Dear Parents and Students:

Township High School District 211 will hold its annual **First-Generation College Symposium** virtually on September 30. This event is designed to help parents whose students will be the first in their family to attend college; however, it is open to all District families. This year's event will include video presentations and live panels discussing topics ranging from financial aid and grade levels to benefits of different types of colleges. Videos and panels will be available in both English and Spanish. Representatives from District 211 schools, Harper College, Elmhurst College, Monmouth College, Southern Illinois University, Michigan State University, and the Illinois Student Assistance Commission will be participating in various interactive question and answer panels. Parents and students are able to preview the video presentations before the event for an opportunity to prepare questions for the panels on September 30. Videos are currently available on the District 211 website [here](#).

The Virtual First-Generation College Symposium will begin at 7:00 p.m. A link to the event also will be available on the District website [here](#).

Sincerely,

Fred Rasmussen
Palatine High School
Student Services Director
