

TWO IMPORTANT ACCOUNTS FOR PARENTS

Infinite Campus

24/7 Report Card and School Records
<https://campus.d211.org/campus/portal/township.jsp>

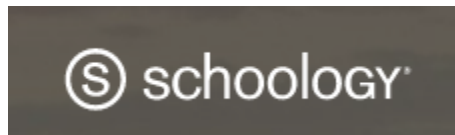

Infinite Campus Portal

Infinite Campus is the Student Information System. It is where you can find report cards and progress reports, attendance information, teacher contact information, standardized test scores, health requirements, transportation information, and college and career information. This is also where you will register your students for classes and extra-curriculars, as well as add payments for lunch and other fees.

Schoology

Digital Backpack and Folders for Your Student
<https://www.schoology.com/>

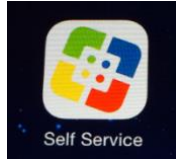

Schoology is the Learning Management System. It is where you can find specific assignments and course information for classes. Often teachers will have digital handouts and directions on Schoology, and could even have discussions, quizzes, and links to other sites. Coaches and Activity Sponsors often use Schoology to give extra information about extra-curricular activities. You will receive your login from your student's school in August 2021.

How can I best stay in touch with my student's teachers?

- Email
 - Keep your address up-to-date in Infinite Campus
 - Email your teachers if you have questions or concerns
- Phone Call
 - All teachers have voicemail available
- Check Infinite Campus and Schoology
 - Many teachers give more information and can be contacted through these two programs

ACCESSING APPS THE SCHOOL PROVIDES

- The app store is not available for students
- Instead, they go to the Self Service Portal App to choose from apps requested by teachers, coaches, and sponsors.
- Any apps that are available to them will be in the library.
- They then click the app they would like to download.

iPad Distribution takes place during select summer school courses, Freshmen Orientation Sessions, and Freshmen Welcome Day. Dates and times will be communicated on the PHS web site.

WHAT TO DO IF . . .

It is LOST / STOLEN / BROKEN or your students have any OTHER PROBLEMS

- Go to the Technology Center as soon as possible.

It is NOT CHARGED

- Go to the Technology Center to leave it there to be charged.

There is an APP the TEACHER would like them to have that is NOT IN their Self Service Portal

- Their teacher needs to request the app through the Technology Team.

They FORGET their iPad and need it for class

- Go to the Technology Center to check out a loaner iPad. A limited number of loaners are available each day. Students should bring their iPad **charged** and ready to use each and every school day.

Commonly Used Apps

- * Notability
- * Schoolology
- * Google Drive
- * Campus Portal (Infinite Campus)
- * Exam Login

Digital Responsibility Course

During freshmen year, your child will be enrolled in, and encouraged to complete an online Digital Responsibility course.

Academic Focus

The school issued iPad has settings on it to help them keep focused to academic activities. If you have questions about iPad restrictions, please contact your student's administrator.

REMEMBER:

BUY

iPAD PROTECTION PLAN

The cost for a calendar year of iPad protection is \$25.
Be sure to purchase coverage for the 2021-2022 school year when you register your child for school.
