Dear Parents and Guardians of the Class of 2022,

Excitement about graduation is building as seniors approach the end of their high school careers. Consistent with past years, District 211 is providing graduating seniors the opportunity to purchase their currently possessed school-assigned iPad.

Details:

- **Who is eligible to purchase:** Seniors must be in good standing relative to graduation requirements and all outstanding school obligations must be satisfied.
- **What iPad will they be purchasing:** Students may purchase their currently possessed school-assigned iPad 32GB.
- **Cost:** \$100
- **What is included in the purchase:** The purchase includes the iPad, case, lightning cable, and charging block. Lost/damaged cases or accessories will not be replaced.
- **What is the deadline for purchase:** Payments must be made in-full no later than May 6, 2022. **No purchases will be accepted after May 6, 2022.**
- **How can purchases be made:** Payments can be made using your *MySchoolBucks* account. *Information about creating a MySchoolBucks account can be found on the District 211 website at <https://adc.d211.org/Page/7743>.*

What happens when the iPad is purchased?

- Upon receipt of payment, all District-owned apps and licenses will be staged for return to District ownership.
- District-owned apps and licenses will be removed from the iPad on the date of graduation or May 27, 2022.
- Once District-owned apps and licenses have been removed, District 211 relinquishes all responsibility for the purchased iPad and its accessories. Additionally, coverage under D211's iPad Protection Plan and technological support for the device ends.
- To prepare for the purchase, it is recommended that students back up the iPad and data to a personal Google Drive or another personal online storage service. Best practices for protecting data will be provided via Schoology in May.

What if a student doesn't want to purchase the iPad?

All graduates who choose not purchase their iPad will be required to turn in the device and all accessories in May for inspection of the iPad's physical status, cable, charging block, and case. Specific inspection dates will be announced later this semester. For devices covered under the District 211's optional iPad Protection Plan, Repair/replacement costs will be limited to program deductibles. Student iPads that are not covered under the District 211 iPad Protection Plan will be assessed replacement cost as described below:

iPad Non-Protection Plan Repair and Replacement Costs

- iPad – 32GB: \$329 for lost / stolen devices or \$199 flat rate repair cost

Students electing not to purchase their school-assigned iPad will retain possession of the device until the school's scheduled device collection date in May. Students will have access to their school-provided email account, Google Drive account, and school-server storage drive until September 30, 2022.

Access to these resources will be terminated without recourse after that date.

Please contact your school's technology department if you have questions about purchase options or repair costs.
