Hoffman Estates,
James B. Conant,
and Schaumburg
High School students

TOWNSHIP HIGH SCHOOL DISTRICT 211

UNITED STATES DEPARTMENT OF EDUCATION BLUE RIBBON SCHOOLS OF EXCELLENCE

Building Quality Homes for Over 35 Years

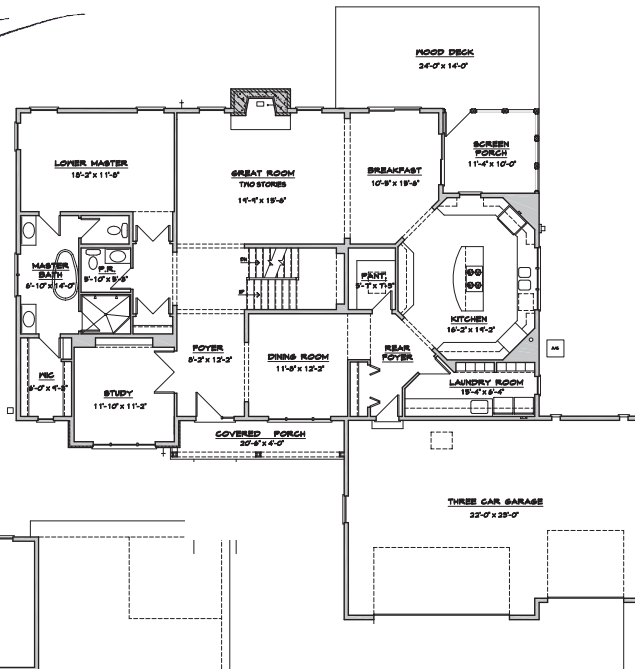

Township High School District 211 takes pride in its tradition of providing a wide range of educational opportunities for its students. For over 35 years, the Building Construction program has made it possible for students to help produce quality houses. Since the program's beginning, more than 100 houses have been added to our communities.

Our district has high standards of excellence. As you walk through this house, I hope you observe the quality work that our students and teachers put into this project.

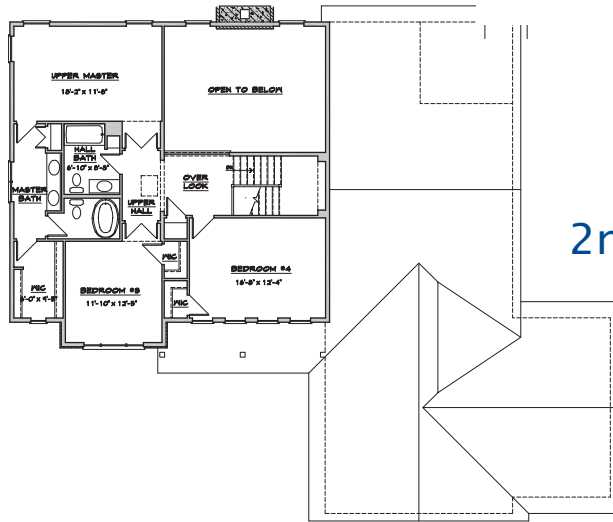

Daniel E. Cates
Superintendent
Township High School
District 211

1st Floor

2nd Floor

Congratulations to Karri Bozeman (2016 graduate) who designed this home through the CAD program while at Conant High School. She is now attending LeCordon Bleu Culinary School.

Students on the job

The Building Construction Program provides hands-on experience for students who want to learn more about the construction industry. For the past two years, students from Hoffman Estates, Conant, and Schaumburg High Schools have been building this 3,400-square foot house. They've learned how to read and interpret blueprints, build walls, install rafters; cut, hang, and tape drywall; measure and install ceramic and hardwood flooring; install windows, doors, cabinets, and siding; paint walls and stain trim work; and construct an exterior deck.

With all of the hard work, teamwork, and dedication from students, we have created a beautiful two-story residential house which sits on an acre-and-a-quarter lot. We're extremely proud of our students. The building process was rewarding and fun. Students will have memories that will last a lifetime. We would like to thank all the students, parents, teachers, staff members, and administrators who helped throughout this process.

Todd Stennett, *Building Construction Teacher*
and Blake Raffaelli, *Teacher Assistant*
