211 What is the Police Consultant Program?

A school police consultant, who is a police officer with the local police department, is assigned to each school. The police consultant's duties include counseling students who have violated the law and conducting classroom lectures on law, good citizenship, safety, and drugs and alcohol. The police consultant also is available to talk with parents of students who have experienced difficulty with the law. In addition, the police consultant handles police matters which occur at the school. Students who experience thefts, vandalism or related problems at the school should notify the police consultant.

High School District 211 began the police consultant program in 1969. The program was instituted by the Board of Education in cooperation with local law enforcement and village agencies to fulfill the following needs:

- Maintain a more personal relationship between law enforcement agents and high school students;
- Assist school administrators and staff in maintaining a safe and secure learning environment and protect students, staff, and the school from law violations;
- Serve as a liaison between the school and local law enforcement and emergency response agencies;
- Deal effectively with juvenile offenses;
- Improve the relationship between law enforcement agents and teenagers;
- Help prepare educational programs concerning social problems in which law violations are involved.

211 How your Police Consultant can help...

Students, parents and staff members are encouraged to take advantage of the services offered by the school police consultant. The police consultant serves students and staff members in a variety of ways:

- Serves as a counselor for students involved in law violations;
- Is available for classroom lectures and discussions on law, law enforcement, safety and good citizenship;
- Serves as a resource for drug and alcohol issues;
- Is available to work with parents on student runaway problems;
- Helps the school administration solve theft problems;
- Assists with truancy issues;
- Represents the school in court action involving students;
- Supervises school parking lots;
- Serves as a crowd and vehicle control officer at special school events;
- Refers school discipline matters to the school administration.

All Police Consultants are
State Certified Youth Officers.
