Social Media: A Qualified News Source?

Recent studies have shown that 86% of Gen Z get their news from social media platforms, with Instagram and TikTok coming out on top. Even 33% of adults admit to getting their news from social media outlets such as Facebook or Twitter. We here at the library offer other options. Our Flipster app has free news magazines to keep you up to date with current events. Lastly, our online research databases can help you access current resources such as newspapers, professional journals, videos, etc. to strengthen your research.
