol, or tobacco related problem to a school staff member before a reported training rule violation occurs will be referred to the athletic/activity director. A conference with the student and his/her parents will be conducted. After considering all information pertinent to the student’s problem, the athletic/activity director will confer with the principal before releasing a decision.

All participants in I.H.S.A. athletics or competitive activities must sign a consent to random testing for all performance enhancing banned substances.

A. Athletic/Activity Board

The Athletic/Activity Board is the disciplinary arm of the athletic/activity program. It is composed of the Athletic/Activity Director (as Chair), selected members of the coaching/activity staff, and a High School District 211 central administration representative.

The Board shall meet after a request has been presented to the athletic/activity director to consider a disciplinary case involving an athlete or individual in a competitive activity (Auto Club, Business Professionals of America, Chess Team, Debate Team, Flag Squad, FCCLA, Math Team, Model United Nations, Competitive Dance (Pom Pon), Scholastic Bowl Team, Science Bowl Team, Science Olympiad, Special Olympics, Speech Team, Student Congress Club, and Worldwide Youth Science & Engineering Club). The Board shall weigh the evidence that is presented and, after considering the best interests of the student and the school, make a decision on the student’s case.

B. Disciplinary Procedures

After a participant has been given an opportunity for due process and there is reason to conclude that the student has violated Athletic/Activity Policies based upon available information, he/she may be suspended from practices and/or competition pending a disciplinary review and decision by the Athletic/Activity Board. Parents will be notified of the training rule violation and will be requested to attend a Board meeting related to their student. The Board will meet at the earliest opportunity to consider the status of the student and render a decision. Generally, the following process will be observed for both in/out of season violations:

1. The Athletic/Activity Board verifies that the participant has been made aware of rules of the sport or activity.

2. Upon notice to the administration, either verbal or written, of an alleged violation of the rules, the student will be informed by the athletic/activity director of the nature of the offense and suspended from practice and/or competition. The athletic/activity director will notify the student to appear at a meeting of the Board. Parents will be notified of the violation and requested to appear at the meeting. If the violation occurs out-of-season, the participant will be informed by the administration and the same procedures will be followed.

3. The Athletic/Activity Board will meet to review the situation. The Board may invoke one or more of the following:

   a. Dismiss the charges.
   b. Place the student on probation for a specific length of time.
   c. Invoke a suspension.

(1) A minimum penalty for first violation of possession/use of alcohol, tobacco in any form, or drugs will be 25 percent of the scheduled contests. (Tournaments, multiples, invitational, and doubleheaders may count as one contest at the participant’s level of competition.)

(2) When a suspension is invoked for a drug, alcohol, or tobacco violation, the student is required to attend and successfully complete an educational program recommended by the Athletic/Activity Board. The cost of educational programs will be the...

(continued on next page)
Disciplinary Procedures (continued)

responsibility of the student’s parent.

(3) The penalty for theft and dishonesty will be established by the Board after review of the severity of the infraction.

(4) When a suspension is invoked, the Board will determine the season in which the penalty will begin.

d. Drop the student from the sport for the remainder of the season.

e. Drop the student from participation in athletics or activities for the remainder of his/her time in high school.

4. The decision of the Board will be communicated in writing to the parent of the student.

C. General Rules

Suspected violations and/or rumors are to be directed to the student’s immediate coach or sponsor who can serve in a counseling role and directly inform the student’s immediate coach or sponsor who can serve in a counseling role and directly inform the participant the student’s immediate coach or sponsor who can serve in a counseling role and directly inform the participant

The District’s Director of Student Activities should be consulted if any doubt exists regarding the convening of an Athletic/Activity Board.

Accessibility Accommodations

Township High School District 211 will not discriminate on the basis of disability against any qualified individual in accordance with the provisions of the Americans with Disability Act (ADA) of 1990.

If an individual with a disability would like to request an accommodation or auxiliary aid or service from the District, the individual should make that request to the school’s designated ADA administrator. The request should be made at least one week in advance of the time that the accommodation will be needed. While the District will make reasonable attempts to accommodate requests made with less than one week advance notice, the District will not be obligated. In most instances, the District cannot be expected to fulfill such requests with less than 72 hours advance notice. Requests for a sign language interpreter may be made to the ADA coordinator or to the District's assistant to the superintendent.

In considering the request, the ADA Administrator may ask for additional information from the individual making the request in order to understand the nature and extent of the accommodation being sought. The ADA Administrator will inform the individual making the request within three days whether the accommodation will be provided. If the individual’s request is denied, the individual may appeal the decision according to the District’s Uniform Grievance Procedure. The Uniform Grievance Procedure may be found on the District 211 website or may be requested from the ADA administrator.

**The School Visitation Rights Act**

The School Visitation Act makes it mandatory for private employers, local governments, and school districts to permit employees unpaid time off from work to attend necessary educational or behavioral conferences at the school where their children attend if the employer employs at least 50 employees. Another provision of the act requires schools to make time available for visitation during regular school hours and evening hours. If you would like to see a copy of the act, or if you have any questions about the School Visitation Rights Act, please contact the Student Services Director at your school.

Health Services

A student who is ill may obtain a pass from a teacher and go to the nurse’s office. If the student must be sent home, a parent, guardian or other responsible adult must give permission through the nurse’s office for the student to leave school.

No student who is ill may leave school without permission of the nurse.

A student who is ill and absent from school due to a communicable disease must see the nurse before returning to classes. Some communicable diseases require a doctor’s release when the student returns to school.

If a student is unable to participate in regular wellness or physical education class for more than three days, the nurse must be given a medical excuse from a physician stating the nature and time limitation of the condition. A parent note is acceptable if the time out of class is three days or less.

Vision and Hearing Screening

School nurses conduct vision and hearing screenings for all transfer students and students receiving special education services. Most screenings are done in the fall of each school year. These screenings are not a substitute for a complete examination and evaluation by a doctor.

Medications in Schools

Prescriptions and non-prescription medications will be given according to the High School District 211 medication policy. Signed authorization from the student’s physician and parent must be on file in the health services office. Only those medications that are necessary to maintain the student during school hours shall be administered by the school nurse. Medication must be brought to the school in the original package and given to the nurse. Medications will be stored in a secure area in the nurse’s office. At the end of the treatment regime, the parent will be responsible for removing any unused medication from the school. If not picked up by the end of the year, the school nurse will dispose of the medications. High School District 211 retains the right to reject requests for the administration of medication.
Communicable/Chronic Infectious Diseases

Some communicable/chronic infectious diseases may pose potential health problems for students in the school district. A student known to have a communicable/chronic infectious disease will be evaluated to determine if the student’s condition poses a risk to others. An appropriate educational program for the student will be determined by the Superintendent and school staff after consultation with a team consisting of a medical advisor, school nurse, school administrator, physician, and the student’s parents. A student with a chronic infectious disease will be allowed to attend school in a regular classroom setting unless the evaluation determines the need to place specific limitations on attendance. A student will be excluded from school for the period in which there is high risk of transmitting the disease to other students or employees. The privacy of a student known to have a chronic infectious disease will be respected by maintaining confidential records in accordance with federal and state privacy laws. In certain cases, the Cook County Department of Public Health may be informed of a student’s condition, and direct that student’s attendance.

Optional Student Insurance

High School District 211 does not carry individual student accident insurance coverage. Should parents feel student accident coverage is necessary, information is available on the District 211 website at [http://adc.d211.org/parentsstudents-2/student-insurance/](http://adc.d211.org/parentsstudents-2/student-insurance/).

Injuries

Any school injury should be reported immediately to a teacher. The student will be sent to the nurse for medical attention. If parents have purchased student accident insurance and need to make a claim, they may ask the school nurse to send details of the accident report to them.

Homebound and Hospital Instruction

Home and hospital instruction is a short term service for students who will be out of school more than 10 consecutive school days for medical reasons. Pregnant students may be eligible for homebound instruction and are encouraged to continue their education. High School District 211 is committed to eliminating barriers to the education of pregnant students. Instruction time for assigned certified teachers shall total up to five hours per week. A medical certification form signed by a physician must include a diagnosis and the length of absence and must be submitted before homebound instruction begins. Requests for homebound instruction should be made through the student services director’s office.

Drug and Alcohol Prevention

High School District 211 is aware of the chemical abuse problem among some adolescents and is concerned about students’ welfare. Your school has a team of specially trained personnel which provides services and programs to students and their families affected by alcohol or drug use and abuse. Students or parents who want help in treating this health problem should call the student’s school counselor who may refer the family to outside agencies for assistance.

Special Education

Students with disabilities of vision, hearing, orthopedic impairment, learning disabilities, intellectual disabilities, autism, emotional disabilities and other health impairments may be eligible for special education services under the Federal Individuals with Disabilities Education Act. High School District 211 provides a continuum of special education programs, ranging from minimal supplementary resource assistance to total instructional programs. Students or parents may contact their school’s special education department for information related to eligibility and special education services.

Additionally, High School District 211 provides an array of related services such as speech and language therapy, occupational therapy, physical therapy, nursing services, and/counseling. Students with disabilities may receive related services as part of their individualized education programs (IEPs). Your child’s school will maintain related service logs that record the type and number of minutes of the related service(s) administered to such students. In accordance with Public Act 101-0515, copies of related service logs will be available to parents/guardians at their child’s annual review IEP meeting or upon request. The school district may receive Medicaid funding for the delivery of related services. If parents have a question or concern regarding services for their eligible child, please contact Renée Erickson, director of special education, at 847-755-6835.

Section 504

Students with disabilities who do not qualify for special education services under the Federal Individuals with Disabilities Education Act may qualify for assistance under Section 504 of the Rehabilitation Act of 1973. A child may qualify under this Act if the child has a physical or mental impairment that substantially limits one or more major life activity, has a record of physical or mental impairment, or is regarded as having a physical or mental impairment. Students or parents may contact their school’s student services department for information related to eligibility and assistance. If parents have a question or concern regarding their eligible child, please contact Renée Erickson, director of special education, at 847-755-6835.

Behavioral Intervention Policy

Behavioral interventions shall be used with a student with a disability to promote and strengthen desirable behaviors and to reduce behavior that impedes the learning of others. Practices surrounding behavioral interventions encourage positive interventions which are based upon consideration for physical freedom, social interaction, and respect of a student’s dignity. Positive, non-restrictive interventions alone may not always control gross disobedience or misconduct. Generally, restrictive interventions shall be considered when non-restrictive interventions have been attempted and failed. A copy of the policy is available upon request from the Student Services department.

Peer Mediation

The peer mediation process gives students an opportunity to resolve conflicts confidentially with their peers using a structured format facilitated by specially trained students. The goal is to develop a win-win solution to which both parties agree. Anyone can refer two disputants to mediation, but the process is voluntary. For further information, contact your counselor or administrator.

Student Evaluations

Staff members meet regularly to review students experiencing difficulties with educational performance. If needed, intervention and strategies may be developed and implemented. Additionally, an individual evaluation may be conducted to determine need for school-based services, supports and/or accommodations.

Student Supervisors

District employees monitor student behavior and assist in controlling building security and safety. Students should treat these supervisors with the same respect shown to teachers.

Police Consultant

Each school is assigned a sworn police officer who is employed by the local police department. The police consultants’, or school resource officers’, primary role is to provide for the security of the school and the safety of students and staff. All police-related matters that occur within or connected to the school are handled by the police consultant in coordination with school administration. Police consultants are involved in school safety planning, preparedness, and response. Additional functions of the police consultant includes prevention of student delinquency, provide law enforcement consultations and counseling, participate in classroom (continued on next page)
Presentations, assistance with staff development activities, and response to all other student and school police-related matters.

Reciprocal Reporting Agreements
In compliance with Illinois School Code, High School District 211 has developed agreements with local law enforcement agencies for the reciprocal reporting of criminal offenses committed by students. The intent is to exchange information, to the extent permitted by law, in order to maintain safe, healthy, and non-violent school environments to which all students are entitled.

Student Services
The Student Services Department at each school provides social, personal, and academic counseling, as well as college and career planning. When students enter high school, a school counselor is assigned to help them in these areas. Counselors see their students several times per year. Students also can schedule appointments with their counselor. Parents are encouraged to contact the counselor at any time.

Students may meet with a counselor:
- During a study hall or lunch.
- Before or after school by appointment.
- When an emergency exists.

Additional school services include:
- **Student Support Groups:** Students who have concerns relating to divorce, grief or loss, eating disorders, or anger should contact their counselor about participating in school support groups on these issues.
- **Psychologist:** Conducts psychological evaluations and interprets results for students, parents, and staff. The psychologist also provides counseling and helps locate outside referral agencies.
- **Social Worker:** Provides individual, group, and family counseling and serves as a liaison between the school and community agencies.
- **Speech and Language Therapist:** Identifies and assists students who need help with communication skills.
- **Nurse:** Provides health services within legal guidelines.
- **Student Assistance Team:** Specially trained personnel who provide services and programs to students and their families affected by alcohol or drug use and abuse.
- **Community Resources:** A list of community agencies that provide assistance for families may be obtained by contacting the school social worker.

Automobiles and Parking
*Driving to school is a privilege, not a right.* District 211 students who have a valid license, a properly registered vehicle, and permission from their parents are eligible to use the student parking lot at their school. Due to space limitations at some buildings, not all eligible students will receive permission to purchase a parking permit. Students who receive permission to purchase a parking permit must pay a $75 per semester fee. In cases where parking spaces are limited, a lottery may be used. There will be no refund of the student parking user fee for the current semester. Parking stickers or tags must be displayed properly according to school directions. Parking tags are non-transferable. Students who produce, possess, or distribute a counterfeit parking permit may be subject to disciplinary consequences.

Vehicles must be parked in designated areas only as permitted by each school’s parking regulations. Local law enforcement officials monitor school parking lots. Vehicles that are improperly parked, violate local ordinances, or fail to display village or registration stickers may be ticketed and/or towed. Violators of parking regulations or the student parking user fee policy are subject to school disciplinary action up to and including suspension, loss of parking privileges, ticketing, fine, towing at student expense, and/or arrest. Automobiles may be searched by authority of the principalship when there is reason to believe that there are illegal or harmful materials in an automobile. By obtaining a parking permit, students give consent to the possible search of vehicles. Authorities will be notified regarding cars parked illegally, and cars parked illegally also may be searched.

**Students are expected to drive safely and responsibly on school property.** Students and parents are reminded to obey all local and state vehicle laws while on school property and in the vicinity of the school.

### Bus Services
Free bus transportation is available to students who live 1½ miles or more from school and within school attendance boundaries. Students who live less than 1½ miles from school may elect to pay for transportation. The cost is $200.00 a year, payable in advance. A late fee of $35.00 will be added to registrations received after July 1. Please be advised that it may take up to three (3) school days for your child to be eligible to ride the bus after payment is received. Students must present a valid school I.D. with their printed bus route to the driver before they are allowed to ride.

Transportation also is provided for regular bus riders who stay after school under a teacher’s supervision. Late buses run Tuesday, Wednesday, and Thursday at 4:00 p.m. for FHS, HEHS, SHS and at 4:40 p.m. for CHS and PHS. Evening buses run Monday through Friday at 5:25 p.m. for FHS, HEHS, SHS and at 6:10 p.m. for CHS and PHS. Student I.D.s must be surrendered upon request of any bus driver. Only students with a valid school I.D. with an assigned bus-route number are allowed to ride the Late/Evening routes.

Upon boarding the bus, students must present their school I.D. with a printed bus-route number on it. **If you do not have an I.D., you will not be allowed to ride.**

Students who are scheduled to start after period 1 or are dismissed before period 8 must provide their own transportation. Students who are dismissed early must leave school after their last regularly assigned class.

**Guidelines:** The student I.D. card also is used as a bus pass and must be shown to the driver. The bus route number appears on the I.D. card.

The bus route and times are set as a general guide. However, buses do not stop more often than every block (corner) in town or about every 400 feet outside a town area. If a bus does not arrive on schedule, students are expected to wait until the bus does come. All students should be at their bus stop 5 minutes before the route start time.

Students must cross the road in front of the bus while the stop arm is out and the flashers are operating. **Extreme caution should be observed when entering or leaving the bus. Students may not loiter or walk through parking lots before entering or after leaving buses.**

**School rules apply on buses.** Aside from a possible suspension from school, bus privileges may be suspended for misconduct such as vandalism, fighting, or violation of safety procedures. Behavior expected of students during the regular school day also must be exhibited on the bus. Smoking or vaping is not permitted on the bus. To promote safety and welfare of students and staff, audio and video recording may be used on buses. A brochure detailing bus guidelines is available on the District website, and rules are posted in each bus.

To ride a bus other than one regularly assigned, an eligible bus rider must have a very specific or special need. Transportation is not provided to or from after school jobs or tutoring off-campus. For general information or questions, please send an email to: transportation@d211.org. Requests from parents should be sent to Diana Mikelski, director of transportation, at dmikelski@d211.org.

### Media Center
The media center (library) does not charge for overdue materials. Students have the responsibility to return or renew materials on or before the due date. Students will be charged for lost or damaged materials.

### Physical Education Uniforms
Physical education uniforms and locks may be purchased at the start of school during physical education class and are the responsibility of the student.
Lockers
Each student is assigned a school locker. Lockers are not to be shared, and locker combinations should be kept confidential. A student has no reasonable expectation of privacy in a school locker or in personal effects left therein and has the responsibility to store only those items needed for school or school-related activities and other items needed for non-school activities which are neither harmful or illegal. The student to whom the locker is assigned will be held responsible for illegal or harmful materials kept in his or her locker by another individual. Lockers will not be opened for students not assigned to that locker. In the event of mechanical failure, a student’s locker will not be opened without student I.D.

School officials will periodically inspect all lockers for reasons of health, safety, and the recovery of property which is not to be in lockers, or for other reasons in their discretion. Lockers may be searched only by authority of the principalship.

Each student also is assigned a physical education locker. Heavy-duty locks must be purchased at the school. Students should use locks to prevent theft. THE SCHOOL IS NOT RESPONSIBLE FOR LOST OR STOLEN PROPERTY.

Food & Nutrition Services
The Food & Nutrition Services Department provides breakfast, lunch, and à la carte options daily. A variety of entrées is offered for breakfast and lunch as part of a well-balanced meal or available to be purchased à la carte. Students may pay for meals in cash or through a prepaid account. A meal account can be set up at MySchoolBucks.com. A valid student I.D. is required to access prepayment funds and/or free and reduced-price meal benefits.

Meal Application Program
Free or reduced-price meals are available to students whose families meet federal guidelines. Households must reapply annually to receive meal benefits. An application can be completed online through the school or District website, or a printed copy is available at the school or by request. All households will receive either a printed or electronic copy of the meal application in July. Additional forms are available from the school. The Food & Nutrition Services Department can be reached at 847-755-6680 or foodservice@d211.org. All refunds must be requested within one year.

Meal Charge Procedure
The purpose of the meal charge procedure is to establish consistent meal account practices throughout the District. Any student without funds for breakfast or lunch will be offered a complete meal, but must repay the loan the following day. A la carte items are not part of the USDA meal program and cannot be charged. A complete meal includes choice of entrée, grains, milk, fruit and vegetable options. Parents can select to receive a low-balance email notification. Parents whose child owes money to the Food & Nutrition Services Department will receive a phone call if payment is not received promptly, as well as a written request for payment when a student has an outstanding balance. All charges not paid before the end of the school year will be carried forward to the next school year. Graduating seniors must pay all charges in full.

A parent may request a refund of any remaining prepayment account funds by emailing the department at foodservice@d211.org. All refunds must be requested within one year.

Local Wellness Policy Overview
High School District 211 is committed to providing a school environment that enhances learning and development of lifelong wellness. Several school-related activities help make this possible:

- Access to student nutrition programs that meet regulations and guidelines established by the U.S. Department of Agriculture
- All foods and beverages available on campus during the school day are consistent with the current Healthy, Hunger-Free Kids Act
- All foods available on campus adhere to food safety and security regulations
- Physical activity and nutrition education are part of the school curriculum

Grading
The school year is divided into two semesters, each 18 weeks in length. Students receive in-progress grades at 6 and 12 weeks each semester.

In most courses, the semester examination represents 20%. In some designated courses, there is a final project and no examination. Only semester grades are recorded on a student’s permanent record; the in-progress reports are informational reports.

The following is an explanation of the grading scale used on report cards:

A...........A superior grade for exceptional or outstanding work.
B...........A commendable grade for an above-average degree of accuracy and knowledge of the subject.
C...........A passing grade reflecting adequate and satisfactory performance.
D...........A passing grade reflecting below average work.
E...........A passing grade for demonstrating maximum effort and/or minimum skills.
F...........A failing grade indicating that no credit was awarded.
AUD.....Special permission to take a course for no grade and no credit.
EXC......Excused for the grading period and/or from taking the semester examination. Credit for the course may depend on any existing grades earned during the course.
PAS........A passing grade for a course taken on a Pass/Fail basis. Credit is given but no grade point is recorded.
FAIL......A failing grade for a course taken on a Pass/Fail basis. No credit is given and no grade point is recorded.
W/P......Withdrawn from course with passing grade. No credit is given and no grade point is recorded.
W/F......Withdrawn from course with failing grade. No credit is given, and grade point reduction is recorded.
SAT......Satisfactory grade.

(continued on next page)
Grading (continued)

INC .......Required work is incomplete. The student must discuss a schedule for completion of work with their teacher and school counselor as soon as possible. If work is not completed within an agreed time frame, the student may not receive credit for the course.

- ........Following a letter grade indicates “minus” (i.e., “C-” means a low “C” grade).
+ ........Following a letter grade indicates “plus” (i.e., “C+” means a high “C” grade).

Student Final Examinations
All students will be required to take final examinations. Seniors who are not exempt from last semester final examinations will take their examinations at the regularly scheduled times for semester examinations.

Required work is incomplete on assignments required by the teacher. Students who drop after the 25th day of the semester will be assigned compulsory study hall instead of attending class for the remainder of the semester.

Fifth or Sixth Subject Drop Procedure
Students may drop a fifth or sixth class without penalty until the 25th day of the semester. Thereafter, the student will be given “W/F” or “W/P” based on academic standing at the time of the drop. The “W/F” grade will be included in the calculation of grade point average. Students who drop after the 25th day will be assigned compulsory study hall instead of attending class for the remainder of the semester.

Academic Dishonesty
Academic dishonesty refers to cheating, copying, plagiarizing, or otherwise representing the work of others as one’s own through verbal, written, graphic, electronic, or other means. Forms of academic dishonesty include, but are not limited to, the following:

- Looking at another student’s answers, or using a “cheat sheet” during a test; or, providing other students with the means to copy answers;
- Downloading material from an online source and representing it as one’s own without citing sources or crediting the author;
- Copying in any form another person’s computer program or software file and representing it as one’s own;
- Submitting work received through purchase or transfer as one’s own;
- Copying text in any form from a source, without proper citation, and submitting as one’s own;
- Falsifying, or attempting to alter, course grades, test grades, grade point averages, credits earned, or other confidential information about oneself or others;
- Acquiring and/or distributing tests, answers to tests, answer keys, class projects, research papers, reports, or school-owned materials through verbal, written, graphic, electronic, or other means;
- Using any web, app, or software-based answer or responder generator to complete coursework or answer assessment questions.

Students determined to have been academically dishonest are subject to disciplinary action. Depending on the severity of the offense, the number of offenses, the impact on other students and teachers, and/or the curriculum, students may lose credit for a project or test, lose class or course credit, be suspended pending a parent conference, or be recommended for expulsion.

Graduation Requirements
Students must complete a minimum of twenty (20) units of credit, including the following:

a. Four (4) units of English
b. Two (2) years of writing-intensive courses, one (1) of which must be English and the other of which may be English or any other subject. When applicable, writing-intensive courses may be counted towards the fulfillment of other graduation requirements.
c. Three (3) units of mathematics with at least one (1) course at the 300-level or higher. One (1) of the three (3) required units must be Algebra I, one (1) unit must include geometry content, and at least one (1) course must be at the 300-level or higher. (The superintendent may grant exceptions to the requirement of a 300-level course on a case-by-case basis)
d. Two (2) units of science
f. One (1) unit of American history
f. One (1) unit of social science survey or one-half (½) unit of economics and one-half (½) unit of government
g. One (1) unit of world language, art, music, or vocational education
h. One-half (½) unit of consumer education (or equivalent)
i. One-half (½) unit of health, ending with the Class of 2021
j. Wellness (incorporates physical education and health education), beginning with the Class of 2022
k. Physical education for each semester of attendance (or equivalent) after sophomore year, beginning with the Class of 2022; OR physical education for each semester of attendance (for the Classes of 2020, and 2021)
l. Thirty (30) hours of instruction in safety education (driver education classroom instruction). If determined by an Individualized Education Program (IEP), a student may be exempted and be allowed to participate in another curriculum that provides safety education.

Additional requirements:

a. Pass a qualifying examination on the state and federal constitution, Declaration of Independence, use of the American flag, and the Australian (secret ballot) method of voting.
b. Participate in the assessment testing system as established by the State of Illinois, except as excused by State regulations.

Graduation Requirements (continued on next page)
Graduation Requirements (continued)

c. Juniors and seniors participating in inter-scholastic athletic programs and enrolled in at least five (5) subjects will be eligible to be excused from taking physical education during their athletic season(s). Students excused under this provision will be assigned to study hall.

Certificate of Completion

A student who is eligible to receive special education services and who requires continued public school educational experience to facilitate his or her integration into society shall be eligible for such services through age 21. In such a case, the student may receive a Certificate of Completion after the student has completed four years of high school and the issuance of the diploma may be deferred so that the student will continue to be eligible to receive special education services. The student is encouraged to participate in the graduation ceremony with his or her high school class and may only participate in one graduation ceremony.

Early Graduation

Students who plan to graduate in less than four years must see their school counselor at least one semester in advance of graduation for clarification of graduation requirements.

Honor Roll

An honor roll is announced each semester. Students with an unweighted semester grade point average (GPA) of at least 3.0 but less than 3.5 are placed in the honors group. Students with an unweighted semester grade point average (GPA) of less than 3.0 are placed in the high honors group. Grade points are assigned as follows: A = 4 points, B = 3 points, C = 2 points, D = 1 point, and F = 0 points. Grades in physical education, driver education, and pass/fail classes are not assigned grade points and are not included in determining honor roll status. An incomplete grade will prevent a student from being placed on the honor roll.

Students taking accelerated and/or honors courses receive a weighted GPA boost each semester. The weighted GPA is used for college admissions and to determine academic scholar status. United States Constitution Test

State law requires that Illinois students pass a Constitution test as a graduation requirement.*

*The minimum score on the Constitution Test is set by the social studies faculty. For further information, contact the school’s social studies department chair or student services director.

Instructional Supplies/Textbook Rental Fee

Students must pay a $170 instructional material/textbook rental fee each year. Cost of the physical education uniform is not included. The fee must be paid before class schedules will be issued. Transfer students will pay a prorated portion of the fee at the time of enrollment. Students whose families face a financial hardship should call the principal to discuss special arrangements for paying fees.

Student-Teacher Meetings

A student is required to remain after school to discuss their performance or for individual instruction when a teacher thinks it is necessary. Such meetings may be necessary if a student is not working up to capacity, work is incomplete, the student is in danger of failing, or there is a need to discuss the student’s class performance and attitude. The teacher will give the student a day’s notice, and then the student can be excused only by an administrator. Failure to meet with the teacher may result in suspension from classes until the meeting is held.

In-Progress Grade Reports

At six and 12 weeks into each semester, in-progress grade reports are sent to parents. An in-progress grade report provides information about the student’s status in each course on the student’s current schedule. Parents are encouraged to contact teachers to discuss student progress. The student’s counselor also is available for consultation.

Course Credit

Students who drop a full-year course at the end of the first semester will receive one-half unit of credit if they are passing at the time. However, students are advised that one semester of a one-year course seldom meets college entrance requirements.

Credits transferred from another school must be earned for details on courses, prerequisites, and credits. This publication is given to students prior to freshman year and also is available in the Student Services Department and online at the District website at: https://adc.d211.org/Page/3718.

Promotion

Promotion depends solely on the acquisition of the requisite number of credits and the successful completion of any requirements as specified by the Illinois State Board of Education. These credits need to include credit in core academic subjects. A student’s
Promotion (continued)
class is determined by the following:
3.5 credits = sophomore
8.0 credits = junior
12.0 credits + completion of state testing requirement = senior
Students who fail to earn enough credits in a year to be promoted to the next class will meet with a school counselor to identify appropriate supportive services and develop a plan to address the credit deficit. Individualized program planning by the counselor to facilitate promotion includes, but is not limited to, additional course work during the school year, summer school classes, correspondence courses of study, evening school classes, and courses taken at other accredited institutions.

Career Programs
High School District 211 provides many opportunities for students to explore career possibilities. The Curriculum Guide outlines career programs offered at each school, as well as some off-campus sites. Students also may explore their interests through shadowing experiences, career treks, and guest speakers. Additional assistance is available from the career advisor at your school and at: http://www.d211careercluster.org.

All career programs are offered without regard to race, color, national origin, sex, sexual orientation, or disability. For further information, Josh Schumacher, assistant superintendent for curriculum & instruction, may be contacted at the G.A. McElroy Administration Center, 847-755-6616.

Illinois State Seal of Biliteracy
Students can earn the Illinois State Seal of Biliteracy by demonstrating high levels of proficiency in English and an additional language. Illinois public universities will accept the State Seal of Biliteracy as equivalent to 2 years of foreign language coursework taken during high school if a student’s high school transcript indicates that he or she received the State Seal of Biliteracy. Current languages available are Arabic, Chinese, French, German, Hebrew, Hindi, Italian, Korean, Japanese, Polish, Portuguese, Russian, Spanish, and Thai. For more information go to: https://adc.d211.org/Page/6681.

Test Makeup
Students who miss tests because of absence are responsible for making up this work as soon as possible. The teacher will set guidelines providing a reasonable amount of time to makeup tests after an absence. Tests will be on file in the test makeup room. The student should get a pass from the teacher and make up this work during non-class time. An after-school job does not excuse a student from completing examinations or required assignments. An I.D. card must be presented to make up tests.

Withdrawing from School
The procedure for withdrawing from school is:
• Obtain written parent approval
• Discuss reasons for leaving school with a counselor
• Follow checkout procedures as assigned by administrator
• Return to the registrar all property owned by the school, including but not limited to: textbooks, library books, school I.D. card, and school-assigned iPad
• Secure the signature of all required personnel on the check-out slip (Signatures indicate that all student obligations have been met, making the student eligible for a refund of book rental fees based on a prearranged schedule)

A student transferring to another school will have an official transcript of credits and disciplinary records mailed to the new high school when all obligations to High School District 211 have been met.

Summer School
Summer School is an academic enrichment program for students who desire or need additional learning opportunities. Most Summer School courses are for credit and count toward graduation, just as courses taken during the regular school year. A Summer School course catalog listing offerings is mailed to parents each spring and is also available online. Many students attend Summer School to take a wider range of courses, repeat a failed course or make up credit lost by failure, repeat a course for a higher grade (subject to Student Services Director approval), or to move into more advanced work. Summer School fees are determined by the Board of Education.

The same rules and regulations are in effect during summer school as during the regular school year. In addition, the following rules apply:
• Regular attendance is required. Students absent the first two days of school will not be admitted into class in that semester. Any student who accumulates three days of absence will forfeit credit and fees. Any tardy beyond one hour counts as an absence, and any two tardies less than one hour count as an absence. Truancy will result in loss of course credit.
• Because Summer School is a concentrated program, vacations should not be scheduled during the summer school period.
• Students who engage in possession or use of tobacco or controlled substances; are truant or excessively tardy; or commit acts of gross misconduct will be immediately dismissed from Summer School and will forfeit credit and fees. These behaviors may be considered relative to the previous school year’s behavioral expectations and terms.
• Attendance is mandatory on the last day of each semester when final examinations are scheduled. Students not in attendance will forfeit credit and fees. Final examinations will not be given early.
• Students may not wear hats or coats during school.

Work Permits
Attention Parents: There have been changes in the child labor laws regarding work permits issued to 14 and 15 year old students. To obtain a work permit, these students must have a current physical examination done within the last year. The application for a work permit must be signed by the parent or guardian at school in the Student Services Department.

Off-Campus Courses
Students who enroll in off-campus courses are subject to school regulations while attending and en route to and from these classes. Enrollment in these courses may commit students to attending on days other than those regularly scheduled in the District, to securing additional transportation, or to accepting other uncommon responsibilities.

Network Use for Students
District electronic technologies access is provided to students for specific educational purposes. Students are expected to use their assigned 1:1 iPad and other District electronic technologies to further the District’s educational mission, goals, and strategic direction. Students are expected to use the District’s electronic technologies to support classroom activities, educational research or professional enrichment and effectiveness. Use of the District’s assigned iPad and District electronic technologies is a privilege, not a right. Misuse of the District’s electronic technologies may lead to discipline of the offending employee or student. The District’s network, an educational technology, is a limited forum; the District may restrict participation for educational or safety reasons. Guidelines in the use of electronic technologies are outlined in the District 211 “Electronic Technologies Acceptable Use Agreement.”

(continued on next page)
Network Use for Students (continued)

Students have been provided with 1:1 iPad devices. In addition, computers are provided in specific locations throughout the school for a variety of student uses, including:

- School-related assignments
- Accessing school-approved apps, technologies, systems, and learning software
- Internet research
- Class-related and/or Athletics and Activity related information

Students understand:

- Electronic technologies are assets of the District and are protected from unauthorized access, modification, destruction or disclosure.
- The District reserves the right to monitor, read or copy any item on or using the District’s electronic technologies, including its network.
- Students will not vandalize, damage, disable or hack into any electronic technology or system used by the District.
- By authorizing use of the District’s electronic system or devices, including the electronic network, the District does not relinquish control over materials on, or connected to, the system or contained in files on the system or District-owned or operated devices. Users should not expect privacy in the contents of personal files on the District system or the assigned District iPad.
- Routine periodic maintenance and monitoring of electronic technologies, including the District network, may lead to a discovery that a user has violated this policy, another school District policy or the law.

Violations of these conditions, or others prescribed in the District 211 “Electronic Technologies Acceptable Use Agreement” or other student policies, may result in a referral to an administrator, suspension of computer, iPad, and/or network privileges, loss of credit, or other disciplinary action if deemed appropriate.

Internet Use Agreement

The proper use of the Internet and educational technologies and the educational value to be gained from proper usage is the joint responsibility of students, parents, and employees of the District. Students have access to Internet resources through the District’s wireless network, classrooms, media centers, District-provided electronic devices, District-issued iPads, and school computer labs. Access to the District’s wireless network can be found throughout each school and while on the school campus outside the school building. Students using social networking tools and curriculum content management software for a teacher’s assignment are required to keep personal information, as stated above out of their postings.

Students have access to a student email account issued by the District. Users of the network have no expectation or assurance of privacy for information transmitted or received via the network or contained in District-owned storage media, including but not limited to, electronic mail. The District reserves the right to search, examine, or copy at any time without cause or suspicion, the contents of District-owned storage, media, District-issued student email accounts, or data stored or accessed on the assigned electronic device(s). The “Electronic Technologies Acceptable Use Agreement” can be viewed online at: https://adc.d211.org/AcceptableUseAgreement.

Community Use of Schools

The Board of Education values the District’s partnership with charitable, municipal, civic, and church groups within the District and will work closely with such groups to accommodate requests to use the five high schools. Among the facilities available are classrooms, cafeteria, gymnasium, auditorium, swimming pool, and outdoor athletic practice facilities. Priorities for use include: school instructional programs, school extracurricular programs, Continuing Education programs, and community programs.

District custodial and related costs determine charges for use. Applications for use of the facilities are available from Matthew Hildebrand, director of administrative services, at 847-755-6626.

School-Community Relations

The District’s community relations office serves as a liaison between individuals and groups in the community and the school district. It is responsible for District publications as well as maintenance of the District’s website, adc.d211.org.

Parents and other residents may call Thomas Petersen, director of community relations, at 847-755-6631, with suggestions for improving communications between the schools and community.

For news information about District 211 and its schools, log on to the D211 Post, a news website featuring community stories, teacher and student profiles, photos, videos, and more. The D211 Post is accessible via the District 211 website or directly at: http://www.d211post.org.

Alternative High School Completion Programs

High School District 211 Diploma

Individuals 17 years of age or older who are no longer enrolled in high school may earn a regular High School District 211 diploma by completing a prescribed set of courses. Courses include evening classroom work. Students must present a withdrawal letter from their previous school in order to be eligible for the program. Educational counseling services are available. For more information, call the Continuing Education Office at 847-755-6820.

G.E.D. Certificate

Persons over 17 years of age whose high school education has been interrupted may obtain a high school equivalency certificate from the Illinois State Board of Education by passing the General Education Development Tests. The certificate is accepted for college entrance at some institutions. District 211 does not offer GED preparation classes, nor is it an approved GED testing site. GED preparation classes are available through Harper College and information about the GED can be obtained from a guidance counselor.
The following information describes the contents of Student Records plus procedures for inspecting, accessing, challenging, and maintaining the contents of the records.

**Definition of Student Records**

*Student Records* refer to any recorded information maintained by the district by which a student may be individually identified. Recorded information maintained by a staff member for his or her exclusive use, and not disclosed to any other person except temporary substitute, is not a part of the Student Records. Student Records consist of a Permanent Record and a Temporary Record.

The term "Parent" refers to the biological parent of the student, or other person who has the primary responsibility for the care and upbringing of the student. All rights afforded to a parent become exclusively those of the student for the care and upbringing of the student. All rights of a Permanent Record and a Temporary Record.

**Student Permanent Record**

The *Student Permanent Record* consists of:

1. Basic identifying information: student’s and parents’ names and addresses, student’s birth date and place, and gender.
2. Academic transcript, including grades, class rank*, graduation date, grade level achieved, state-sponsored student achievement exam scores, and college entrance exam scores.
3. Attendance record.
4. Accident reports and health record.
5. Record of release of Permanent Record information.

*Class rank was discontinued beginning with the class of 2013.

**Student Temporary Record**

The *Student Temporary Record* means all information in the Student Records but not in the Student Permanent Record. Examples of this information are family background, test results, participation in extracurricular activities, special education documents, discipline reports, reports from non-educational entities, and release of Temporary Record information.

**Access to Student Records**

No Student Record, or information in a Student Record, may be released except:

1. To a parent or person specifically designated as a representative by a parent.
2. To District or Illinois State Board of Education personnel with current demonstrable educational or administrative interest in the student, in furtherance of such interest.
3. To the official records custodian of another high school in which the student has enrolled or intends to enroll, upon the request of the records custodian.

**Inspection of Student Records**

1. A parent has the right to inspect, review, and copy their child’s Student Records, except:
   a. no person prohibited by an order of protection from access to Student Records, will be allowed access;
   b. communication otherwise protected by law as privileged or confidential shall be protected; and
   c. the confidentiality of information communicated by a student or parent in confidence to district personnel shall not be impaired.
2. Student Records will be made available to a parent within 15 school days from the time a written request is received by the official records custodian.
3. When a parent inspects the Student Records, a qualified staff member will be present to interpret the information contained in these records.
4. Copies of Student Records will be provided to a parent upon request. The cost for duplicating Student Records may be charged to the parents at the current rate established by the Board of Education. Fees must be paid upon receipt of copies. No parent or student shall be denied a copy of student records for inability to bear the cost of copying.
5. A non-custodial parent has the same rights as a custodial parent unless specifically denied by a court order. Either parent may be asked to provide documentation regarding his or her legal access to student records.

**Release of Information to Military Recruiters**

Under the Federal Every Student Succeeds Act, school districts must provide access to high school students’
names, addresses, telephone listings, and email addresses when requested by military recruiters. A student or his or her parent or legal guardian may request that his or her individual information not be released to military recruiters. To have this information withheld, the student or parent or legal guardian must submit a written request to the student services director’s office.

No person may condition the granting or withholding of any right, privilege or benefits — or make as a condition of employment, credit or insurance — the securing by any individual of any information from a Student Temporary Record which the individual may obtain through the exercise of any right under Illinois law.

Amendment and Challenge Procedures

1. A parent has the right to request an amendment concerning, or a hearing to challenge, the accuracy, relevance or propriety of any entry in his or her child’s Student Records, exclusive of grades. If the challenge is being made at the time the student’s school records are being forwarded to another school to which the student is transferring, parents shall not have the right to challenge references to expulsions or out-of-school suspensions.

2. The request must be made in writing to the school’s registrar and must state the specific entry or entries requested to be amended or challenged, and the basis of the proposed amendment or challenge.

3. The registrar and an administrator will conduct an informal conference with the parent within 15 school days of the receipt of the request.

4. If the request is not resolved by the informal conference, formal procedures shall be initiated in accordance with the Illinois Administrative Code governing student records challenge procedures, 23I.A.C. 375.90.

5. A parent has the right to insert in the Student Records a statement declaring the parent’s position on any disputed information in a record. The District will include a copy of the statement in any subsequent dissemination of the information in dispute.

6. A parent has a right to file a complaint with the United States Department of Education concerning alleged failures by the district to comply with federal law on Student Records. Complaints should be directed to:

[family policy compliance office information]

Maintenance of School Records

1. The Student Permanent Record is maintained for 60 years after the student transfers, graduates, or permanently withdraws from school. This record is destroyed after the 60-year period.

2. The Student Temporary Record is maintained for five years after the student transfers, graduates, or permanently withdraws from school. The record is destroyed shortly after the five-year period, typically within six months. Exercise of the right to copy student records before destruction must be made, in writing, to the records custodian within 30 days after the end of the five-year period.

3. A parent or individual student has a right, upon written request, to copies of the Student Permanent and Temporary Records any time before the destruction of, or deletion from, these records. The records may be needed by the student or the parent for social security benefits or other purposes.

Eligibility Rules

When you become a member of an interscholastic team at your high school, you will find that both your school and the IHSA will have rules you must follow in order to be eligible for interscholastic participation. The IHSA’s rules have been adopted by the high schools which are members of IHSA as part of the Association’s constitution and by-laws. They must be followed as minimum standards for all interscholastic athletic competition in any member high school. Your high school may have additional requirements, but they may not be less stringent than these statewide minimums.

The principal/official representative of your school is responsible to see that only eligible students represent the school in interscholastic competition. Any question concerning your eligibility should be referred to your principal/official representative, who has a complete copy of all IHSA eligibility rules, including the Association’s due process procedure. Only the IHSA Executive Director is authorized to make formal rulings on eligibility, so if your principal/official representative has questions or wishes assistance in answering your questions, the principal/official representative should contact the IHSA Office.

Information contained here highlights some of the most important features of the IHSA by-laws regarding interscholastic eligibility. It is designed to make you aware of major requirements you must meet to be eligible to compete in interscholastic competition. The information here is only a general description of major by-law provisions and does not contain the statement of the by-laws in their entirety. You can review the by-laws at http://www.ihsa.org.

You may lose eligibility for interscholastic competition if you are not in compliance with IHSA by-laws. Remember, if you have any questions regarding IHSA rules, please contact your principal/official representative.

1. Attendance

A. You may represent only the school you attend. Participation on a cooperative team of which your school is a member is acceptable.
B. You must be enrolled and attending classes in your high school no later than the beginning of the 11th school day of the semester.
C. If you attend school for ten (10) or more days during any one semester, it will count as one of the eight (8) semesters of high school attendance during which you may possibly have eligibility.
D. If you have a lapse in school connection for ten (10) or more consecutive school days during a semester, you are subject to ineligibility for the rest of the semester. The specific terms of your extended absence must be reviewed by the Executive Director to determine if it is “lapse in school connection” or not.

2. Scholastic Standing

A. You must pass twenty-five (25) credit hours of high school work per week. Generally, twenty-five (25) credit hours is the equivalent of five (5) .5 credit courses (2.5 full credits).
B. You must have passed and received credit towards graduation for twenty-five (25) credit hours of high school work for the entire previous semester to be eligible at all during the ensuing semester.

3. Residence

Your eligibility is dependent on the location of the residence where you live full-time with your parents, parent who has been assigned custody by the court, or court-appointed legal guardian.

You may be eligible if you are entering high school as a freshman and:
A. You attend the public high school in the district in which you live full-time with both of your parents, custodial parent, or court-appointed guardian, or
B. In the case of a multiple school district, you attend the public high school in the attendance area where you live full-time with your parents, custodial parent or court-appointed guardian, or
C. You have paid tuition to attend a public school for a minimum of 7th and 8th grades in a district other than the one where you live with your parents, custodial parent, or court-appointed guardian, and you continue to pay tuition as a high school student in that same district; or
D. You attend a private/parochial school located within the boundaries of the public school district where you live with your parents, custodial parent, or court-appointed guardian; or
E. You attend a private/parochial high school and have attended a private/parochial school for 7th and 8th grades, or for any four (4) grades from kindergarten through 8th grades; or
F. You attend the private/parochial high school which one or both of your parents attended; or
G. You attend a private/parochial high school located within a thirty (30) mile radius of the residence where you live with your parents, custodial parent, or court-appointed guardian.

4. Transfer

A. In all transfer cases, both the principal of the school from which you transfer and the principal of the school into which you transfer must concur with the transfer in writing on a form provided by the IHSA Office. You cannot be eligible when you transfer until this form is fully executed and on file in the school office.
B. If you transfer after classes begin for the current school term, you will definitely be ineligible for thirty (30) days from the date you start attending classes at the new high school. In addition, you will be ineligible for that entire school term in any sport in which you engaged in any team activity, including but not limited to tryouts, drills, physical practice sessions, team meetings, playing in a contest, etc. at the school from which you transferred. For example, if you were out for cross country at the school from which you transfer and transfer after the IHSA sport season has begun, you will be ineligible for cross country that entire school term at the new school.
C. If you transfer attendance from one high school to another high school, you will be ineligible unless:
1. Your transfer is in conjunction with a change in residence by both you and your parents, custodial parent, or court-appointed legal guardian; or
2. Your transfer is between high schools within a public school district and both you and your parents, custodial parent, or court-appointed legal guardian change residence to the district attendance area for the school to which you transfer;
3. Your parents are divorced or legally separated; you transfer to a new school in conjunction with a modification or other change in legal custody between your parents by action of a judge; and required court documents are on file at the school into which you transfer;
D. If you transfer in conjunction with a change in legal guardianship, a ruling on your eligibility must be obtained from the IHSA Office.
E. If you transfer attendance from one school to another while you are ineligible for any reason, the period of ineligibility imposed prior to your transfer or the period of ineligibility that would have been imposed had you stayed at the school, will be enforced at the school to which you transfer, even if you are otherwise in compliance with the by-laws.
F. Any questions about your eligibility in any of these instances must be resolved by a formal ruling from the IHSA Executive Director.
G. In all other transfer situations, a ruling by the IHSA Executive Director is necessary to determine your eligibility. This ruling must be obtained in writing by (continued on next page)
4. Transfer (continued)

the principal/official representative of the school into which you transfer before you participate in an interscholastic athletic contest.
F. Any questions about your eligibility in any of these instances must be resolved by a formal ruling from the IHSA Executive Director.
G. In all other transfer situations, a ruling by the IHSA Executive Director is necessary to determine your eligibility. This ruling must be obtained in writing by the principal/official representative of the school into which you transfer before you participate in an interscholastic athletic contest.

5. Age

You will become ineligible on the date you become twenty (20) years of age, unless your twentieth (20th) birthday occurs during a sport season. In that case, you will become ineligible in regard to age at the beginning of the sport season during which your twentieth (20th) birthday occurs.

6. Physical Examination

You must have placed on file with your principal/official representative a certificate of physical fitness, signed by a licensed physician, physician’s assistant, or nurse practitioner in order to practice or participate. Your physical examination is good for 395 days from the date of the exam. The physician’s report must be on file with your high school principal/official representative.

7. Amateur Status

A. If you win or place in actual competition, you may accept a medal or trophy for that accomplishment, without limit to its cost. Your school may provide IHSA state champions with championship rings/mementos.
B. For participating in competition in an interscholastic sport, or for athletic honors or recognition in a sport, you may receive any type of award (except cash, check, or legal tender) that does not exceed $75 fair market value. There is no limitation on the value of your school letter.
C. The amateur rule does not prohibit you from being paid to referee, receiving pay for teaching lessons, or coaching in a little kids league, etc. It only applies to your own competition in an athletic contest.
D. If you violate the amateur rule, you become ineligible in the sport in which you violate. You must be reinstated by the IHSA Executive Director before you may compete again.

8. Recruiting of Athletes

A. The by-laws prohibit recruiting of high school students for athletics. If you are solicited to enroll in or transfer to a school to participate in athletics, you are being illegally recruited and your eligibility is in jeopardy.
B. You will lose your eligibility if you enroll in or transfer to a school in response to recruiting efforts by any person or group of persons, connected with or not connected with the school, related to athletic participation.
C. You will lose your eligibility if you receive special benefits or privileges as a prospective student-athlete which are not uniformly made available to all students who attend your school.
D. You may not receive an “athletic scholarship” or any other special benefit from your school because you participate in athletics.
E. It is a violation for any student-athlete to receive or be offered remuneration or any special inducement which is not made available to all applicants who apply to or enroll in the school.
F. It is also a violation to induce or attempt to induce or encourage any prospective student to attend any member school for the purpose of participating in athletics, even when special remuneration or inducement is not given. Please remember that you may not be offered or receive any benefit, service, privilege, or opportunity which is not also provided or made available to all prospective students at that school.

Note: If you are interested in finding out more information about a school, contact the principal/official representative or an administrator at the school, not a member of the coaching staff.

9. School Team Sports Seasons

A. Each sport conducted by IHSA member schools has a starting and ending date. Your school may not organize a team, begin practice, or participate in contests in a given sport until the authorized starting date. Your school may not continue to practice or participate in contests after the authorized ending date. This means that:

1. During the school year, you may not participate on a non-school team coached by any member of your school’s coaching staff unless it meets specific criteria established by the by-laws.
2. No school coach may require you to participate in an out-of-season sport program as a requirement for being a member of a school team.
3. Violation of the sport season by-laws will result in penalty to you and/or to your school’s coaching personnel.

10. Playing in Non-School Competition

A. During the time you are participating on a school team in a sport at your high school, you may neither play on a non-school team nor compete in non-school competition as an individual in that same sport or in any skill of that sport.

B. If you participate in non-school competition during a sport season and subsequently wish to join the school team in the same sport, you will not be eligible.
C. If you wish to participate in a competition sanctioned by the National Governing Body, or its official Illinois affiliate for the sport, your principal/official representative must request approval in writing from the IHSA Office prior to any such participation.
D. You may try out for a non-school team while you are on your school’s team in that same sport, but you may not practice, receive instruction, participate in workouts, or participate in competition with a non-school team in that same sport until you cease being a member of your school’s team. You cease being a member of your school’s team when the team(s) of which you are a member terminates for the school term.
E. You will become ineligible if you participate on, practice with, or compete against any junior college, college, or university team during your high school career.

11. All-Star Participation

A. After you have completed your high school eligibility in the sport of football, basketball, soccer, or volleyball, you may participate in three (3) all-star contests in any of these sports and still play for other school teams; provided the high school season in that sport has been completed. You may lose your eligibility for other interscholastic sports if you play in all-star competition in any of these sports under any other conditions.
B. You are not restricted from participating in all-star competition in sports other than football, basketball, soccer, or volleyball, except that you may not do so during the school season for the sport.

12. Misbehavior During Contests

A. If you violate the ethics of competition or the principles of good sportsmanship, you may be barred from interscholastic athletic contests, either as a participant or spectator or both.
B. If you are ejected from a contest for unsportsmanlike conduct, you will be ineligible for your team’s next contest. You are also subject to other penalties.
