Re-Organization of Assistant Principals

Mr. Rosenblum made a motion, seconded by Ms. Cavill, that the Board of Education recognize the reorganizing of the current assistant principal positions as described above.

Superintendent Small made the following comments on Re-Organization of Assistant Principals.

“At the June 2024 Board of Education meeting, the Board approved a District 211 Administration Compensation and Benefit Package in an effort to enhance the ability of District 211 to recruit and maintain administrators, clarify current benefits, and add additional benefits. One of the next steps presented at that time to the Board was to review and then recommend structural changes to the assistant principals including the potential of restructuring the 10-month assistant principal position to a 12-month assistant principal position. There are currently three levels of assistant principal positions at the school level. The Board agenda write-up details the changes for reorganization of all three current levels including the elevation of the buildings and grounds assistant principals to associate principals; restructure all 10-month assistant principals to 12-month assistant principals; and allow the principal to designate one lead interventionist and summer school principal among the 12-month assistant principals. The change of the position from 10-month to 12-month significantly increases the number of applicants that may consider the position from both in-district and out-of-district personnel. For example, current teachers who may also be involved in extracurriculars and are interested in becoming an administrator typically have to be hired in administration well before ten years of teaching experience to consider a comparable salary. The shift in the assistant principal to a 12-month position with vacation time increases the starting pay of entry-level administrators and allows the range of experienced teachers who would see this as a monetary promotion to almost double. These individual positions and their individual salaries would be brought forth to the Board of Education annually for approval prior to each July 1.”
