## Our Best Advice for Surviving Finals (in One Piece)

1. Fuel your body and brain - get a good night's sleep beforehand and eat a healthy breakfast that morning.
2. Take your time - don't rush and make mistakes. Make sure to read the directions and each question completely so you make sure you understand.
3. Think of something unrelated and happy before the test for 30 seconds to relax you - Studies show that even 30 seconds can help relieve stress and improve test scores!
